## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-01-GC-A

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 1, Northwest Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2100</u>
Line 2.	Multiply Line 1 by .50	<u>0.6050</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2150</u>
Line 4.	Multiply Line 3 by .20	<u>0.2430</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2200</u>
Line 6.	Multiply Line 5 by .10	<u>0.1220</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2250</u>
Line 8.	Multiply Line 7 by .10	<u>0.1225</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2222</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-01-GC-E

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 1, Northwest Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2100</u>
Line 2.	Multiply Line 1 by .50	<u>0.6050</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2150</u>
Line 4.	Multiply Line 3 by .20	<u>0.2430</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2200</u>
Line 6.	Multiply Line 5 by .10	<u>0.1220</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2250</u>
Line 8.	Multiply Line 7 by .10	<u>0.1225</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2222</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-02-GC-A

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 2, North Central West Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2100</u>
Line 2.	Multiply Line 1 by .50	<u>0.6050</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2150</u>
Line 4.	Multiply Line 3 by .20	<u>0.2430</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2200</u>
Line 6.	Multiply Line 5 by .10	<u>0.1220</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2250</u>
Line 8.	Multiply Line 7 by .10	<u>0.1225</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2222</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-02-GC-F

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 2, North Central West Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2100</u>
Line 2.	Multiply Line 1 by .50	<u>0.6050</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2150</u>
Line 4.	Multiply Line 3 by .20	<u>0.2430</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2200</u>
Line 6.	Multiply Line 5 by .10	<u>0.1220</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2250</u>
Line 8.	Multiply Line 7 by .10	<u>0.1225</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2222</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-03-GC-B

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 3, North Central East Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2100</u>
Line 2.	Multiply Line 1 by .50	<u>0.6050</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2150</u>
Line 4.	Multiply Line 3 by .20	<u>0.2430</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2200</u>
Line 6.	Multiply Line 5 by .10	<u>0.1220</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2250</u>
Line 8.	Multiply Line 7 by .10	<u>0.1225</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2222</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-04-GC-C

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 4, North Central West Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2100</u>
Line 2.	Multiply Line 1 by .50	<u>0.6050</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2100</u>
Line 4.	Multiply Line 3 by .20	<u>0.2420</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2100</u>
Line 6.	Multiply Line 5 by .10	<u>0.1210</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2100</u>
Line 8.	Multiply Line 7 by .10	<u>0.1210</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2187</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-04-GC-H

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 4, North Central West Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2100</u>
Line 2.	Multiply Line 1 by .50	<u>0.6050</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2100</u>
Line 4.	Multiply Line 3 by .20	<u>0.2420</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2100</u>
Line 6.	Multiply Line 5 by .10	<u>0.1210</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2100</u>
Line 8.	Multiply Line 7 by .10	<u>0.1210</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2187</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-05-GC-B

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 5, Central West Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2050</u>
Line 2.	Multiply Line 1 by .50	<u>0.6025</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2050</u>
Line 4.	Multiply Line 3 by .20	<u>0.2410</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2050</u>
Line 6.	Multiply Line 5 by .10	<u>0.1205</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2075</u>
Line 8.	Multiply Line 7 by .10	<u>0.1208</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2145</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-06-GC-C

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 6, Central Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2000</u>
Line 2.	Multiply Line 1 by .50	<u>0.6000</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2000</u>
Line 4.	Multiply Line 3 by .20	<u>0.2400</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2000</u>
Line 6.	Multiply Line 5 by .10	<u>0.1200</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2000</u>
Line 8.	Multiply Line 7 by .10	<u>0.1200</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2097</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-07-GC-D

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 7, Central East Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2000</u>
Line 2.	Multiply Line 1 by .50	<u>0.6000</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2005</u>
Line 4.	Multiply Line 3 by .20	<u>0.2401</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2005</u>
Line 6.	Multiply Line 5 by .10	<u>0.1201</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2005</u>
Line 8.	Multiply Line 7 by .10	<u>0.1201</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2099</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-08-GC-E

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 8, North Suncoast Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.1900</u>
Line 2.	Multiply Line 1 by .50	<u>0.5950</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2000</u>
Line 4.	Multiply Line 3 by .20	<u>0.2400</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2000</u>
Line 6.	Multiply Line 5 by .10	<u>0.1200</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2000</u>
Line 8.	Multiply Line 7 by .10	<u>0.1200</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2900</u>
Line 10.	Multiply Line 9 by .10	<u>0.1290</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2040</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-09-GC-D

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 9, South Suncoast Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2000</u>
Line 2.	Multiply Line 1 by .50	<u>0.6000</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2000</u>
Line 4.	Multiply Line 3 by .20	<u>0.2400</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2010</u>
Line 6.	Multiply Line 5 by .10	<u>0.1201</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2010</u>
Line 8.	Multiply Line 7 by .10	<u>0.1201</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2099</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

## BID FORM 2: CALCULATION OF THE COMBINED ADJUSTMENT FACTOR

CONTRACT #/TRADE: 23-909-027-10-GC-F

CONTRACTOR NAME: Johnson-Laux Construction, LLC

GEOGRAPHICAL REGION: Region 10, Southern Florida

The following formula has been developed for the sole purpose of evaluating Bids and awarding.

Each Bidder must complete the following calculation.

Line 1.	Adjustment Factor for Normal Working Hours for Owner Funded Projects: Line (1.A)	<u>1.2025</u>
Line 2.	Multiply Line 1 by .50	<u>0.6013</u>
Line 3.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects: Line (2.A)	<u>1.2025</u>
Line 4.	Multiply Line 3 by .20	<u>0.2405</u>
Line 5.	Adjustment Factor for Normal Working Hours for Federally Funded Projects Line (3.A)	<u>1.2025</u>
Line 6.	Multiply Line 5 by .10	<u>0.1203</u>
Line 7.	Adjustment Factor for Other Than Normal Working Hours or All Working Hours at Secured Locations for Owner Funded Projects Line (4.A)	<u>1.2025</u>
Line 8.	Multiply Line 7 by .10	<u>0.1203</u>
Line 9.	Adjustment Factor for Non-Pre-Priced Line (5.A)	<u>1.2973</u>
Line 10.	Multiply Line 9 by .10	<u>0.1297</u>
Line 11.	Summation of lines 2, 4, 6, 8 and 10 (Combined Adjustment Factor)	<u>1.2120</u>

**(Bid Form 2 Continued on The Next Page)**

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

### Section Three: Bid Submission and Required Forms | Bid Pricing Forms

Transfer the number on line 11 to the space provided for the Combined Adjustment Factor on Bid Form 1.

*Instructions To Bidder: Specify lines 1 through 11 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5<sup>th</sup> decimal place is 0-4, the number in the 4<sup>th</sup> decimal remains unchanged; if the number in the 5<sup>th</sup> decimal place is 5-9, the number in the 4<sup>th</sup> decimal is rounded upward).*

*Note To Bidder: The weights in lines 2, 4, 6, 8 and 10 above are for the purpose of calculating a Combined Adjustment Factor only. No assurances are made by Pinellas County Schools that Work will be ordered under the Agreement in a distribution consistent with the weighted percentages above. The Combined Adjustment Factor is only used for the purpose of determining the lowest Bidder.*

*When submitting Price Proposals related to specific Purchase Orders, the Proposer shall utilize one or more of the Adjustment Factors applicable to the Work being performed provided in lines 1, 3, 5, 7 and 9 as applicable, on the Bid Form 2 above.*

BID FORM 5: Pinellas County District Schools  
Bid Protest Procedure

## BID FORM 5: PINELLAS COUNTY DISTRICT SCHOOLS BID PROTEST PROCEDURE

*Bidders who wishes to file a protest pertaining to a bid must file such notice in accordance with procedures prescribed by 120.57(3) FS enumerated below. For bids solicited by the purchasing department, the notice must be filed with the director of purchasing. For bids solicited by the facilities department, the notice must be filed with the director of facilities.*

