**COMPANY NAME**

The following should be recognized as **Addendum No. 1** to the **RFP No. 23-909-027** for Job Order Contracting Services In the State of Florida dated **August 11, 2022**, and due **September 15, 2022**.

**PLEASE NOTE THE FOLLOWING:**

Header in Section 2, pages 1 -51, is wrong. The Header currently reads, Section Three: Bid Submission and Required Forms and should read, Section Two: Bid Submission and Required Forms.

**THE FOLLOWING QUESTIONS AND ANSWERES ARE FOR INFORMATION PURCOSES ONLY:**

1. Are Bid Bonds required to bid on this opportunity?
  - **Answer:** No, Bid Bonds are not required to bid on this opportunity?
  
2. Verify we are to submit a hard copy and flash drive for all the regions we pursue.
  - **Answer:** Yes, we need you to submit a hard copy and a flash drive containing electronic copies of your submission. All the information can be copied on one flash drive if you are able. Flash Drive must be labeled with Bid Number and Company Name.
  
3. There are 8 separate GC contract numbers in region 1. Do you need to submit on all the contracts in order to receive a possible award in the region? How will the awards be distributed?
  - **Answer:** Yes, you will need to submit bid forms 1 and 2 for all separate contract opportunities within the region(s) to be considered for award. Awards are based on the lowest, responsive, responsible bidder based on the Combined Adjustment Factor. No bidder will be awarded more than on same scope contract within a Geographic Region. In the event a bidder submits the lowest bid on more than one Solicitation,

Pinellas County Schools may determine which contract will be awarded based on the combination of bids resulting in the lowest overall cost.

4. Is there an opportunity to adjust our Adjustment Factors at any time during the entire 5 years (including renewals) or do we need to figure this risk into our Adjustment Factor?
  - **Answer:** The Adjustment Factors submitted with the Contractor's Proposal shall be used for the full term of the Contract. On the anniversary of this contract (i.e. January 1, 2023 and each January 1st thereafter during the term) a new Construction Task Catalog will be furnished to address the escalation or de-escalation of costs of materials and services.
5. Is there a historical data of the number of projects between certain dollar values that may be run through this contract to help set an appropriate adjustment factor based on anticipated project sizes?
  - **Answer:** We have applied an estimated value of this contract at approximately \$10,000,000 annually, excluding renewal options. This is only an estimate and the actual amount could vary up or down.
6. Are we allowed to reject invitations of certain project sizes to match our set Adjustment Factors or must we accept all invitations and submit price proposals?
  - **Answer:** Acceptance of invitations and submission of price proposals is a business decision for the contractor. Through this program contractors are not required to accept all invitations that may come forward.
7. There is an inconsistency with the bid opening Room - A308 or A318.
  - **Answer:** The Bid Opening Room is A308.
8. Is there a published attendance list from the recent virtual pre-bid and will notes from that meeting be provided?
  - **Answer:** There is not an attendance list available since the meeting was non-mandatory. The link to the meeting recording is:  
<https://gordian.zoom.us/rec/share/o3MBaxYAWYORG4GjDNaYlaqxEnfg3bmjvakqiPGg5OUW923GEP80aWiu78yUor2J.PC1lpCfPZKIFUrRX>
9. In addition to the Trades listed in the Regional Tables for General Construction, Electrical Construction, Plumbing Construction, Asphalt Paving/Concrete Construction, Civil Construction will trades which are typically represented in the Gordian CTC for Roofing/Waterproofing and HVAC Construction be added to the list or are they assumed to be included under one of the trades listed and if so, which would they apply too?
  - **Answer:** Additional Trades will not be added to this solicitation. Complete Roofing/Waterproofing and HVAC construction is covered in all of the CTC's giving the ability for each trade awarded to use line items from those sections of the CTC to complete any scope of work. Major Roofing/Waterproofing and HVAC Construction would typically be covered through the General Construction Contracts for this solicitation.
10. Can you please explain this verbiage in greater detail, as it regards to proposal or purchase orders on this project? Is this to mean that if a purchase order of \$10,000 is issued under the

contract, the contractor is required to issue a \$750 payment to the Gordian Group? Please clarify.

