Market Basket Update; Grainger is requesting a pricing update on items in the national market basket due to market conditions described in the attached justification document. Grainger continues to monitor the market and assess pricing to our customers on an ongoing basis. The price update only impacts 63 of the 248 items in the national market basket. We commit to revisiting these items regularly to insure pricing is market relevant and represents the best value to Region 4 customers. Re-assessment of prices will be done in December, 2022 at which time if prices need to remain (or change), a new contract update will be re-submitted, otherwise prices will revert back to today's pricing after December 31, 2022.