1. Any person who is adversely affected by the District decision or intended decision shall file with the Director of Purchasing a notice of protest in writing within 72 hours after the posting of the bid tabulation or after receipt of the notice of the District decision or intended decision and shall file a formal written protest within 10 days after filing the notice of protest. With respect to a protest of the specifications contained in an invitation to bid or in a request for proposals, the notice of protest shall be filed in writing within 72 hours after the receipt of notice of the project plans and specifications or intended project plans and specifications in an invitation to bid or request for proposals, and the formal written protest shall be filed within 10 days after the date the notice of protest is filed. Failure to file a notice of protest or failure to file a formal written protest shall constitute a waiver of proceedings under this chapter. The formal written protest shall state with particularity the facts and law upon which the protest is based. Saturdays, Sundays, and legal holidays shall be excluded in the computation of the 72-hour time periods provided by this paragraph.
2. Any person who files an action protesting a decision or intended decision pertaining to a bid pursuant to FS 120.57(3)(b), shall post at the time of filing the formal written protest, a bond payable to the Pinellas County School District in an amount equal to 1 percent (1%) of the total estimated contract value, but not less than \$500 nor more than \$5,000, which bond shall be conditioned upon the payment of all costs which may be adjudged against the protester in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding. In lieu of a bond, a cashier's check, certified bank check, bank certified company check, money order or U.S. currency will be acceptable form of security. If, after completion of the administrative hearing process and any appellate court proceedings, the District prevails, it shall recover all costs and charges which shall be included in the final order or judgment, including charges made by the Division of Administrative Hearings, but excluding attorney's fees. Upon payment of such costs and charges by the protester, the protest security shall be returned. If the protester prevails, he or she shall recover from the District all costs and charges which shall be included in the final order of judgment, excluding attorney's fees.
3. Upon receipt of the formal written protest and protest bond which has been timely filed, the District shall stop the bid solicitation process or the contract award process until the subject of the protest is resolved by final District action, unless the Superintendent sets forth in writing particular facts and circumstances which require the continuance of the bid solicitation process or the contract award process without delay in order to avoid an immediate and serious danger to the public health, safety, or welfare.
4.
  - a) The District shall provide an opportunity to resolve the protest by mutual agreement between the parties within 7 days, excluding Saturdays, Sundays, and legal holidays, after receipt of a formal written protest.
  - b) If the subject of a protest is not resolved by mutual agreement within 7 days, excluding Saturdays, Sundays, and legal holidays, after receipt of the formal written protest, and if there is no disputed issue of material fact, an informal proceeding shall be conducted pursuant to 120.57(2) FS and applicable District rules before a person whose qualifications have been prescribed by rules of the District.
  - c) If the subject of a protest is not resolved by mutual agreement within 7 days, excluding Saturdays, Sundays, and legal holidays, after receipt of the formal written protest, and if there is a disputed issue of material fact, the District shall refer the protest to the Division of Administrative Hearings for proceedings under 120.57(1) FS.
5. Upon receipt of a formal written protest referred pursuant to this subsection, the director of the Division of Administrative Hearings shall expedite the hearing and assign an administrative law judge who shall commence a hearing within 30 days after the receipt of the formal written protest by the division and enter a recommended order within 30 days after the hearing or within 30 days after receipt of the hearing transcript by the administrative law judge, whichever is later. Each party shall be allowed 10 days in which to submit written exceptions to the recommended order. A final order shall be entered by the District within 30 days of the entry of a recommended order. The provisions of this paragraph may be waived upon stipulation by all parties.
6. In a competitive-procurement protest, no submissions made after the bid or proposal opening amending or supplementing the bid or proposal shall be considered. Unless otherwise provided by statute, the burden of proof shall rest with the party protesting the proposed District action. In a competitive-procurement protest, other than a rejection of all bids, the administrative law judge shall conduct a de novo proceeding to determine whether the District's proposed action is contrary to the District's governing statutes, the District's rules or policies, or the bid or proposal specifications. The standard of

### Section Three: Bid Submission and Required Forms | Performance, Capability, Qualification and Experience Forms

proof for such proceedings shall be whether the proposed District action was clearly erroneous, contrary to competition, arbitrary, or capricious. In any bid-protest proceeding contesting an intended District action to reject all bids, the standard of review by an administrative law judge shall be whether the District's intended action is illegal, arbitrary, dishonest, or fraudulent.

BID FORM 6: Certificate of Insurance

*Includes Supporting Documentation*

## BID FORM 6: CERTIFICATE OF INSURANCE INCLUDING EVIDENCE OF WORKERS COMPENSATION COVERAGE

Insurance is required from all contractors who will be performing work. Please provide proof of insurance based on the requirements listed below.

The name of the insurance company(ies) listed on the Certificate of Insurance on file in the Risk Management Department shall be the same as it appears in **Best's Financial Strength Rating**. The insurance company named on the Certificate of Insurance shall have a rating of "A-V" or better as stated in **Best's Financial Strength Rating**.

### 1. GENERAL LIABILITY INSURANCE

The contractor shall provide the ISO Commercial General Liability Policy. The Owner shall be exempt from, and in no way liable for, any sums of money which may represent a deductible in any insurance policy. The payment of such deductible shall be the responsibility solely of the contractor or subcontractor providing such insurance.

The **Commercial General Liability Policy (CGL)** is a method of automatically providing a broad range of common coverage extensions to the CGL policy that firms often need and overlook. By having a CGL policy, it will reduce the overall cost of providing those other coverage's at a future date and allows for a wide distribution of those packaged coverage's.

The **CGL** policy shall provide coverage of at least the following items:

- a) **General Aggregate:**
  - i) **Premises Operation** which will include XCU coverage except when work does not include foundation, structural work, pressure fired vessels or materials or construction techniques which could explode.
  - ii) **Independent Contractor's Protective** which provides coverage for injury to others arising out of the independent contractors work. General Contractors may opt to provide this coverage in lieu of naming the School Board of Pinellas County as "Additional Insured".
  - iii) **Broad Contractual Liability** which is liability assumed by the insured under any contract agreement. This includes any oral or written contract or agreement relating to the conduct of the named insured's business. If excluded, exception for liability is assumed in an insured contract.
- b) **Products and Completed Operations**
- c) **Personal & Advertising Injury Liability**

The contractor shall obtain insurance which shall at least meet the following minimum limits:

#### For projects/contracts under \$500,000.00:

- \$1,000,000.00 per occurrence, \$2,000,000.00 general aggregate.

#### For projects/contracts \$500,000.00 and over:

Section Three: Bid Submission and Required Forms | Performance, Capability, Qualification and Experience Forms

- \$5,000,000.00 per occurrence, \$5,000,000.00 general aggregate.

**2. AUTOMOTIVE LIABILITY INSURANCE**

The contractor shall obtain Business Coverage Automobile Insurance which shall protect the contractor from claims for damage for personal injury, bodily injury including accidental death, as well as claims for property damages which may arise from operations under this contract whether such operations are by himself or by anyone directly or indirectly employed by him. Coverage shall include owned, non-owned, hired and rented vehicles.

The contractor shall obtain insurance which shall at least meet the following minimum limits:

- \$300,000.00 Combined Single Limit
- \$100,000.00 Bodily Injury (per person), \$300,000.00 Bodily Injury (per accident)
- \$100,000.00 Property Damage

**3. WORKERS' COMPENSATION INSURANCE**

## BID FORM 7: COMPANY PROFILE QUESTIONNAIRE

### *10. What is your strategy to increase market share in the public sector?*

Johnson-Laux Construction is committed to actively promoting the Pinellas County Schools/OMNIA Partners Job Order Contract by establishing a marketing program that will advance the use of this JOC throughout our respective awarded regions while establishing a team structured partnership relationship with Pinellas County Schools, OMNIA, and its Partners. Our firm's JOC Master Agreement Marketing efforts will be led by Kevin Johnson, Project Executive and Vice President of Johnson-Laux Construction. His significant JOC and IDIQ contract experience, Passion for exceptional customer service and a can do attitude will ensure the development of long term successful relationships with both existing and new OMNIA Partners. To assist Kevin in the marketing efforts, Steve Adams - Director of Business Development will promote on a daily basis the OMNIA Cooperative Purchasing program. This commitment of additional staff allows Johnson-Laux Construction to visit the decision makers in our awarded areas more often, which allows us to gain a better understanding of their needs. By listening to our potential clients concerning their needs, we are more able to show and explain how the OMNIA program can help them with their construction, repair, renovations, replacement, and maintenance projects.