*“9. FEES*

*The Bidder must include an Administrative Fee in calculating the Proposer’s Adjustment Factors. The Administrative Fee will be calculated at the rate of 7.5% of the total Purchase Order Price.*

*The Administrative Fee will be remitted by the Contractor to the designated Gordian contract administrator, within thirty (30) days of the submission of an invoice to a Participating Public Agency by Contractor. The Contractor will be assessed a one percent (1%) per month late fee for any Administrative Fees not paid by the due date set forth herein.”*

- **Answer:** Yes, if a purchase order of \$10,000 is issued under the contract, the contractor is required to issue a \$750 payment to the Gordian Group. Bidders must include the administrative fee in their responding adjustment factors. This ensures the administrative fee is included in the final work order price. Once the project is completed Gordian then invoices the contractor for the administrative fee due.

**NOTE:** Any questions pertaining to this addendum should be submitted in writing to:

For bids solicited by the purchasing department, the notice must be filed with the director of purchasing. For bids solicited by the facilities department, the notice must be filed with the director of facilities.*

1. Any person who is adversely affected by the District decision or intended decision shall file with the Director of Purchasing a notice of protest in writing within 72 hours after the posting of the bid tabulation or after receipt of the notice of the District decision or intended decision and shall file a formal written protest within 10 days after filing the notice of protest. With respect to a protest of the specifications contained in an invitation to bid or in a request for proposals, the notice of protest shall be filed in writing within 72 hours after the receipt of notice of the project plans and specifications or intended project plans and specifications in an invitation to bid or request for proposals, and the formal written protest shall be filed within 10 days after the date the notice of protest is filed. Failure to file a notice of protest or failure to file a formal written protest shall constitute a waiver of proceedings under this chapter. The formal written protest shall state with particularity the facts and law upon which the protest is based. Saturdays, Sundays, and legal holidays shall be excluded in the computation of the 72-hour time periods provided by this paragraph.
2. Any person who files an action protesting a decision or intended decision pertaining to a bid pursuant to FS 120.57(3)(b), shall post at the time of filing the formal written protest, a bond payable to the Pinellas County School District in an amount equal to 1 percent (1%) of the total estimated contract value, but not less than \$500 nor more than \$5,000, which bond shall be conditioned upon the payment of all costs which may be adjudged against the protester in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding. In lieu of a bond, a cashier's check, certified bank check, bank certified company check, money order or U.S. currency will be acceptable form of security. If, after completion of the administrative hearing process and any appellate court proceedings, the District prevails, it shall recover all costs and charges which shall be included in the final order or judgment, including charges made by the Division of Administrative Hearings, but excluding attorney's fees. Upon payment of such costs and charges by the protester, the protest security shall be returned. If the protester prevails, he or she shall recover from the District all costs and charges which shall be included in the final order of judgment, excluding attorney's fees.
3. Upon receipt of the formal written protest and protest bond which has been timely filed, the District shall stop the bid solicitation process or the contract award process until the subject of the protest is resolved by final District action, unless the Superintendent sets forth in writing particular facts and circumstances which require the continuance of the bid solicitation process or the contract award process without delay in order to avoid an immediate and serious danger to the public health, safety, or welfare.
4.
  - a) The District shall provide an opportunity to resolve the protest by mutual agreement between the parties within 7 days, excluding Saturdays, Sundays, and legal holidays, after receipt of a formal written protest.
  - b) If the subject of a protest is not resolved by mutual agreement within 7 days, excluding Saturdays, Sundays, and legal holidays, after receipt of the formal written protest, and if there is no disputed issue of material fact, an informal proceeding shall be conducted pursuant to 120.57(2) FS and applicable District rules before a person whose qualifications have been prescribed by rules of the District.
  - c) If the subject of a protest is not resolved by mutual agreement within 7 days, excluding Saturdays, Sundays, and legal holidays, after receipt of the formal written protest, and if there is a disputed issue of material fact, the District shall refer the protest to the Division of Administrative Hearings for proceedings under 120.57(1) FS.

