KI FIXED SEATING OVERVIEW

Lecture halls directly reflect a facility's image and are a key component in attracting and retaining students. With KI fixed seating, you can create inspired spaces that enhance the learning experience and foster student success.

Fixed-flexible environments combine the right balance of static and dynamic. State-of-the-art, technology-rich lecture spaces include an unprecedented degree of flexibility and versatility. Seats that rotate enable the formation of teams quickly and efficiently. Yet stationary bases and automatic memory seat-returns maintain an orderly, uncluttered room appearance.

UNIVERSITY SEATING

University seating is an integral part of any interactive learning or training environment.

Fixed worksurfaces provide space for writing, computing or collaborating. Swing-away arms support eleven seating styles – for the look, the comfort, and the price that's just right. Seats swivel and align automatically when vacated – so rooms never look cluttered. And, optional 360-degree swivel enables shared workspace collaboration.

15-year warranty

OPTIONS

- Three power module locations: in-surface, pop-up, or undersurface
- Height-adjustable seats
- 360-degree swivel seats options
- Eleven seating styles

- Curved, straight, or angled rows
- Flat or sloped floor mounts

4A base with swing arm allows 360-degree seat rotation, which promotes collaboration.

Modesty panels available in a variety of styles and materials - acrylic shown.

SEMINAR TABLES

Fixed Seminar tables meet a wide range of space requirements. Permanently mounted pedestal legs support continuous worksurfaces arranged in straight, curved, or angled configurations.

In conjunction with loose seating or fixed Jury Base seating, arrangements are flexible and students can collaborate by gathering around the fixed worksurfaces.

15-year warranty