Our philosophy is that marketing and customer service go hand in hand and involve each and every one of our company staff members from company principals, project managers, superintendents, accounting personnel, administration, laborers, and all of our subcontractors and vendors. Our marketing efforts will begin immediately upon award of the Contract; our plan consists of developing an in-depth understanding of the OMNIA Partners cooperative structure and its membership in order to provide us with the foundation and proper knowledge to begin our endeavor. With the permission and guidance of OMNIA Partners, we will identify all current Partner cities, counties, governmental agencies, schools, colleges, universities, and other non-profit organizations in an effort to introduce our firm's qualifications and management staff. We will maintain regular contact with all Partners in an effort to schedule in-person introduction meetings in order to understand their needs, their staffing structure, their protocol, and to be ready, willing and able to immediately respond when called upon. We will follow up via telephone correspondence on a monthly basis to discuss potential current projects, current needs, assignments, future projects and to coordinate and schedule regular bi-monthly and/or quarterly in-person meetings. We will follow through with all requests, and continually meet and exceed their needs.

Our plan also consists of identifying all local, qualified vendors and subcontractors in each and every region. We will interview the local subcontractors in order to gain knowledge and insight to which entities and/or agencies that they possess relationships with and request their assistance for introduction meetings with the applicable contracting and purchasing personnel.

## BID FORM 7: COMPANY PROFILE QUESTIONNAIRE

### *10. What is your strategy to increase market share in the public sector? - continued*

Our efforts to market to non OMNIA Partners will consist of the appropriate OMNIA guidance, permission, best practices, Dos and Don'ts, and the assurance that Johnson-Laux will closely coordinate with OMNIA Partners and adhere to all proper service cooperative protocol. Our approach for non-member marketing will include the same requests for introduction meetings, follow up teleconferences, monthly and/bi monthly in-person meetings, production and submittal of OMNIA approved literature explaining our capabilities, our qualifications, the Cooperative Purchasing program, Johnson-Laux, OMNIA Partners, OMNIA Partners and The Gordian Group, as well as the numerous benefits of the JOC program such as:

- Easy and Convenient Procurement and Construction Process
- Faster Response Time to Accomplish Projects
- Fixed Price Construction
- Contractor "On Call" 24 hours a day, 7 Days a Week
- High Level of Quality
- Pre-Qualified Proven Performance based Contractor
- Positive "Can Do" Team Approach and Attitude
- Non-adversarial/Partnership Relationship
- Emergency Response Capability
- OMNIA Membership Benefits
- OMNIA/The Gordian Group Support Structure and Training

We believe that marketing does not end with the award of a project. It does not end with a phone call. It does not end with a meeting or a brochure. Marketing is not a simple task and does not rest solely on the shoulders of one person. At Johnson-Laux, our entire firm realizes that our marketing efforts and approach is a company wide ongoing responsibility of each and every one of our team members. At Johnson-Laux, our marketing starts and ends with our communication, customer service, and performance. Exceptional performance and customer service leads to repeat work which in turn leads to successful long term client relationships. Any construction company can offer job completion, but at Johnson-Laux Construction we realize that without our clients, we would not be in existence and without our continued marketing approach led by our philosophy of treating each and every client like they are our only client, we would not have any of our longstanding repeat client relationships.

## BID FORM 7: COMPANY PROFILE QUESTIONNAIRE

### 11. *What differentiates your company from competitors in the public sector?*

- We are an industry leader in Job Order Contracting with over 70% of our annual revenue originating from continuing Job Order style contracts.
- Our significant eGordian estimating experience
- We are experts in construction of occupied facilities having completed countless projects in occupied and operational Schools, Universities, Colleges, Government facilities, Hospitals, Airports, Offices, and Retail environments.
- Our size is an asset; as a mid-size general contractor you can be assured that Johnson-Laux will make your project a priority with significant principal involvement from Day One!
- We are experienced in Education Construction policies and procedures. Our Proposed Staff has completed dozens of educational projects with in recent years.
- Johnson-Laux has the financial capacity and cost control capabilities necessary to deliver the project on time and on budget.
- As a construction manager, Johnson-Laux works as an extension of your staff. Participating in the project from day one as a full team member with your staff, architect, engineer, and consultants, we offer a controlled approach to project delivery that consistently results in cost savings and expedited project schedules.
- Johnson-Laux recognizes that we may be working within operational campuses and will approach this project with an emphasis on student and/or personnel consideration, convenience, and safety. Our experience as outlined above provide us with the ability to work within and around sensitive occupied and functioning areas while operating safely and efficiently with little to no impact and disruption to surrounding areas.
- We are committed to implementing the highest safety standards and strongest security measures at each one of our construction sites. A high percentage of our projects have been situated in sensitive, occupied spaces such as hospitals, airports, and corporate offices. Since each project and facility is unique, our approach involves the development of a job-specific, site utilization and safety plan to ensure the protection of our clients, their staff, the general public, our employees and all vendors and subcontractors.
- When a construction project is in an existing building with continuous operations, plans and specifications must assure that the work site(s) are completely isolated from occupied portion(s) of the building and that precautions are taken to assure that any operations or hazards in the work site(s) will not affect the occupants and operations of the building.
- We specialize in working within and around occupied and functioning facilities and truly attempt to be as invisible as possible at all times. **“Zero interruptions and Zero incidents”** is our motto. Constant forecasting, meticulous execution, effective communication, cohesive teamwork, and overall solid construction management are the keys to maintaining a safe, clean, and secure job site.

### 11. *What differentiates your company from competitors in the public sector? - continued*

It is the policy of Johnson-Laux Construction that a safe and accessible path of travel is provided for all pedestrians, including those with disabilities, around and/or through construction sites. It is recognized that there are various types of construction activities, including both short-term and long-term projects. When erecting barricades, Johnson-Laux is conscious for the special needs of pedestrians with physical disabilities. Johnson-Laux provides protection for pedestrians consistent with all local, state, and federal codes, including the Americans with Disabilities Act.

Johnson-Laux Construction is a firm supporter of utilization of [minority/women owned businesses](#) and [local disadvantaged businesses](#) in the performance of all of our contracts. It is our strong belief that local labor offers the best combination of quality and value in construction. Local subcontractors can provide a superior quality through their enhanced knowledge of local regulations and best-practices for the environment. They also provide value in reduced travel and material shipping costs. But beyond the bottom line, Johnson-Laux believes that providing opportunities to local and disadvantaged business leads to an overall improvement in the industry.

As a Woman Owned Business, Johnson-Laux is fully committed to meeting and exceeding DBE/MWBE participation goals. Our clients can attest to our utilization, marketing, and our consistent ability to meet and/or exceed their local, W/MBE, LDB, DBE, and SBE goals on all related projects. It is our continued commitment to provide all qualified local small business enterprises with equal contracting opportunities related to these Job Order Contracts. Just one example of this can be found in the fact that Johnson-Laux was named the Greater Orlando Aviation Authority Small Business Advocate of the Year for both 2010 and 2011 and consistently exceeds the DBE/MWBE goals on all of our City of Tampa, City of Orlando, City of Miami, OCPS, MDCPS, BCPS, City of Atlanta and City of Savannah contracts/projects.