Each party shall be allowed 10 days in which to submit written exceptions to the recommended order. A final order shall be entered by the District within 30 days of the entry of a recommended order. The provisions of this paragraph may be waived upon stipulation by all parties.
6. In a competitive-procurement protest, no submissions made after the bid or proposal opening amending or supplementing the bid or proposal shall be considered. Unless otherwise provided by statute, the burden of proof shall rest with the party protesting the proposed District action. In a competitive-procurement protest, other than a rejection of all bids, the administrative law judge shall conduct a de novo proceeding to determine whether the District's proposed action is contrary to the District's governing statutes, the District's rules or policies, or the bid or proposal specifications. The standard of

### Section Three: Bid Submission and Required Forms | Performance, Capability, Qualification and Experience Forms

proof for such proceedings shall be whether the proposed District action was clearly erroneous, contrary to competition, arbitrary, or capricious. In any bid-protest proceeding contesting an intended District action to reject all bids, the standard of review by an administrative law judge shall be whether the District's intended action is illegal, arbitrary, dishonest, or fraudulent.

Advanced Roofing (ARI) markets aggressively in the Public Sector and currently supports several OMNIA Partner contracts. The addition of the OMNIA/Gordian Job-order-contract will provide us with the procurement tools needed to increase our public profile offering in the National Cooperative Procurement market. Our Marketing and Branding Departments will promote our new contract through social media platforms, email blast highlighting our award of this contract and will include award / OMNIA logo identifications on new marketing materials and brochures. In addition, ARI has a dedicated Director of Government Services, whose sole role is to market and sell to Governmental Agencies. Our Director of Government Services will also train ARI Sales and Marketing teams on the benefits of this contract to our clients and future government opportunities. Our Director of Government Services will also meet with and train secondary sales support entities on the value of this contract to their potential government clients.

Advanced Roofing is a multi-faceted company with several construction disciplines and divisions to support our business growth and to benefit our clients. Those include: General Contracting, Commercial Roofing, 7 Roofing Service Branches, HVAC, Lightning Protection and Solar (Advanced Green Technologies – AGT). Our government sector business sees the value of having a single-source contractor when it comes to accounts payable, project management and warranty coverage. These are a few of the ways we differ from our competition.

With solar being a big part of our business model moving into the next decade of our business, ARI/AGT are leading the industry through example by installing solar arrays at each of our production divisions and by investing in EV / charging stations at our Corporate Headquarters.

In terms of roofing, ARI embraces new technologies to maximize our clients' initial investments in their roofing assets while reducing our clients carbon footprint by encouraging restorations or retrofits of existing assets following moisture surveying and testing. This will not only reduce cost but it will reduce landfill waste while offering long term solutions to meet their goals.

### SUPERVISORY & STAFFING CAPABILITIES

Advanced Roofing, Inc.'s methodology and approach is unique in its structure because our set up is based on 38 years of real-life experience within the roofing industry.

We have the capacity of tailoring our system to the needs of the project regardless of the size and contract requirements. Pre-job planning, documentation and communication are key to our operations.

To execute the project in a timely, cost-effective and quality manner, we invest quality time with our full team of Estimators, Engineers, Project Managers and Construction Team prior to commencement of all our field operations; again, regardless of the size of the project. The typical size of our crew is 8-10 men, this can vary as required per project.

Our pre-project planning process is quite extensive. The entire team must understand all phases of the project in order to maintain an efficient line of communication throughout the project. Each member is provided with a project binder with includes the following information:

- Contact Names and Numbers
- Emergency Procedures
- Scope of Work, Project Plans/Specifications
- Material Listing, SDS Sheets
- Project Schedule
- Permit Information

Our Project Team assembles once a week or as needed to discuss project status and if necessary, effect any changes that may be required to maintain efficiency and schedule. Each member is equipped with cellular phones with email access to always maintain communication.

Training of our field and office personnel is ongoing and is accomplished through on-site hands-on training classes provided by the various manufacturers we are approved by. The field staff and apprentices go through a three-year training program

The President and Vice President attended a TQM class developed by the National Roofing Contractors Association through the University of Chicago Business College. Our Executive Management Team meets twice a month with a two hour "huddle" meeting and once a month for an all-day executive meeting off site.

