RE: Region 4 ESC RFP #19-05 for Educational School Supplies

Dear Region 4 ESC and OMNIA Partners Staff,

Thank you for providing Lakeshore Learning Materials the opportunity to respond to **Region 4 ESC RFP #19-05 for Educational School Supplies**.

Lakeshore is dedicated to creating innovative educational materials and furniture that spark young imaginations, instill a sense of wonder, and foster a lifelong love of learning. With materials, furniture, and environments for infants, toddlers, and children through the 6th grade, we help children reach developmental milestones and achieve educational goals—while still having fun!

Lakeshore is proud to have over 70 knowledgeable people around the United States that comprise our sales force. As the needs of the industry are ever changing, our consultants continue to learn and evolve to meet and exceed those needs. You can be confident that your local Lakeshore representative Richard Gomez, is an experienced, practiced professional who understands the needs of teachers and classrooms in all settings.

Like many great enterprises, Lakeshore started with one person taking a chance. An Omaha homemaker named Ethelyn decided to pack up her family and move to California to open a toy store back in 1954. The move was a bit unconventional for a woman in 1950s America, but then again, entrepreneurs don't typically follow the status quo. Initially, Ethelyn focused on selling toys to parents, but before long, local schools started calling her for art materials and other classroom supplies. Ethelyn listened to her customers. Sensing an untapped market, she sold the store and started Lakeshore Learning Materials.

Eventually, Ethelyn's sons, Charles and Michael, joined the business—expanding operations and turning Lakeshore into a million-dollar company within just a few years. When Ethelyn retired in 1971, Michael assumed the duties of CEO, while Charles became the Vice President in charge of merchandise and buying. Today, Michael's sons, Bo and Josh, are an integral part of the business as well—having worked their way up from summer jobs in the warehouse to President/CEO and President of Merchandising, respectively.

To this day, Lakeshore maintains the same strict standards that first made us great! Every product we make is distinguished by its quality, safety, educational merit and play value. And naturally, every Lakeshore product is backed by our ironclad guarantee: If you are unhappy with any item for any reason you may return it for a full refund or exchange...no questions asked! If you have any questions or need help with an order, just contact our Customer Service department. We'll make sure you get in touch with a real, live person who can address your needs.

xi. Describe Offeror’s invoicing process.

Lakeshore’s Response:

Once an order is received, it is manually entered, verified, and reviewed for adherence to our contractual agreement before being released. After being sent electronically to our Warehouse Management System, a workflow specialist sends the order into the automated lines of our distribution center. This maximizes efficiency for the thousands of orders we process each day. Because your inside partner, Lisa Amado works closely with Region 4 ESC, she will be the main point of contact when you need to track an order. She is available by phone, fax, or e-mail. Lisa will be able to find out when the order shipped and an estimated delivery date.

During the time your order reaches our warehouse to prepare for shipping, our Accounting department prepares your invoice to be mailed when your order ships complete. We can accommodate requests for individual locations to receive invoices when they are both the “bill to” and “ship to” address. Our options for electronic billing will be contingent on your specific needs and software requirements. We are currently involved in electronic invoicing projects with several school districts and agencies. If you would like to explore this option with Lakeshore, we will be pleased to have our Information Technology Manager speak with you regarding your specific needs and requirements to determine if our system will be compatible with yours.

If an order happens to contain a backordered item, we won’t send an invoice until the entire order has shipped complete. Lakeshore’s standard payment terms are Net 30 Days. Our audit / control features & process of our billing structure is quite simple. On the first of each month, we run billing statements for all customers with an invoice over 45 days old.

xii. Describe Offeror’s contract implementation/customer transition plan.

Lakeshore’s Response:

Upon award, your dedicated Lakeshore representative Richard Gomez will reach out to confirm all post-award requirements and provide a timeframe for delivery of goods. All personnel assigned to the account will be briefed on contractual requirements. Customers will be transitioned on a case-by-case basis.

If your order includes furniture or other goods needing installation, Lakeshore offers installation services, as outlined below.

Delivery of Goods

Lakeshore typically ships over a million boxes via UPS each year, with four to eight UPS semi-truckloads leaving our warehouses every day. We contract with five trucking companies that deliver 45,000 truckloads of materials each year to different regions across the country, and that number is growing.

Delivery Time is 7-10 business days ARO for ship-to destinations within the contiguous United States. With the opening of our new Distribution Center in Kentucky, transit time will be reduced to 2-3 business days!

Lakeshore is flexible and can alter delivery and installation schedules if Region 4 ESC's schedule changes.

xv. Describe the Offeror's safety record.

Lakeshore's Response:

At Lakeshore, children's safety is our highest priority—and we know it's the top concern of our customers, too. That's why we want to provide you with detailed information about Lakeshore's testing and certification process...and share with you the rigorous steps we take to ensure our products are safe.

In the 64 years that we've been in business, Lakeshore has always been a huge step ahead when it comes to safety. Not only are we in full compliance with all the current U.S. safety regulations, but we also have our own in-house Quality Assurance Team that tests and inspects every item we carry with even more rigorous standards than those required by law. Every item we sell must meet or exceed all the government safety requirements, or we don't carry it—period.

For us, safety begins at the moment a product idea is conceived and put into development. First, we ensure that all the materials that go into each new product are safe. The materials must be phthalate-compliant (phthalates are sometimes found in PVC and other plastics), as well as BPA-compliant (BPA, or bisphenol A, is sometimes found in clear, hard plastics). The materials must also pass strict standards for lead content.

Once we confirm that the materials we're using are safe, we conduct exhaustive "use and abuse" testing to make sure each product will remain safe through years of everyday use. And after a product passes our

rigorous testing, it is then tested and certified by a third-party testing laboratory. Finally, we continue to monitor the safety of our products through periodic testing, both internally and by third-party labs, to ensure that our suppliers maintain the high level of integrity we demand of our materials.

For Lakeshore, children’s safety always comes first. You can rest assured that the products we sell are safe and that we are doing everything we can to provide our customers with superior-quality products that they can trust with their children.

xvi. Describe Offeror’s reporting capabilities. Provide samples of reports available and if there are any fees associated with the reports.

Lakeshore’s Response:

We have an in-house IT team of over 40 people that can design, program, and implement reporting tools and analysis for your program to your specifications. Lakeshore does not charge any fees associated with our reports. We would be happy to set up any automated reports that you may need.

Please see below for Sample Report.

xvii. Describe Offeror’s green or sustainability program. What type of reporting or reviews are available to participating agencies?

Lakeshore’s Response:

Because Lakeshore is a private organization, we are not subject to sustainability-related reporting requirements. However, Lakeshore engages in and is committed to many sustainability initiatives.

Lakeshore Learning Materials recognizes the importance of achieving sustainability in our businesses and our schools. That's why we have taken big steps to explore how our company and employees can effectively contribute to reducing our carbon footprint.

Thanks to our investment in renewable energy, one of our warehouses has been powered by solar energy! Our solar panels occupy roughly 80,000 square-feet or about 1.5 football fields!

In addition, our solar panels cut CO₂ emissions by 320 tons a year! Our impact on the environment is the same as planting 8,742 new trees per year! We’re producing about 500,000 kWh of energy each year! Solar panels last 30-40 years, so we are going to help conserve energy for many years to come!

Lakeshore's top-quality products are designed to last year after year-promoting sustainability in the classroom and reducing waste. From our ruggedly built furniture that is guaranteed to last to our many reusable classroom activities, the majority of our products are non-consumable and will stand up to years of use.

As a company, we work to encourage recycling, reduce waste, and save energy. At our headquarters-as well as in all of our stores nationwide-we recycle our materials and supplies wherever possible. We have also lowered electricity use by installing motion sensors on our lights and using energy-saving settings on our computers.

To reduce paper waste, we promote the use of our website and e-commerce with all of our customers, creating an environment where a paper trail can be substituted with a digital trail. We have also purchased Forest Stewardship Council Certified Paper, and we're working toward printing all of our catalogs on FSC paper.

When you invest in Lakeshore products, you are investing in materials that are classroom-tough and non-disposable. Achieving complete sustainability is a process, and Lakeshore continues to work to create a greener environment for our employees, our customers, and those we touch around the world.

As you are well aware, turning a business toward 'green' business practices does take time, and Lakeshore has turned our attentions to how we, as a company and as employees, can effectively contribute to reducing our carbon footprint.

Listed below are several of the ways we are investing in the environment beyond the typical efforts to reduce, reuse and recycle our paper and cardboard waste, and to cut back on inefficient use of power, water, and other renewable resources:

- Lakeshore offers a variety of classroom furniture pieces that have earned GREENGUARD Certification. GREENGUARD Certification is recognized by numerous sustainable building programs, including the LEED® Building Rating System. Purchasing products that are GREENGUARD Certified helps you earn points toward LEED certification.
 - Products on our website that feature the GREENGUARD logo are certified by the GREENGUARD Environmental Institute to comply with low emissions standards-reducing chemical pollutants and helping improve the quality of indoor air.
 - For a complete listing of Lakeshore's GREENGUARD Certified products, just search for the keyword "GREENGUARD" on our website.
 - For more information on GREENGUARD, visit www.greenguard.org. You may also request more information from Lakeshore's Customer Service Department by calling 800-428-4414.

- We are one of the founding sponsors of the Nature Forum, which helps early childhood programs around the world get children outdoors and learning about the natural world.
- Our on-site Preschool for our employees' children has just recently partnered with Dimensions and the Nature Forum to create our own Nature Explore Classroom, giving our employees' children a natural play area where they are reconnecting with the earth in the midst of an industrial and urban environment.
- We actively promote and reward carpooling with our employees.
- The safety of all of our products is of paramount importance. Every item we sell has been tested for toxic materials and we continually exceed every federal regulation in the pureness of our materials.
- We promote the use of our on-line catalog and e-commerce with all of our customers, effectively creating an environment where a paper trail can be substituted with a digital trail, not only reducing the use of the paper generated by our customers and ourselves, but also reducing the amount of electricity and fuel needed to deliver and process those orders.
- We have just purchased FSC {Forest Stewardship Council} Certified Paper, and from here on out, all of our catalogs will be printed on FSC paper.

xviii. Describe Offeror’s social diversity initiatives. Include participating agencies ability to receive Tier 1 and Tier 2 credit utilizing the Master Agreement.

Lakeshore’s Response:

As a company founded by a woman, Lakeshore Learning Materials is committed to equal opportunity. We have enclosed a partial list of some of the minority-owned and women-owned businesses that we use as vendors. We have enclosed this partial list because our vendor base numbers over 2,000 (and the products and components we carry are well over that number). We would not need to specifically “contract” with another company to fill your order because we have over one million feet of warehouse space where we keep a complete inventory of all materials at all times.

We strongly believe and demonstrate that profitable, responsible growth and the business success of the Company, as well as the personal growth of individuals to the fullest extent practical within the framework of the business environment, are worthy goals. By selecting vendors and service providers on the basis of merit, the effectiveness of the Company’s operations can be maintained while enhancing both the nation’s economic progress and each individual’s progress.

To that end, Lakeshore Learning Materials is committed to continuing its policy of utilizing minority, female-owned and disabled veteran–owned business enterprises whenever possible.

Minority Vendors

Minority business enterprises shall have maximum practical opportunity to participate in the performances of Lakeshore Learning Materials’ supply and service contracts.

- i. Provide a brief history of the Offeror, including year it was established and corporate office location.

Lakeshore’s Response:

Brief History

Like many great enterprises, Lakeshore started with one person taking a chance. An Omaha homemaker named Ethelyn decided to pack up her family and move to California to open a toy store back in 1954. The move was a bit unconventional for a woman in 1950s America, but then again, entrepreneurs don’t typically follow the status quo. Initially, Ethelyn focused on selling toys to parents, but before long, local schools started calling her for art materials and other classroom supplies. Ethelyn listened to her customers. Sensing an untapped market, she sold the store and started Lakeshore Learning Materials.

Eventually, Ethelyn’s sons, Charles and Michael, joined the business—expanding operations and turning Lakeshore into a million-dollar company within just a few years. When Ethelyn retired in 1971, Michael assumed the duties of CEO, while Charles became the Vice President in charge of merchandise and buying. Today, Michael’s sons, Bo and Josh, are an integral part of the business as well—having worked their way up from summer jobs in the warehouse to President/CEO and President of Merchandising, respectively.

Two generations later, Lakeshore continues to offer the best products and service around—and we’re still expanding! In addition to our growing network of over 60 retail stores, we offer two mail-order catalogs to meet the needs of parents, teachers and children worldwide. Plus, our full-service website offers instantaneous access to our catalogs as well as free activity ideas, an interactive classroom designer and much more.

Lakeshore is a full-service partner who can provide classroom furniture (including our new 21st Century Flex-Space elementary furniture line), design services, delivery services, installation services, professional development services, classroom and instructional materials, and more!

Lakeshore has extensive experience working with school districts, early childhood programs, both public and private, and all government agencies. We continually coordinate and execute large orders without much fanfare on a daily basis, but the following are examples of a few of the large orders and complete classrooms we have provided to many different agencies:

- The Commonwealth of Kentucky selected Lakeshore to partner with various stakeholders to develop customized kits and furniture packages for programs impacting schools, children and families throughout the state. Once we determined the desired outcomes each agency was focused on, we developed and delivered materials and supplies to over 2,000 providers involved in this statewide project. The materials ranged from items focusing on early childhood foundational skills (literacy, motor planning, cognitive reasoning and approaches to learning), to furniture intentionally selected to help teachers transform spaces into active learning environments and collections of resources to help children experiencing homelessness obtain the materials needed to continue their learning in oftentimes stressful situations. The customized kits and resources were developed for children from birth through school-age and all kits and materials were delivered in full, with no backorders, and within the timeline (10 months) and budget established at the beginning of the project.
- Milwaukee Public Schools selected Lakeshore to partner in the redesign of kindergarten and 1st-grade classrooms districtwide. The goal was to provide teachers and students with environments that reflected early childhood best practices and would encourage children to collaborate, explore and engage with a variety of resources across domains. Classroom design and furniture selection were created in an intentional way, and the hands-on resources selected provided teachers with opportunities to create stimulating learning centers and opportunities for their students.
- Similarly, Cameron Works, Inc. has placed furniture orders with us that totaled over \$300,000. Lakeshore provided our Complete Classroom services for 20 classrooms in accordance with their delivery schedule.
- Lakeshore also completed a furniture delivery deal for Round Rock ISD totaling over \$70,000. Lakeshore provided our White-Glove service that includes inside delivery, installation, supervised set-up and debris removal.
- Philadelphia School District placed furniture orders with us that totaled over \$600,000. We provided complete classroom set-up for 33 schools in accordance with their delivery schedule.
- We provided an array of developmentally appropriate STEM kits for infant/toddler, preschool/pre-K and school-age programs in San Antonio. Innovative and engaging, the kits were designed to give children a fun, hands-on introduction to STEM.

c. Implementation of House Bill 1295 Certificate of Interested Parties (Form 1295) (Appendix C, Doc #3)

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Starting on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency.

Information regarding how to use the filing application will be available on this site starting on January 1, 2016.

3.0 Supplier Response

Supplier must supply the following information in order for the Principal Procurement Agency to determine Supplier's qualifications to extend the resulting Master Agreement to Participating Public Agencies through OMNIA Partners.

3.1 Company

A. Brief history and description of Supplier.

Lakeshore's Response:

Lakeshore is dedicated to creating innovative educational materials and furniture that spark young imaginations, instill a sense of wonder, and foster a lifelong love of learning. With materials, furniture, and environments for infants, toddlers, and children through the 6th grade, we help children reach developmental milestones and achieve educational goals—while still having fun!

Lakeshore is proud to have over 70 knowledgeable people around the United States that comprise our sales force. As the needs of the industry are ever changing, our consultants continue to learn and evolve to meet and exceed those needs. You can be confident that your local Lakeshore representative Richard Gomez, is an experienced, practiced professional who understands the needs of teachers and classrooms in all settings.

Like many great enterprises, Lakeshore started with one person taking a chance. An Omaha homemaker named Ethelyn decided to pack up her family and move to California to open a toy store back in 1954. The move was a bit unconventional for a woman in 1950s America, but then again, entrepreneurs don't typically follow the status quo. Initially, Ethelyn focused on selling toys to parents, but before long, local schools started calling her for art materials and other classroom supplies. Ethelyn listened to her customers. Sensing an untapped market, she sold the store and started Lakeshore Learning Materials.

Eventually, Ethelyn's sons, Charles and Michael, joined the business—expanding operations and turning Lakeshore into a million-dollar company within just a few years. When Ethelyn retired in 1971, Michael assumed the duties of CEO, while Charles became the Vice President in charge of merchandise and buying. Today, Michael's sons, Bo and Josh, are an integral part of the business as well—having worked their way up from summer jobs in the warehouse to President/CEO and President of Merchandising, respectively.

To this day, Lakeshore maintains the same strict standards that first made us great! Every product we make is distinguished by its quality, safety, educational merit and play value. And naturally, every Lakeshore product is backed by our ironclad guarantee: If you are unhappy with any item for any reason you may return it for a full refund or exchange...no questions asked! If you have any questions or need help with an order, just contact our Customer Service department. We'll make sure you get in touch with a real, live person who can address your needs.

Lakeshore continues to offer to offer the best products and service around—and we're still expanding! In addition to our growing network of over 60 retail stores, we offer two mail-order catalogs to meet the needs of parents, teachers and children worldwide. We have extensive experience working with schools,

Plus, our full-service website offers instantaneous access to our catalogs as well as free activity ideas, an interactive classroom designer and much more.