Johnson-Laux is experienced in [historic building preservation and restoration](#). We have participated in the restoration of several National Historic Register properties. We understand and believe in the value of preserving the beauty of the past and can walk you through the process and take care of every aspect of restoration. We are proud to provide the best in personal customer service while we will help you rehabilitate a building. We strive to identify, retain and preserve the beauty of every historic building that we work on. We use The Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings as our guide. We protect and maintain, repair and replace as necessary in order to preserve the defining historic characteristics of a building. If a building is eligible, we can point you in the right direction to facilitate historical certification. We can point you to those who will help you prepare documents and assist with other necessary actions to gain tax credits and charitable donation deductions for eligible properties. Whether it's an entire building or a portion thereof, we stand ready to assist.

Any construction company can provide you service and job completion, but Johnson-Laux offers unparalleled commitment to our projects. As a client-driven company, we pour all our energy and attention into your project. We practice the standard of treating each client like they're our only client. We practice what we preach "[Exceptional Customer Service](#)". Our "[Take Ownership](#)" philosophy in concert with our experience, versatility, and commitment to quality has enabled us to secure valuable long term client relationships.

## BID FORM 7: COMPANY PROFILE QUESTIONNAIRE

### *12. Describe any green or environmental initiatives or policies.*

As part of its commitment to being a good corporate citizen and community member, Johnson-Laux is committed to a strong set of **environmental** principles. It is our policy to minimize the environmental impact that may be associated with any of our activities; we work constantly with our global partners, clients, contractors and suppliers to improve efficiency, conserve natural resources and reduce waste and emissions.

Creating a sustainable and environmentally secure future calls for an active approach to preserving and improving the world around us. While we work for the creation of new technologies that will reduce the impact on the environment and reliance on non-renewable natural resources, our projects are designed to meet current environmental standards; several of these projects have been recognized by the USGBC as **LEED Gold Certified**.

We also strive to provide opportunities for those directly affected by existing projects to improve their way of life. Our employees are ahead of the curve with their involvement and drive our continued efforts to be the best possible stewards of the environment.

Two of our proposed staff members have LEED accreditation. Kevin Johnson and John Toth are both LEED AP legacy credential holders. Johnson-Laux recently offered free LEED Green Associates training to any interested employees. Additionally, John Toth is one of only 226 Certified Green Globes professionals in the State of Florida.

### *13. Diversity Program*

Johnson-Laux understands the importance of building a quality team to accomplish any job order that may be assigned to our company. Building a successful team from our local pool of subcontractors, sub-consultants and material vendors will help ensure the project's success. When assigned a job order, our pre-construction teams will immediately spring into action, by inviting the local DBE subs, other local subs and vendors who have the necessary expertise and skills to accomplish the task. Working close with our project management team, the preconstruction team makes sure the subs and vendors are preparing their proposals to accomplish their portion of the work at a fair and reasonable price. Our team goes further by explaining to the vendors the quality and safety expectations that are expected by JLC as well as the Agency.

Once all of the bids from subs and vendors are received, our preconstruction team scopes out each and every quote, comparing each quote to the other for the same identified work. This creates fairness to all parties involved and helps our team produce the best project for our clients.

Johnson-Laux Construction, LLC Construction is a WBE firm and graduate FDOT & GDOT DBE Firm. We promise to work tirelessly to meet and exceed any MBE goals for this contract by continuously seeking out and informing all M/WBE and DBE firms of the opportunities available, right-sizing subcontracts scopes where required or needed.

## BID FORM 7: COMPANY PROFILE QUESTIONNAIRE

### *13. Diversity Program - continued*

JLC understands the necessity of performance and payments bonds in construction contracting. However, we believe that many local subcontractors have the ability and experience to perform the work, but often times requiring subcontractors to furnish bonds will eliminate this opportunity. At JLC, we do not require a subcontractor bond on any subcontractor whose contract work value is under \$500,000. If a certain scope of work may go over this amount, our preconstruction team will find ways to right size the scope in an effort to get the most participation from the approved DBE subs and vendors.

Upon award of this Contract, it is our intention to continue as well as increase our marketing and outreach plan as follows:

- Expanding our existing data base by identifying and contacting any M/WBE contractors and vendors that did not respond during the initial solicitation via phone, fax, email, newspaper/media advertisements and/or announcements.
- Utilizing our organized (by trade categories) directory/database by providing all qualified M/WBE firms with project updates and job order solicitations.
- Establish regular communications with the Agency on advice, updates, program changes, events, and all other outreach methods to ensure that no stone is left unturned .
- Attending local M/WBE applicable events, fairs, expos, and trade shows in order to maximize the exposure of the Contract and available M/WBE subcontractor opportunities available.

*15. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.*

See attached documentation

## BID FORM 7: COMPANY PROFILE QUESTIONNAIRE

22. *Provide your company's subcontracting plan, as described in the scope herein.*

Johnson-Laux construction will self-perform all pre-construction services with no subcontractors nor joint-ventures. The goal of our subcontractor acquisition is to obtain highly qualified subcontractor services while still maintain best value for our clients. To achieve this goal and ensure that the on-site construction team receives construction services for each trade, Johnson-Laux has developed the following subcontractor acquisition and management procedures:

### **Subcontractor Acquisition:**

Johnson-Laux has established a reputation of being a solid performer for our clients and a reputation of being a dependable Construction Manager across Florida, Georgia, and South Carolina. We have databases for a host of Subcontractors in all the trades. We have established very solid relationships with the subcontractors, and have established a process for the evaluation and selection process of subcontractors. The criteria are set based on a weighted average method of calculations with safety being the most important criteria.

In spite of having this extensive database of qualified and reliable subcontractors, Johnson-Laux, is always on the lookout for qualified subcontractors, to be more competitive in the industry. Johnson-Laux uses available Internet databases to find and invite to vendors to participate on its projects. Johnson-Laux collects information for these expos and implements the selection process using a scaled method of selection criteria as noted in the previous paragraph.

### **Concurrent with preparing our eGordian estimate, The Preconstruction team will:**

- *Prepare vendor work packages that include tasks for each trade – This is done to minimize our risk in pricing (assuring there is no gaps and preventing two subs including in their prices the same scope of work)*
- *Identify in the specifications and estimate section of the proposal form the specifications/drawings pertaining to the requirement and contract clauses and provisions that are required to be passed on to the subcontractors, i.e., labor standards, EEO standards, Buy American Act, etc.*
- *Prepare a proposal schedule so that each subcontractor will understand schedule expectations*
- *Include an example subcontractor agreement to minimize any contractually issues early in the process*
- *Determine subcontractor availability – Johnson-Laux is fully willing to comply with any and all Small Business Contracting requirements for the project. We will solicit, pre-qualify, scope, and negotiate with any Small Business Concern deemed a requirement. Prepare a list of pre-qualified subcontractors.*
- *Publicly advertise and solicit competitive lump sum bids/proposals from trade contractors or subcontractors for the performance of all major elements of the work.*
- *Invite a minimum of three subcontractors from our subcontractor database to submit proposals for each Work Package. We will provide a list of which subcontractors were invited to propose and which submitted proposals.*
- *Notify the Agency in writing in advance of all bid related meetings to include pre-bid meetings and bid/proposal openings.*

## BID FORM 7: COMPANY PROFILE QUESTIONNAIRE

*22. Provide your company's subcontracting plan, as described in the scope herein. - continued*

### **Subcontract Execution:**

Upon receipt and opening of the bids, Johnson-Laux preconstruction team will work with the construction team in determining the proposal that provides the best value to the Agency.

After acceptance of a subcontractor's proposal, the Project Manager will prepare a bilateral purchase order/subcontractor agreement, using Johnson-Laux's current formats. The bilateral subcontract agreement will incorporate the specification, drawings, required "flow-down" contract clauses/provision, and other pertinent data for both parties signature. Johnson-Laux will award subcontracts consistent with the small business/small disadvantaged business-subcontracting plan required by the county.

Once Johnson-Laux enters into agreements with a subcontractor, they become a member of our team. We will involve the subcontractors in the planning and scheduling phases, instruct them in safety policies and procedures, and include them in our quality control program. Each subcontractor is expected to follow the schedule and procedures, and a commitment will be obtained from each subcontractor to comply with contract terms and project schedule.

### **Subcontractor Administration:**

During the construction of the project, Johnson-Laux will supervise and inspect the work of all subcontractors as carefully as the work performed by its own crews. We will initiate and implement close communications with each subcontractor through correspondence, weekly progress meetings, Weekly Safety meetings, and Quality Assurance preparatory meetings.

### **Quality Assurance of Subcontractors:**

Through the policy of selecting the "best-value" subcontractors as stated in the preceding section ensures only the qualified subcontractors are selected for participation with us on the project. Further, the policy of obtaining their commitment to us through a certified statement of their commitment to its philosophy of quick response and quality work in essence promotes a "partnering agreement" for each of us to follow. We believe the partnering process with subcontractors will go a long way towards quality of work. Additionally, our pro-active quality control plan and procedures ensures early identification of problems and allows Johnson-Laux to step in and provide needed assistance or complete job takeover.

### **Non-performance by Subcontractors:**

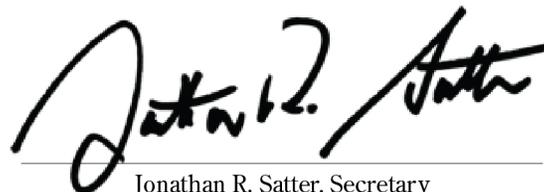

We do what we can to make sure we select the best subcontractors for the project. However we also understand that there may be a subcontractor not performing to our expectations. Also infrequent, we do have a plan to work with that subcontractor to get them to perform to acceptable levels. In the event of non-performance of subcontractors, Johnson-Laux will issue a written cure notice to the subcontractor directing it to rectify the problems within 48 hours of the notification. If the subcontractor fails to correct the problem or there is recurring problem with the performance, we will use labor contractors for the specific trade, to provide it with skilled hourly wage workers. These crews will work directly under the supervision of Johnson-Laux foreman towards the completion of the work. In the case of specialty trades which cannot be performed by its crew, Johnson-Laux will obtain the services of another contractor who can perform the work within the contractually obligated performance period.

Re: Johnson-Laux Construction, LLC  
Job Order Contracting Services, Contract Number: 23-909-027

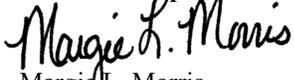

Swiss Re Corporate Solutions America Insurance Corporation(SRCSAIC) has provided surety services for Johnson-Laux Construction, LLC since 2013 through their former entity, North American Specialty Insurance Company(NAS). SRCSAIC has a 2022 Best Rating of A+, XV, is U.S. Treasury listed at \$95,164,000 and is licensed by the Florida Insurance Commissioner to transact business in the state of Florida.

Johnson-Laux Construction, LLC has an impeccable track record, is highly qualified, and manages their clients and customers in a professional manner. SRCSAIC/NAS has supported them with an aggregate surety program up to \$100,000,000 and single projects valued in excess of \$40,000,000. They currently have more than \$20,000,000 in unencumbered and available bonding.

Johnson-Laux Construction, LLC has our highest recommendation; should you award them a contract under the referenced Certification we would be pleased to provide labor and material payment bonds and performance bonds for certain projects up to the bonding capacity.

This letter is not an assumption of liability, nor is it a bid bond or performance bond. It is issued as a bonding reference from us as requested by our client. If we can provide you with any further information in your consideration of Johnson-Laux Construction, LLC please feel free to contact me directly at (407) 834-0022 or via email at [margie@guignardcompany.com](mailto:margie@guignardcompany.com).

## **BID FORM 11: REFERENCES AND EXPERIENCE QUESTIONNAIRE**

*3. Describe your company's past experience with Job Order Contracting estimating and include specific examples of other cooperatives and public agencies where you have performed these services.*

Johnson-Laux's extensive eGordian experience and understanding of IDIQ, Continuing Services, and Job Order Contracting estimating experience undoubtedly provides the required capabilities to successfully estimate and manage multiple concurrent job orders spanning multiple locations throughout the State of Florida. Our strength and abilities lie within our experienced and available JOC eGordian Preconstruction staff and their ability to coordinate joint scope meetings, anticipate unforeseen issues, perform exploratory inspections, research lead times, material availability, forecast manpower needs and plan proactively as opposed to reactively. We are experts in performing fast-track, multi-trade, maintenance, repair, renovation, and new construction projects under the Job Order Contract and procurement process.

In 2001, Johnson-Laux began performing our first Job Order service type contract by serving as continuing maintenance contractor for Hilton Grand Vacations Corporate Campus in Orlando, FL. Since then we have continued to pursue and obtain a number of Job Order, Continuing Services, and IDIQ style contracts with a variety of clients in both the public and private sectors.

*Includes Supporting Documentation*

## **BID FORM 12: VALUE ADD QUESTIONNAIRE**

Bidder must agree to work in cooperation with Pinellas Public Schools and OMNIA Partners to develop a marketing strategy and provide avenues to equally market and drive sales through the Contract and program to all current and potential Members. Bidder agrees to actively market in cooperation with Pinellas Public Schools and OMNIA Partners all available services to current and potential Members.

1. Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing Respondent to perform the covered services including, but not limited to licenses, registrations or certifications. M/WBE, HUB, DVBE, small and disadvantaged business certifications and other diverse business certifications, as well as manufacturer certifications for sales and service must be included if applicable. If certifications and other documentation were already previously provided in above sections, there is no need to duplicate.

Please also list and include copies of any certificates you hold that would show value for your response not already included above.

2. Acknowledge that your organization agrees to provide its company logo(s) to Pinellas Public Schools and OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions.
3. Provide a detailed plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams, to include, but not limited to:
  - a. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days
  - b. Training and education of Supplier's employees (and if applicable sales force) with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days
4. Provide a detailed plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies immediately upon award, that could include, but is not limited to:
  - a. Creation and distribution of a co-branded press release to trade publications
  - b. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days
  - c. Design, publication and distribution of co-branded marketing materials within first 90 days

Section Three: Bid Submission and Required Forms | Performance, Capability, Qualification and Experience Forms

- d. Commitment to attendance and participation with OMNIA Partners at regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement
  - e. Design and publication of regional advertising in trade publications throughout the term of the Master Agreement
  - f. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)
  - g. Dedicated OMNIA Partners internet web-based homepage on Supplier's website with:
    - OMNIA Partners standard logo;
    - Copy of original Request for Proposal;
    - Copy of Master Agreement and amendments between Principal Procurement Agency and Supplier;
    - Summary of Products and pricing;
    - Marketing Materials
    - Electronic link to OMNIA Partners' website including the online registration page;
    - A dedicated toll-free number and email address for OMNIA Partners
5. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.
  6. Acknowledge Supplier agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.
  7. Confirm Supplier will be proactive in direct sales of Supplier's goods and services to Public Agencies and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Supplier's sales initiatives should communicate:

  - a. Explain in detail how the sales teams will work with Gordian and the OMNIA Partners team to implement, grow and service the program.
10. Explain in detail how Supplier will manage the overall program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.
11. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 5 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.
12. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.
13. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.
  - a. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).
  - b. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.
  - c. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).
  - d. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.
  - e. Detail Supplier's strategies under these options when responding to a solicitation.
14. Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing Respondent to perform the covered services

Section Three: Bid Submission and Required Forms | Performance, Capability, Qualification and Experience Forms

including, but not limited to licenses, registrations or certifications. M/WBE, HUB, DVBE, small and disadvantaged business certifications and other diverse business certifications, as well as manufacturer certifications for sales and service must be included if applicable

Please also list and include copies of any certificates you hold that would show value for your response not already included above.

15. Please include any additional products and/or services not included in the scope of the solicitation that you think will enhance and/or add value to this contract participating agencies.
16. If applicable, provide details of and propose additional discounts for volume orders, special manufacturer's offers, minimum order quantity, total annual spend.

### *1. Licenses*

Please see previously attached

### *2. Company Logos*

Johnson-Laux Construction, LLC agrees to provide our logo to Pinellas Public Schools and OMNIA Partners and agrees to provide permission for reproduction of our logo in marketing communications and promotions.