Advanced Roofing, Inc. also has a full fleet that consists of dump trucks, cranes, boom trucks, flat beds, kettles, and more. By offering these services in-house, we're able to provide our customers more for their money. And that's one of our professional solutions.

We use various computer-based applications for tracking a project from the inception of the project to its completion. We have developed our in-house software "RFP Manager" for tracking all in-coming projects. We also utilize Roof Express, CAD Program, Spitfire Project Management Software, and Solomon Accounting Software to ensure the expeditious close out of all projects, correction of any unacceptable work and punch out procedures.

Please see our work-flow chart enclosed to see our proposal process.

Please see our brochure for our Advanced Access tracking system for warranty work.

Advanced Roofing has several office locations within the state of Florida of which we are involved in the local community associations. We attend several trade shows and hold multiple term contracts we can utilize in the effort in the marketing of the IQCC services under the ezIQCC brand.

## **SAFETY**

### **Introduction**

At Advanced Roofing, Inc., safety is our top priority. We are committed to having a safe and healthful workplace. By providing an environment that is free from recognized hazards we are able to protect our most valuable resource, our employees. Our safety department is dedicated to the following

### **Training**

All new hires must successfully complete our safety orientation. The safety orientation includes a comprehensive course on fall protection, hazard communication, personal protective equipment, Fire Prevention and Protection, Ladder Safety and What to do if you're injured. After successfully completing the new hire orientation employees are given personal protective equipment and a safety vest. The vest must be worn at all times during the first 90 days of employment. By identifying new employees we are able to provide them with the extra coaching and attention that is necessary to achieve safe habits. Continuous training occurs throughout the year in the form of department stand downs, scheduled trainings, weekly tool box talks, Job specific safety training (CERTA, Respirators, Confined Space, Lock Out Tag Out, etc.), Powered Industrial Trucks (Class I, IV, V, and VII), Aerial Lifts and working platforms (Boom, Scissor), Propane safety, National Safety Council DDC4 and many more. Our Foremen and Construction Managers have successfully completed the 1926 OSHA 30 Hour Course. The safety department currently has two OSHA 500 outreach trainers on staff.

### **Pre-Construction and Mobilizing**

A pre-construction meeting is held for all jobsites. A representative of the safety department is required to attend the pre-construction meeting. Prior to the meeting a walkthrough occurs that includes the Safety Representative, Vice President of Construction, Project Manager, Construction Manager and Foreman. During the walkthrough the construction process is discussed along with all foreseeable safety hazards. A fall protection plan is communicated and agreed upon. A Site Specific Safety Plan (SSSP) is created based on the preconstruction walkthrough. The SSSP includes the fall protection plan, emergency contact numbers, nearest hospital, evacuation plan, job specific hazards, etc. When the SSSP is approved by the Safety Director it is distributed to all parties involved including the client. On the day that mobilization takes place a Safety Coordinator will be present to assist with safety compliance. The safety coordinator will ensure that all hazards are identified and communicated to all affected parties. This includes the method of controlling or eliminating the hazards. Lastly, all Safety Data Sheets are communicated for the materials on site.

**Compliance**

Our Safety Department is responsible for ensuring compliance with all Federal and State safety standards. We achieve compliance by performing daily unannounced jobsite safety evaluations. The JSE's are conducted by the safety coordinators with the cooperation of the site foreman. As part of our commitment to safety at all levels, we also require our Construction Managers to complete a weekly site safety evaluation. The results of all job site safety evaluations are shared with the safety committee. When required, a site safety stand down will occur if Advanced Roofing safety standards are not being met. Policies and procedures are in place to discourage unsafe behavior that may lead to a near miss or workplace injuries.

**Employee Participation**

Department safety meetings are held weekly with every department. During these meetings employees are encouraged to give feedback on improvements, equipment, training, etc. A safety Committee Meeting that includes an employee representative, department managers, upper management and the safety department is held on a Bi-Monthly basis. The safety committee discusses workplace injuries, root cause analysis results, lessons learned, and employee feedback. Our goal is to provide our employees with multiple lines of communication to keep an open dialogue about safety.

