Elevated Services

Customized services to meet specific client needs

GovDeals recognizes that various government agencies have different needs. **In this spirit, we offer ceiling pricing of an additional 20% fee (total fee up to 32.5%) to accommodate special circumstances warranting elevated services.** These services are offered on a case-by-case basis.

These services may include, in addition to the services previously described in the contract, taking photographs/video of assets for promotion and sale purposes; uploading descriptive content and media to create auction listings; full-service tasks such as transportation and storage of assets (limited to areas where such service is offered) and total management of the auction process; as well as other peripheral services as mutually agreed.

Note: When a client requests this elevated service model, GovDeals will review the client's specific needs, projected volume, and other relevant details of the prospective account to determine this option's availability on a per-case basis.

For additional information on this option's availability on a per-case basis, please contact:
