

A reliable partnership: Kyocera and Omnia for your business

At Kyocera Document Solutions America, we build technology that delivers results. Our office products are designed to improve productivity, strengthen security, and increase sustainability. Each MFP and printer reflects our commitment to solving your business challenges. We're here to help you meet today's demands and prepare for tomorrow's success. Trust us. With Kyocera and Omnia, you're in excellent hands.

Discover the benefits
of working with
Kyocera and Omnia

Reliability.

Kyocera's robust devices are designed to meet the needs of today's hybrid workforce and provide consistent quality over time. Want proof? Look at the numbers.

Under rigorous testing, our floor models averaged just 1 misfeed for every 197,058 impressions. That optimal uptime can save you time and money. Plus, when investing in our technology, you can trust that it will deliver again and again, for the entire life of your MFP or printer.

Industry recognition from Keypoint Intelligence:

BLI 2025-27 Most Reliable A3 Brand Award. Kyocera's A3 devices had only 17 misfeeds across 3.35 million impressions.

BLI 2024-26 Most Color Consistent A3 Brand Award. After years of rigorous testing, our devices demonstrated excellent color quality maintained over time.

Productivity.

As problem-solvers, we know when every second counts, small improvements go a long way. Our goal is to give you solutions that are quick and simple to use.

We have efficient utilities which allow users to configure their desktop device in as little as 10 minutes. Other features such as ID Card Copy and Color Optimizer make it easy for you to create professional-level materials on the first try.

Having these capabilities at your fingertips will help reduce the energy you spend on tedious, repetitive tasks. This way, you have time and space to focus on strategic projects.

Security.

Kyocera places paramount importance on security, equipping devices with advanced features to safeguard your organization's sensitive information. Our K-Level security protects against unauthorized access and cyber threats with:

-  **Robust encryption protocols**
-  **Secure boot processes**
-  **Runtime integrity checks**

These features ensure that only authorized personnel can access confidential documents, maintaining the integrity of your data and safeguarding your information.

By leveraging Kyocera's security solutions, your organization can operate with confidence, knowing that information is protected by technology designed to meet the evolving challenges of today's digital landscape.

Sustainability.

Environmental responsibility has been a priority for Kyocera since 1959 and continues to shape how we design our products. Our devices are built with energy-efficient features that consume less power without compromising performance, helping organizations reduce their footprint while cutting costs.

Kyocera's long-life components also reduce the impact of wear-and-tear and the need for expensive repairs. This leads to fewer service calls and lower maintenance costs over the life of the product, providing substantial savings for your business.

By choosing Kyocera, you can benefit from high-performance solutions that let you work greener while saving green for your organization.

 **Long-life components**

 **Energy-saving sleep mode**

 **ECO footPRINT Toner Recycling Program**

 **Fewer service techs on the road**

Kyocera Document Solutions has championed innovative technology since 1934. We enable our customers to turn information into knowledge, excel at learning and surpass others. With professional expertise and a culture of empathetic partnership, we help organizations put knowledge to work to drive change.