2/23/2021

Christine Yerkes  
YERKES SOUTH, INC.  
4799 Hinote Rd  
Crestview, FL 32539

Dear Christine Yerkes:

Congratulations! Your firm has been certified as an Economically Disadvantaged Women-Owned Small Business (EDWOSB) by the U.S. Small Business Administration's (SBA) for the Women-Owned Small Business Federal Contract Program (WOSB Program), as set forth in Title 13, Part 127 of the Code of Federal Regulations (CFR).

Your firm's WOSB Program anniversary date is 5/4/2021, in alignment with your 8(a) Business Development (BD) Program certification.

In order to maintain your EDWOSB certification, as an 8(a) firm, you must remain in compliance with both the 8(a) BD Program and the WOSB Program. The 8(a) BD program requires annual program recertification and a positive evaluation from your servicing district office to meet the WOSB Program's requirements set forth in Title 13, Part 127 of the Code of Federal Regulations (CFR). As a reminder, your annual recertification must be submitted within 30 days of the anniversary date. Instructions for maintaining EDWOSB certification are available at 13 CFR 127.400 and at [beta.Certify.sba.gov](http://beta.Certify.sba.gov).

Your firm must immediately notify SBA of any material changes that could affect its eligibility. 13 CFR 127.401. This notification must be in writing and must be uploaded into the firm's profile in [beta.Certify.sba.gov](http://beta.Certify.sba.gov). Your firm must not misrepresent its EDWOSB certification status to any other party, including any local or State government contracting official or the Federal government or any of its contracting officials.

As a certified EDWOSB, there are valuable free resources available to you. These include:

- SBA Resource Partners: For general assistance on various topics, information on SBA programs, and upcoming small business events in your area. You can find your local resource partner by visiting: <https://www.sba.gov/tools/local-assistance>.
- WOSB Website: For specific resources on government contracting and the WOSB Federal Contracting Program, please visit: <https://www.sba.gov/wosbready>
- SBA's 7(j) Program: 8(a) and EDWOSB firms may also be eligible for the 7(j) Management and Technical Assistance Services Program. Learn more by contacting your servicing district office.

If you have general questions regarding the WOSB Program, you may submit them to the SBA via the help tab at <https://beta.certify.sba.gov/help/> or check the SBA web site, [www.sba.gov/wosbready](http://www.sba.gov/wosbready).

Wishing you much success!

Sincerely,

May 4, 2016

Christine Yerkes, President  
Yerkes South, Inc.  
634 Lakewood Road  
Pensacola, FL 32507-2434

Dear Ms. Yerkes:

Congratulations! Your firm has been certified as a Participant in the U.S. Small Business Administration's (SBA) 8(a) Business Development Program. Your nine (9) year program term begins on the date of this letter.

During participation in the 8(a) BD Program, you will receive business development assistance from an assigned Business Development Specialist in the North Florida Area District Office located at 7825 Baymeadows Way, Suite 100B, Jacksonville, FL 32256-7504. The phone number is (904) 443-1900. We are sending a copy of this certification letter to the SBA at the North Florida Area District Office. That office will contact you to schedule an orientation session. This could take up to 4-6 weeks. In the meantime, there are steps you should take to start your participation in the program.

#### Next Steps

- **Read and Sign Participation Agreement:** SBA requires the 8(a) participant's President or Chief Executive Officer sign a Participation Agreement showing he or she understands the conditions of 8(a) BD program participation. Please find the Agreement attached to the approval email associated with this letter. Please read the Agreement carefully, sign and date it, and make a copy. Return one copy to the SBA North Florida Area District Office at the address shown in the second paragraph above. The second copy is for your records.
- **Develop Your Business Plan:** We encourage you to start developing your business plan. Current 8(a) BD program regulations require a firm, once certified, to promptly submit a business plan which must be approved by the SBA before the firm is eligible to receive 8(a) benefits; including 8(a) contracts. Once approved, the business plan will be reviewed annually and may be modified as needed. We offer an optional format for business plans. To consider the optional

8(a) Business Plan Form 1010C, please go to: <https://www.sba.gov/sites/default/files/SBA%201010C.pdf>.

