CONTRACT HIGHLIGHTS

Contract #R200901

Unified Communications as a Service (UCaaS)

AWARDED BY REGION 4 ESC-TX

Contract #01-99

Telecommunication Services

AWARDED BY REGION 14 ESC-TX

BENEFITS

Granite provides voice, data, cellular & managed service solutions to public sector agencies nationally. Supporting a meshed network of solutions, Granite is the leader in multi-site modernized rollouts. Granite's products & services are available on a competitively solicited, publicly awarded cooperative contract through OMNIA Partners.

Accounts Payable, Simplified

- Regardless of service type or last mile carrier, your billing cycle is consolidated into one. Need multiple accounts under one? You decide what you receive.

Rock Reports

- With our customizable dashboard, you have access to change the items important to you. Get peace of mind on your telecom services with views on current inventory and reporting, including features such as: Asset Management, Invoices and Payments, Moves, Adds and Changes, Trouble Tickets, Issue Resolution, and more.

Single Point of Contact

- All public sector customers receive an assigned team that is dedicated to supporting your team, as an extension to your team. This includes moves, adds, changes, ticketing, billing, reporting & customization.