### *3. Our Go-to-Market Strategy*

Our plan to immediately implement the Master Agreement as supplier's primary go to market strategy for public agencies to supplier's teams will start with Johnson-Laux Executive Leadership endorsing and sponsoring the award as the public sector go-to-market strategy within the first 10 days of award. In addition, Johnson-Laux will implement the OMNIA specific Training and Education program for all Suppliers Employees, Sales Force, and Executive Leadership within the first 90 days of award.

The implementation of the go-to market strategy plan for this contract start with our Job Order Contracting Commitment and Experience. We are a Job Order Contractor. 70% of our Revenue comes from JOC and/or Performance based Continuing Services Contracts just like this one. All 102 Johnson-laux employees are JOC experienced. We specifically market JOC. We specialize in Job Order Contracting. We also specializing in constructing projects within and around occupied and functioning facilities, Johnson-Laux has been in business for 22 years, since 2000, performing repair, rehabilitation and construction projects. In 2001, Johnson-Laux Construction began performing our first Job Order service type contract by serving as continuing maintenance contractor for Hilton Grand Vacations Corporate Office in Orlando, FL. Since then we have continued to pursue and obtain a number of Job Order, Continuing Services, and IDIQ style contracts with a variety of clients in both the public and private sectors. Johnson-Laux has successfully performed the following job order service type contracts:

### *4. Marketing Strategy to Current Agencies, Existing Customers, and Prospective Agencies*

Within the first 90 days of award, Johnson-Laux will publish the announcement of the Master Agreement details and contact information on our website, commence with the design, publication and distribution of co-branded marketing materials, as well as the creation and distribution of co-branded press releases to trade publications. We are committed to attending and participating with OMNIA partners at regional NIGP meetings, cooperative summits, trade shows, conferences and meetings throughout the term of the Master Agreement as well as designing and publishing regional advertising in trade publications, ongoing marketing and promotion, case studies, collateral pieces, presentations, and promotions. In addition, Johnson-Laux will provide a dedicated OMNIA Partners Internet web-based home page on our website.

Our plan to market the master agreement to current participating public agencies immediately upon award includes our commitment to actively promoting the Job Order Contract by establishing a marketing program that will advance the use of this contract throughout our respective awarded Regions while establishing a team structured partnership relationship with OMNIA and its members. Our firm's marketing efforts will be led by Steve Adams, Director of Business Development for Johnson-Laux Construction. His significant JOC and IDIQ contract experience, Passion for exceptional customer service and a can do attitude will ensure the development of long term successful relationships with both existing and new OMNIA members. To assist Steve in the marketing efforts, Johnson-Laux has added to its staff an assistant Business Development Rep as well as a Marketing Coordinator to promote the State of Florida OMNIA Cooperative Purchasing program. This commitment of additional staff allows Johnson-Laux Construction to visit the decision makers in our awarded areas more often, which allows us to gain a better understanding of their needs. By listening to our potential clients concerning their needs, we are more able to show and explain how the JOC program can help them with their construction and repair projects.

Our philosophy is that marketing and customer service go hand in hand and involve each and every one of our company staff members from company principals, project managers, superintendents, accounting personnel, administration, laborers, and all of our subcontractors and vendors. Our marketing efforts will begin immediately upon award of the Contracts; our plan consists of developing an in-depth understanding of the OMNIA Cooperative structure and its membership in order to provide us with the foundation and proper knowledge to begin our endeavor. With the permission and guidance of OMNIA, we will identify all current member cities, counties, governmental agencies, colleges, universities, and other non-profit organizations in an effort to introduce our firm's qualifications and management staff. We will maintain regular contact with all members in an effort to schedule in-person introduction meetings in order to understand their needs, their staffing structure, their protocol, and to be ready, willing and able to immediately respond when called upon.

We will follow up via telephone correspondence on a monthly basis to discuss potential current projects, current needs, assignments, future projects and to coordinate and schedule regular bi-monthly and/or quarterly in-person meetings. We will follow through with all requests, and continually meet and exceed their needs. Our plan also consists of identifying all local, qualified vendors and subcontractors in each and every region. We will interview the local subcontractors in order to gain knowledge and insight to which entities and/or agencies that they possess relationships with and request their assistance for introduction meetings with the applicable contracting and purchasing personnel. Our efforts to market to non OMNIA members will consist of the appropriate guidance, permission, best practices, do's and don'ts, and the assurance that Johnson-Laux will closely coordinate with OMNIA and adhere to all proper service cooperative protocol.

Our approach for non-member marketing will include the same requests for introduction meetings, follow up

## BID FORM 12: VALUE ADD QUESTIONNAIRE

teleconferences, monthly and/bi monthly in-person meetings, production and submittal of OMNIA approved literature explaining our capabilities, our qualifications, the JOC program, Johnson-Laux, OMNIA Members and The Gordian Group references, as well as the numerous benefits of the JOC program such as; Easy and Convenient Procurement and Construction Process Faster Response Time to Accomplish Projects Fixed Price Construction Contractor "On Call" 24 hours a day, 7 Days a Week High Level of Quality Pre-Qualified Proven Performance based Contractor Positive "Can Do" Team Approach and Attitude Non-adversarial/Partnership Relationship Emergency Response Capability OMNIA Membership Benefits JOC/The Gordian Group Support Structure and Training We believe that marketing does not end with the award of a project. It does not end with a phone call. It does not end with a meeting or a brochure. Marketing is not a simple task and does not rest solely on the shoulders of one person.

At Johnson-Laux, our entire firm realizes that our marketing efforts and approach is a company wide ongoing responsibility of each and every one of our team members. At Johnson-Laux, our marketing starts and ends with our communication, customer service, and performance. Exceptional performance and customer service leads to repeat work which in turn leads to successful long term client relationships. Any construction company can offer job completion, but at Johnson-Laux Construction we realize that without our clients, we would not be in existence and without our continued marketing approach led by our philosophy of treating each and every client like they are our only client, we would not have any of our longstanding repeat client relationships.

### *5. Transition of existing agencies*

Johnson-Laux will make every effort to transition our existing public agency customer accounts to the Master Agreement available through OMNIA Partners. Below is a list of our current cooperative contracts:

- Sourcewell - Florida
- Sourcewell - Georgia
- Sourcewell - Maryland
- Sourcewell - Virginia

### *6. OMNIA Partners logos*

Johnson-Laux acknowledges that use of OMNIA Partners logo will require permission for reproduction.

### *7. Sales Initiatives*

Johnson-Laux will be proactive in direct sales of goods and services to Public Agencies and the timely follow up to leads established by OMNIA Partners. Steve Adams will serve as the Business Development Director/Account Manager for the Master Agreement and has served in the same role within the state of Florida for the past ten years. Steve will work in cooperation with OMNIA to develop a marketing strategy and provide avenues to equally market and drive sales through the Master Agreement and program to all OMNIA Partners and Potential Partners. Steve will actively market in cooperation with OMNIA all available services to current Partners, as well as Potential Partners. Mr. Adams will be assisted by Brandi Rogers, our Marketing Coordinator. In addition our sales initiatives will communicate that the Master Agreement was competitively solicited and publicly awarded by a principal procurement agency, that it contains the best government pricing, that there is no cost to participate, and the agreement is non-exclusive.

## BID FORM 12: VALUE ADD QUESTIONNAIRE

### *8. Sales Training*

Johnson-Laux will train its sales force on the Master Agreement and at a minimum our sales training will include key features of the Master Agreement, working knowledge of the solicitation process, awareness of the range of public agencies that can utilize the Master Agreement, and Knowledge of the benefits of the use of cooperative contracts.

### *9. Organization Structure*

Johnson-Laux Construction proposes the following contract management plan and organization structure, which is designed to deliver superior results. In order to maintain operational efficiency and achieve industry best practices, the team is structured to maintain accountability through a single point of contact at the Project Manager level. The Project Manager is trained to most effectively guide external vendors and internal users from initial conception through punch-list completion.