- **Develop Your Strategy for Winning Contracts in Year 1:** Though your firm's approved North American Industry Classification System (NAICS) Code is 236220, your firm may be awarded contracts under other NAICS Codes, as long as your firm is qualified to perform the required service or task. In this regard, please note that contracts awarded under 8(a) Business Development Program authority generally result from the self-marketing efforts of participating firms. You must build relationships with potential federal customers, pursue federal prime contractors for subcontracts, and aggressively pursue prime contract opportunities to grow your business. Successful 8(a) firms regularly respond to competitive small business contracting opportunities posted on [www.FBO.gov](http://www.FBO.gov). Establish a goal and vision for winning at least two (2) competitive contracts during your first year.

- **Utilize Resources:** There are valuable FREE resources available to you right now that offer expertise in all areas of business operation including reviewing your business plan and strategy. Two resources that you can utilize today are:

- o **SBA Resource Partners:** I encourage you to locate your nearest Resource Partner, please go to: <https://www.sba.gov/tools/local-assistance>. This link will provide access to upcoming small business events and the webpage for your District SBA Office, also.

- o **7(j) Management and Technical Assistance:** While your firm's acceptance into the 8(a) Business Development program is not a guarantee for contracts, the SBA will make every effort to assist you in implementing your business plan and strategy. Your success in the program is dependent upon the extent to which you take advantage of SBA's efforts to support you. One of the agency's major tools for your success is the 7(j) Management and Technical Assistance Services Program. For more information, click on the following link: <https://www.sba.gov/about-sba/sba-initiatives/7j-management-and-technical-assistance-services-program>

I am excited about your future, and I welcome you as an 8(a) Business Development Program participant. Wishing you much success!  
Sincerely,

Jackie Robinson-Burnette

Please be advised all verified businesses may be required to participate in one or more post-verification audits at CVE's discretion. Additionally, this letter and other information pertaining to Yerkes South, Inc.'s verification application may be subject to Freedom of Information Act (FOIA) requests. However, FOIA disclosures include exceptions regarding the personal privacy of individuals, and VA policy similarly provides limitations on the release of individual records.

If Yerkes South, Inc. receives a negative size determination from the U.S. Small Business Administration (SBA), CVE must act in accordance with 38 CFR § 74.2(e). Also note, if at any time Yerkes South, Inc. discovers that it fails to meet the size standards for any NAICS Code(s) listed on its VIP profile, CVE requires such NAICS Code(s) be removed within five (5) business days. If the NAICS Code(s) are not removed within the allotted five (5) business days, CVE may request SBA conduct a formal size determination. In addition, CVE may initiate a referral to OIG, a referral to the Debarment and Suspension Committee, and pursue cancellation proceedings. All of the aforementioned referrals and procedures could result in Yerkes South, Inc. being removed from the VIP Verification Program.

Thank you for your service to our country and for continuing to serve America through small business ownership.

**Contract** means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

**Contractor** means an entity that receives a contract as defined in Contract.

**Cooperative agreement** means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. ## BID FORM 15: FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

“Contract” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the “Master Agreement”.

“Contractor” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as “Supplier” or “Awarded Supplier”.

### **Conflicts of Interest**

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a “financial interest” to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an “apparent” conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency (“NFE”) must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE’s may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE’s written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE’s employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

### **Contractor Integrity**

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended as described in Chapter III, ¶ 6.d must be rejected and cannot receive contract awards at any level.

### **Public Policy**

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws

*The School Board of Pinellas County Prohibits Discrimination In All Purchasing and Contracting*

- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

**Affirmative Steps**

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

**Prevailing Wage Requirements**

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

**Federal Requirements**

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

**2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses**

1. Termination for Convenience:

The right to terminate this Contract for the convenience of the Participating Public Agency is retained by the Participating Public Agency. In the event of a termination for convenience by the Participating Public Agency, the Participating Public Agency shall, at least ten (10) calendar days in advance, deliver written notice of the termination for convenience to Contractor. Upon Contractor's receipt of such written notice, Contractor immediately shall cease the performance of the Work and shall take reasonable and appropriate action to secure and protect the Work then in place. Contractor shall then be paid by the Participating Public Agency, in accordance with the terms and provisions of the Contract Documents, an amount not to exceed the actual labor costs incurred, the actual cost of all materials installed and the actual cost of all materials stored at the project site or away from the project site, as approved in writing by the Participating Public Agency but not yet paid for and which cannot be returned, and actual, reasonable and documented demobilization costs, if any, paid by Contractor and approved by the Participating Public Agency in connection with the Scope of Work in place which is completed as of the date of termination by the Participating Public Agency and that is in conformance with the Contract

Documents, less all amounts previously paid for the Work. No amount ever shall be owed or paid to Contractor for lost or anticipated profits on any part of the Scope of Work not performed or for consequential damages of any kind.

