KONICA MINOLTA OFFERINGS

FOR MEMBERS OF OMNIA PARTNERS GPO

Konica Minolta offers members of OMNIA PARTNERS an expansive portfolio of technology products, innovative solutions, and world class services to help improve your operations and enhance how you work. As many organizations have been rethinking how they will work in the future and what they will need to do to work smarter, Konica Minolta can guide you to the best solution to fit your needs. We have configured these offerings into four groups to influence key areas of business.

RETHINK THE FUTURE OF WORK

Remote Work

As businesses rethink work and reexamine what they need for productive remote workers, we are not only thinking of mobility but also security for your devices. Now might be the time to consider cloud services to be more agile.

- Home Assurance
- Managed Mobility Services
- Content Management Access
- Onsite Managed Services

Onsite Managed Services

Outsource non-core essential services so your team can focus on business growth and stability. With a Digital Mailroom, Remote Print Centers and Package & Locker Services, you further enable your team to work from anywhere.

- Digital Mailroom
- Package Delivery
- Print Center Management
- Reception/Conference Room Solutions
- Shipping, Receiving and Package Delivery

TECHNOLOGY PRODUCTS

Multifunctional Devices and Office Printers

Depending on your fleet needs, we can show you our latest innovations with print devices and support any size office — even at home.

- B&W and Color Multifunction Devices
- Desktop printers and Scanners
- Print Management

Video Security Solutions

The physical security of your facility and its perimeter is important to your employees and to you. We ensure detection for intruders, parking lot safety and interior facility monitoring. Our thermal solutions even work as a first-level screening for elevated body temperatures.

- Facility Monitoring
- Employee and Visitor Safety
- MOBOTIX Thermal and Hemispheric 360° Cameras with Automatic Temperature Alarms
- Elevated Body Temperature Detection

MANAGED SERVICES & SOLUTIONS

Intelligent Information Management Services

Enable remote workers to access information in a secure, content-rich environment. Automate information capture, approvals and version control in a central repository. Convert physical documents into digital files making them searchable while easy to archive.

- BPO-Digitize analog information
- Business Process Mapping
- AP/AR/HR Automation
- RPA Task Augmentation
- Content & Case Management

Managed IT

Outsource your service desk and get extra help with stalled projects. Simplify your tech purchases and managing their lifecycle. Address cybersecurity challenges. Think about how the cloud will enhance your remote work agility.

- IT Service Desk
- App Development
- Cybersecurity Services
- IT Procurement
- ITAD and Asset Provisioning
- Cloud Services