The functions, responsibilities and identities of our proposed on site project management staff include the following IDIQ/JOC experienced personnel:

#### ***Executive Contact:***

Kevin Johnson will serve as the Executive Contact for the OMNIA JOC and will be responsible for the success of the engagement. Kevin Johnson is a licensed General Contractor and a LEED AP with 28 years of Construction Management experience. Kevin possesses extensive experience with the e-Gordian® software construction task catalog/estimating system. Kevin will be assigned to this contract for the entire duration.

#### ***Account Manager:***

Steve Adams will serve as the Account Manager and Marketing Director for the OMNIA JOC and has served in the same role within the state of Florida and Georgia for the past ten years. Steve will work in cooperation with OMNIA Partners to develop a marketing strategy and provide avenues to equally market and drive sales through the Agreement and program to all OMNIA Partner Agencies and Potential Agencies. Steve will actively market in cooperation with OMNIA all available services to current Partners, as well as Potential Agencies. Mr. Adams will be assisted by Brandi Rogers, our Marketing Coordinator.

#### ***Contract Manager:***

John Toth will serve as the Contract Manager for the OMNIA JOC and has an extensive management and customer service background. John has managed all Florida Operations and our current State of Florida IDIQ contract for the past 16 years. John will be assigned to this contract for the entire duration. Mr. Toth will be the point of contact (POC) for OMNIA, OMNIA Partner Agencies, and The Gordian Group

#### ***Project Managers:***

James Powell is the proposed Primary Project Manager for the OMNIA JOC. James has been the primary PM for our Florida IDIQ for the past year and holds the specific and extensive IDIQ/JOC experience required for this exciting endeavor. Johnson-Laux employs numerous JOC experienced PMs in the state of Florida who will assist Mr. Powell when the number of projects exceeds the capability of a single project manager.

Mitch Menard, as your JOC Project Manager, has the technical disciplines which are required for IDIQ/JOC. In this vital role, his primary responsibilities include schedule preparation, pre-planning and resource forecasting for engineering and other technical activities relating to the project. He will ensure performance management of vendors and that projects are completed according to project plans. Mitch also manages project team resources and training.

## BID FORM 12: VALUE ADD QUESTIONNAIRE

### *Proposal Managers/Estimators:*

Paul Fostock and Ronnie Hewan are the Estimators for the OMNIA JOC and will oversee all cost estimating activities. They will have the responsibility to prepare work order proposal packages and negotiate with subcontractors. Both Paul and Ronnie hold the specific and extensive IDIQ/JOC experience required for this exciting endeavor with the State of Florida.

### *Project Superintendents:*

Our depth of experienced Superintendents for this contract will have the responsibility to supervise all construction activities. The majority of our Superintendents have more than 10 years of field management experience. All possess OSHA 30 certification, and all are experienced IDIQ Field Managers. Other field management and/or job site support staff will be added for peak workload requirements as required.

### *Project Coordinator:*

Shannon Zeilic will be our project administrator for this contract. Ms. Zeilic brings to Johnson-Laux a number of years of experience in task order project coordination. She has extensive experience in working closely with owners, architects, engineers, and space planners. Her responsibilities include the procurement of subcontracts/purchase orders/change orders, submittal management, plans coordination and preparation of RFIs. Her 17 years of project administration experience includes medical, educational, government, office, and airport projects.

Our proposed management and support staff will be committed to working with Gordian and OMNIA Partners team to implement, grow and service the program.

In this vital role, his primary responsibilities include schedule preparation, pre-planning and resource forecasting for engineering and other technical activities relating to the project. He will ensure performance management of vendors and that projects are completed according to project plans. Mitch also manages project team resources and training.

**BID FORM 12: VALUE ADD QUESTIONNAIRE**

***Proposal Managers/Estimators:***

Paul Fostock and Ronnie Hewan are the Estimators for the OMNIA JOC and will oversee all cost estimating activities. They will have the responsibility to prepare work order proposal packages and negotiate with subcontractors. Both Paul and Ronnie hold the specific and extensive IDIQ/JOC experience required for this exciting endeavor with the State of Florida.

***Project Superintendents:***

Our depth of experienced Superintendents for this contract will have the responsibility to supervise all construction activities. The majority of our Superintendents have more than 10 years of field management experience. All possess OSHA 30 certification, and all are experienced IDIQ Field Managers. Other field management and/or job site support staff will be added for peak workload requirements as required.

***Project Coordinator:***

Shannon Zeilic will be our project administrator for this contract. Ms. Zeilic brings to Johnson-Laux a number of years of experience in task order project coordination. She has extensive experience in working closely with owners, architects, engineers, and space planners. Her responsibilities include the procurement of subcontracts/purchase orders/change orders, submittal management, plans coordination and preparation of RFIs. Her 17 years of project administration experience includes medical, educational, government, office, and airport projects.

BID FORM 14: Federal Certifications

## BID FORM 14: FEDERAL CERTIFICATIONS

### TO WHOM IT MAY CONCERN:

**Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.**

---

### DEFINITIONS

---

**Contract** means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

**Contractor** means an entity that receives a contract as defined in Contract.

**Cooperative agreement** means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302–6305:

- (a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;
- (b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.
- (c) The term does not include:
  - (1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or
  - (2) An agreement that provides only:
    - (i) Direct United States Government cash assistance to an individual;
    - (ii) A subsidy;
    - (iii) A loan;
    - (iv) A loan guarantee; or
    - (v) Insurance.

**Federal awarding agency** means the Federal agency that provides a Federal award directly to a non-Federal entity

**Federal award** has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

- (a)(1) The Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or
- (2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.
- (b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.
- (c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).
- (d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

**Non-Federal entity** means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

**Nonprofit organization** means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

- (a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
- (b) Is not organized primarily for profit; and

Section Three: Bid Submission and Required Forms | Federal Funds Certifications and Forms

(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

**Obligations** means, when used in connection with a non-Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

**Pass-through entity** means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

**Recipient** means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

**Simplified acquisition threshold** means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is \$250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

**Subaward** means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

**Subrecipient** means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

**Termination** means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following certifications and provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of Appendix II to Part 200, as applicable.

BID FORM 15: FEMA Special Conditions

## **BID FORM 15: FEMA SPECIAL CONDITIONS**

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

“Contract” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the “Master Agreement”.

“Contractor” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as “Supplier” or “Awarded Supplier”.

### **Conflicts of Interest**

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a “financial interest” to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an “apparent” conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency (“NFE”) must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE’s may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE’s written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE’s employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

### **Contractor Integrity**

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended as described in Chapter III, ¶ 6.d must be rejected and cannot receive contract awards at any level.

### **Public Policy**

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws

*The School Board of Pinellas County Prohibits Discrimination In All Purchasing and Contracting*

- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

**Affirmative Steps**

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

**Prevailing Wage Requirements**

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

**Federal Requirements**

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

**2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses**

1. Termination for Convenience:

The right to terminate this Contract for the convenience of the Participating Public Agency is retained by the Participating Public Agency. In the event of a termination for convenience by the Participating Public Agency, the Participating Public Agency shall, at least ten (10) calendar days in advance, deliver written notice of the termination for convenience to Contractor. Upon Contractor's receipt of such written notice, Contractor immediately shall cease the performance of the Work and shall take reasonable and appropriate action to secure and protect the Work then in place. Contractor shall then be paid by the Participating Public Agency, in accordance with the terms and provisions of the Contract Documents, an amount not to exceed the actual labor costs incurred, the actual cost of all materials installed and the actual cost of all materials stored at the project site or away from the project site, as approved in writing by the Participating Public Agency but not yet paid for and which cannot be returned, and actual, reasonable and documented demobilization costs, if any, paid by Contractor and approved by the Participating Public Agency in connection with the Scope of Work in place which is completed as of the date of termination by the Participating Public Agency and that is in conformance with the Contract

Documents, less all amounts previously paid for the Work. No amount ever shall be owed or paid to Contractor for lost or anticipated profits on any part of the Scope of Work not performed or for consequential damages of any kind.