2. Equal Employment Opportunity:

The Participating Public Agency highly encourages Contractors to implement Affirmative Action practices in their employment programs. This means Contractor should not discriminate against any employee or applicant for employment because of race, color, religion, sex, pregnancy, sexual orientation, political belief or affiliation, age, disability or genetic information.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

### Section Three: Bid Submission and Required Forms | FEMA Special Conditions

(7) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *Provided*, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

3. "During the performance of this contract, the contractor agrees as follows:

4. Davis Bacon Act and Copeland Anti-KickbackAct.

- a. Applicability of Davis-Bacon Act. The Davis-Bacon Act only applies to the emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program. **It does not apply to other FEMA grant and cooperative agreement programs, including the Public Assistance Program.**
- b. All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction)). See 2 C.F.R. Part 200, Appendix II, ¶ D.
- c. In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.
- d. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
- e. In contracts subject to the Davis-Bacon Act, the contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors

and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

- f. The regulation at 29 C.F.R. § 5.5(a) does provide the required contract clause that applies to compliance with both the Davis-Bacon and Copeland Acts. However, as discussed in the previous subsection, the Davis-Bacon Act does not apply to Public Assistance recipients and subrecipients. **In situations where the Davis-Bacon Act does not apply, neither does the Copeland “Anti-Kickback Act.”** However, for purposes of grant programs where both clauses do apply, FEMA requires the following contract clause:

“Compliance with the Copeland “Anti-Kickback” Act.

- (1) Contractor. The contractor shall comply with 18 U.S.C. § 874, 40U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- (2) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses
- (3) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.”

5. Contract Work Hours and Safety Standards Act.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Where applicable (see 40 U.S.C. § 3701), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II, ¶ E.
- c. Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek.
- d. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Section Three: Bid Submission and Required Forms | FEMA Special Conditions

- e. The regulation at 29 C.F.R. § 5.5(b) provides the required contract clause concerning compliance with the Contract Work Hours and Safety Standards Act:

“Compliance with the Contract Work Hours and Safety Standards Act.

- (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- (3) Withholding for unpaid wages and liquidated damages. - (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.”

6. Rights to Inventions Made Under a Contract or Agreement.

- a. Stafford Act Disaster Grants. This requirement **does not apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs**

## Section Three: Bid Submission and Required Forms | FEMA Special Conditions

Assistance Grant Program, as

FEMA awards under these programs do not meet the definition of “funding agreement.”

- b. If the FEMA award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II, ¶ F.
  - c. The regulation at 37 C.F.R. § 401.2(a) currently defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.
7. Clean Air Act and the Federal Water Pollution Control Act. Contracts of amounts in excess of \$150,000 must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II, ¶ G.
- a. The following provides a sample contract clause concerning compliance for contracts of amounts in excess of \$150,000:
    - “Clean Air Act
      - (1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
      - (2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
      - (3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.
    - Federal Water Pollution Control Act
      - (1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

- (2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
- (3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.”

8. Debarment and Suspension.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Non-federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security’s regulations at 2 C.F.R. Part 3000 (Non procurement Debarment and Suspension).
- c. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II, ¶ H; and *Procurement Guidance for Recipients and Subrecipients Under 2 C.F.R. Part 200 (Uniform Rules): Supplement to the Public Assistance Procurement Disaster Assistance Team (PDAT) Field Manual* Chapter IV, ¶ 6.d, and Appendix C, ¶ 2 [hereinafter *PDAT Supplement*]. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at [www.sam.gov](http://www.sam.gov). See 2 C.F.R. § 180.530; *PDAT Supplement*, Chapter IV, ¶ 6.d and Appendix C, ¶ 2.
- d. In general, an “excluded” party cannot receive a Federal grant award or a contract within the meaning of a “covered transaction,” to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a “covered transaction,” which is any non-procurement transaction (unless excepted) at either a “primary” or “secondary” tier. Although “covered transactions” do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS’s implementing regulations, it does include some contracts awarded by recipients and subrecipient.
- e. Specifically, a covered transaction includes the following contracts for goods or services:
  - (1) The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
  - (2) The contract requires the approval of FEMA, regardless of amount.
  - (3) The contract is for federally required audit services.
  - (4) A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.

