

Supply Chain Decarbonization Opportunity Map

We categorize corporate spend data and align spend categories with carbon dioxide emissions factor estimates to provide an estimate of carbon emissions by spend subcategory. We then characterize each spend category by the purchaser's ability to influence suppliers to meet decarbonization objectives in order to identify those sub-categorize that represent the greatest decarbonization opportunities for corporate Scope 3 decarbonization efforts.

ABOUT INSIGHT SOURCING GROUP

Insight Sourcing Group is the premier firm in North America exclusively focused on procurement optimization and Procurement Value Creation™. Founded in 2002, ISG's capabilities are designed to accelerate impact through the expertise of its 250+ procurement experts, its market-leading Category Center-of-Excellence model, and practices specializing in Advanced Analytics, Private Equity, Supplier Diversity and Energy Management & Sustainability.