2. Equal Employment Opportunity:

The Participating Public Agency highly encourages Contractors to implement Affirmative Action practices in their employment programs. This means Contractor should not discriminate against any employee or applicant for employment because of race, color, religion, sex, pregnancy, sexual orientation, political belief or affiliation, age, disability or genetic information.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *Provided*, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

3. “During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules,

- regulations, and orders.
- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided bylaw.
  - (7) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States."

4. Davis Bacon Act and Copeland Anti-KickbackAct.

- a. Applicability of Davis-Bacon Act. The Davis-Bacon Act only applies to the emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program. **It does not apply to other FEMA grant and cooperative agreement programs, including the Public Assistance Program.**
- b. All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction)). See 2 C.F.R. Part 200, Appendix II, ¶ D.
- c. In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.
- d. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
- e. In contracts subject to the Davis-Bacon Act, the contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors

and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

- f. The regulation at 29 C.F.R. § 5.5(a) does provide the required contract clause that applies to compliance with both the Davis-Bacon and Copeland Acts. However, as discussed in the previous subsection, the Davis-Bacon Act does not apply to Public Assistance recipients and subrecipients. **In situations where the Davis-Bacon Act does not apply, neither does the Copeland “Anti-Kickback Act.”** However, for purposes of grant programs where both clauses do apply, FEMA requires the following contract clause:

“Compliance with the Copeland “Anti-Kickback” Act.

- (1) Contractor. The contractor shall comply with 18 U.S.C. § 874, 40U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- (2) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses
- (3) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.”

5. Contract Work Hours and SafetyStandards Act.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Where applicable (see 40 U.S.C. § 3701), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II, ¶ E.
- c. Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek.
- d. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

- e. The regulation at 29 C.F.R. § 5.5(b) provides the required contract clause concerning compliance with the Contract Work Hours and Safety Standards Act:

“Compliance with the Contract Work Hours and Safety Standards Act.

- (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- (3) Withholding for unpaid wages and liquidated damages. The (write in the name of the Federal agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
- (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.”

6. Rights to Inventions Made Under a Contract or Agreement.

- a. Stafford Act Disaster Grants. This requirement **does not apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs**

*The School Board of Pinellas County Prohibits Discrimination In All Purchasing and Contracting*

Assistance Grant Program, as

FEMA awards under these programs do not meet the definition of “funding agreement.”

- b. If the FEMA award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II, ¶ F.
  - c. The regulation at 37 C.F.R. § 401.2(a) currently defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.
7. Clean Air Act and the Federal Water Pollution Control Act. Contracts of amounts in excess of \$150,000 must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II, ¶ G.

- a. The following provides a sample contract clause concerning compliance for contracts of amounts in excess of \$150,000:

“Clean Air Act

- (1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
- (2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
- (3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

- (1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

- (2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
- (3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.”

8. Debarment and Suspension.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Non-federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security’s regulations at 2 C.F.R. Part 3000 (Non procurement Debarment and Suspension).
- c. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II, ¶ H; and *Procurement Guidance for Recipients and Subrecipients Under 2 C.F.R. Part 200 (Uniform Rules): Supplement to the Public Assistance Procurement Disaster Assistance Team (PDAT) Field Manual* Chapter IV, ¶ 6.d, and Appendix C, ¶ 2 [hereinafter *PDAT Supplement*]. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at [www.sam.gov](http://www.sam.gov). See 2 C.F.R. § 180.530; *PDAT Supplement*, Chapter IV, ¶ 6.d and Appendix C, ¶ 2.
- d. In general, an “excluded” party cannot receive a Federal grant award or a contract within the meaning of a “covered transaction,” to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a “covered transaction,” which is any non-procurement transaction (unless excepted) at either a “primary” or “secondary” tier. Although “covered transactions” do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS’s implementing regulations, it does include some contracts awarded by recipients and subrecipient.
- e. Specifically, a covered transaction includes the following contracts for goods or services:
  - (1) The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
  - (2) The contract requires the approval of FEMA, regardless of amount.
  - (3) The contract is for federally required audit services.
  - (4) A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.

- d. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified:

“Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by (insert name of subrecipient). If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to (name of state agency serving as recipient and name of subrecipient), the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.”

9. Byrd Anti-Lobbying Amendment.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Contractors that apply or bid for an award of \$100,000 or more must file the required certification. See 2 C.F.R. Part 200, Appendix II, ¶ I; 44 C.F.R. Part 18; *PDAT Supplement*, Chapter IV, 6.c; Appendix C, ¶ 4.
- c. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. See *PDAT Supplement*, Chapter IV, ¶ 6.c and Appendix C, ¶ 4.
- d. The following provides a Byrd Anti-Lobbying contract clause:

“Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract,

grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.”

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements (To be submitted with each bid or offer exceeding \$100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

**The Contractor, Johnson-Laux Construction, LLC, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 *et seq.*, apply to this certification and disclosure, if any.**

10. Procurement of Recovered Materials.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, Pub. L. No. 89-272 (1965) (codified as amended by the Resource Conservation and Recovery Act at 42 U.S.C. § 6962). See 2 C.F.R. Part 200, Appendix II, ¶ J; 2 C.F.R. § 200.322; *PDAT Supplement*, Chapter V, ¶ 7.
- c. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- d. The following provides the clause that a state agency or agency of a political subdivision of a state and its contractors can include in contracts meeting the above contract thresholds:

“(1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA- designated items unless the product cannot be acquired—

- (i) Competitively within a timeframe providing for compliance with the contract performance schedule;
- (ii) Meeting contract performance requirements; or
- (iii) At a reasonable price.

(2) Information about this requirement, along with the list of EPA- designate items, is available at EPA’s Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.”

11. Additional FEMA Requirements.

- a. The Uniform Rules authorize FEMA to require additional provisions for non-Federal entity contracts. FEMA, pursuant to this authority, requires or recommends the following:
- b. Changes.  
To be eligible for FEMA assistance under the non-Federal entity’s FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item

procured.

c. Access to Records.

All non-Federal entities must place into their contracts a provision that all contractors and their successors, transferees, assignees, and subcontractors acknowledge and agree to comply with applicable provisions governing Department and FEMA access to records, accounts, documents, information, facilities, and staff. See DHS Standard Terms and Conditions, v 3.0, ¶ XXVI (2013).

d. The following provides a contract clause regarding access to records:

“Access to Records. The following access to records requirements apply to this contract:

(1) The contractor agrees to provide (insert name of state agency or local or Indian tribal government), (insert name of recipient), the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.”

12. DHS Seal, Logo, and Flags.

a. All non-Federal entities must place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval. See DHS Standard Terms and Conditions, v 3.0, ¶ XXV (2013).

b. The following provides a contract clause regarding DHS Seal, Logo, and Flags: “The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval.”

13. Compliance with Federal Law, Regulations, and Executive Orders.

a. All non-Federal entities must place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

b. The following provides a contract clause regarding Compliance with Federal Law, Regulations, and Executive Orders: “This is an acknowledgement that FEMA financial assistance will be used to fund the contract only. The contractor will comply will all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.”

14. No Obligation by Federal Government.

a. The non-Federal entity must include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to

*The School Board of Pinellas County Prohibits Discrimination In All Purchasing and Contracting*

Section Three: Bid Submission and Required Forms | FEMA Special Conditions

any matter resulting from the contract.

- b. The following provides a contract clause regarding no obligation by the Federal Government: “The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.”

15. Program Fraud and False or Fraudulent Statements or Related Acts.

- a. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.
- b. The following provides a contract clause regarding Fraud and False or Fraudulent or Related Acts: “The contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor’s actions pertaining to this contract.”

Additional contract clauses per 2 C.F.R. § 200.325

For applicable construction/reconstruction/renovation and related services: A payment and performance bond are both required for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided in the contract.