Section Three: Bid Submission and Required Forms | FEMA Special Conditions

- d. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified:

“Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by (insert name of subrecipient). If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to (name of state agency serving as recipient and name of subrecipient), the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.”

9. Byrd Anti-Lobbying Amendment.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Contractors that apply or bid for an award of \$100,000 or more must file the required certification. See 2 C.F.R. Part 200, Appendix II, ¶ I; 44 C.F.R. Part 18; *PDAT Supplement*, Chapter IV, 6.c; Appendix C, ¶ 4.
- c. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. See *PDAT Supplement*, Chapter IV, ¶ 6.c and Appendix C, ¶ 4.
- d. The following provides a Byrd Anti-Lobbying contract clause:

“Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract,

10. Procurement of Recovered Materials.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, Pub. L. No. 89-272 (1965) (codified as amended by the Resource Conservation and Recovery Act at 42 U.S.C. § 6962). See 2 C.F.R. Part 200, Appendix II, ¶ J; 2 C.F.R. § 200.322; *PDAT Supplement*, Chapter V, ¶ 7.
- c. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- d. The following provides the clause that a state agency or agency of a political subdivision of a state and its contractors can include in contracts meeting the above contract thresholds:

“(1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA- designated items unless the product cannot be acquired—

- (i) Competitively within a timeframe providing for compliance with the contract performance schedule;
- (ii) Meeting contract performance requirements; or
- (iii) At a reasonable price.

(2) Information about this requirement, along with the list of EPA- designate items, is available at EPA’s Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.”

11. Additional FEMA Requirements.

- a. The Uniform Rules authorize FEMA to require additional provisions for non-Federal entity contracts. FEMA, pursuant to this authority, requires or recommends the following:
- b. Changes.  
To be eligible for FEMA assistance under the non-Federal entity’s FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item

procured.

c. Access to Records.

All non-Federal entities must place into their contracts a provision that all contractors and their successors, transferees, assignees, and subcontractors acknowledge and agree to comply with applicable provisions governing Department and FEMA access to records, accounts, documents, information, facilities, and staff. See DHS Standard Terms and Conditions, v 3.0, ¶ XXVI (2013).

d. The following provides a contract clause regarding access to records:

“Access to Records. The following access to records requirements apply to this contract:

(1) The contractor agrees to provide (insert name of state agency or local or Indian tribal government), (insert name of recipient), the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.”

12. DHS Seal, Logo, and Flags.

a. All non-Federal entities must place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval. See DHS Standard Terms and Conditions, v 3.0, ¶ XXV (2013).

b. The following provides a contract clause regarding DHS Seal, Logo, and Flags: “The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval.”

13. Compliance with Federal Law, Regulations, and Executive Orders.

a. All non-Federal entities must place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

b. The following provides a contract clause regarding Compliance with Federal Law, Regulations, and Executive Orders: “This is an acknowledgement that FEMA financial assistance will be used to fund the contract only. The contractor will comply will all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.”

14. No Obligation by Federal Government.

a. The non-Federal entity must include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to

Section Three: Bid Submission and Required Forms | FEMA Special Conditions

- any matter resulting from the contract.
- b. The following provides a contract clause regarding no obligation by the Federal Government: “The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.”

15. Program Fraud and False or Fraudulent Statements or Related Acts.

- a. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.
- b. The following provides a contract clause regarding Fraud and False or Fraudulent or Related Acts: “The contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor’s actions pertaining to this contract.”

Additional contract clauses per 2 C.F.R. § 200.325

For applicable construction/reconstruction/renovation and related services: A payment and performance bond are both required for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided in the contract.