Lakeshore’s Response:

Lakeshore Learning Materials recognizes the importance of achieving sustainability in our businesses and our schools. That's why we have taken big steps to explore how our company and employees can effectively contribute to reducing our carbon footprint.

Thanks to our investment in renewable energy, one of our warehouses is now powered by solar energy! Our solar panels occupy roughly 80,000 square-feet or about 1.5 football fields!

In addition, our solar panels cut CO₂ emissions by 320 tons a year! Our impact on the environment is the same as planting 8,742 new trees per year! We’re producing about 500,000 kWh of energy each year! Solar panels last 30-40 years, so we are going to help conserve energy for many years to come!

Lakeshore's top-quality products are designed to last year after year-promoting sustainability in the classroom and reducing waste. From our ruggedly built furniture that is guaranteed to last to our many reusable classroom activities, the majority of our products are non-consumable and will stand up to years of use.

As a company, we work to encourage recycling, reduce waste, and save energy. At our headquarters-as well as in all of our stores nationwide-we recycle our materials and supplies wherever possible. We have also lowered electricity use by installing motion sensors on our lights and using energy-saving settings on our computers.

To reduce paper waste, we promote the use of our website and e-commerce with all of our customers, creating an environment where a paper trail can be substituted with a digital trail. We have also purchased Forest Stewardship Council Certified Paper, and we're working toward printing all of our catalogs on FSC paper.

When you invest in Lakeshore products, you are investing in materials that are classroom-tough and non-disposable. Achieving complete sustainability is a process, and Lakeshore continues to work to create a greener environment for our employees, our customers, and those we touch around the world.

As you are well aware, turning a business toward 'green' business practices does take time, and Lakeshore has turned our attentions to how we, as a company and as employees, can effectively contribute to reducing our carbon footprint.

Listed below are several of the ways we are investing in the environment beyond the typical efforts to reduce, reuse and recycle our paper and cardboard waste, and to cut back on inefficient use of power, water, and other renewable resources:

- Lakeshore offers a variety of classroom furniture pieces that have earned GREENGUARD Certification. GREENGUARD Certification is recognized by numerous sustainable building programs, including the LEED® Building Rating System. Purchasing products that are GREENGUARD Certified helps you earn points toward LEED certification.
 - Products on our website that feature the GREENGUARD logo are certified by the GREENGUARD Environmental Institute to comply with low emissions standards-reducing chemical pollutants and helping improve the quality of indoor air.

- We are one of the founding sponsors of the Nature Forum, which helps early childhood programs around the world get children outdoors and learning about the natural world.
- Our on-site Preschool for our employees' children has just recently partnered with Dimensions and the Nature Forum to create our own Nature Explore Classroom, giving our employees'

children a natural play area where they are reconnecting with the earth in the midst of an industrial and urban environment.

- We actively promote and reward carpooling with our employees.
- The safety of all of our products is of paramount importance. Every item we sell has been tested for toxic materials and we continually exceed every federal regulation in the pureness of our materials.
- We promote the use of our on-line catalog and e-commerce with all of our customers, effectively creating an environment where a paper trail can be substituted with a digital trail, not only reducing the use of the paper generated by our customers and ourselves, but also reducing the amount of electricity and fuel needed to deliver and process those orders.
- We have just purchased FSC {Forest Stewardship Council} Certified Paper, and from here on out, all of our catalogs will be printed on FSC paper.
- All of our used corrugate materials are efficiently bundled and sent to be recycled and used again.

As a company founded by a woman, Lakeshore Learning Materials is committed to equal opportunity. We have enclosed a partial list of some of the minority-owned and women-owned businesses that we use as vendors. We have enclosed this partial list because our vendor base numbers over 2,000 (and the products and components we carry are well over that number). We would not need to specifically “contract” with another company to fill your order because we have over one million feet of warehouse space where we keep a complete inventory of all materials at all times.

We strongly believe and demonstrate that profitable, responsible growth and the business success of the Company, as well as the personal growth of individuals to the fullest extent practical within the framework of the business environment, are worthy goals. By selecting vendors and service providers on the basis of merit, the effectiveness of the Company’s operations can be maintained while enhancing both the nation’s economic progress and each individual’s progress.

To that end, Lakeshore Learning Materials is committed to continuing its policy of utilizing minority, female-owned and disabled veteran-owned business enterprises whenever possible.

Minority Vendors

Minority business enterprises shall have maximum practical opportunity to participate in the performances of Lakeshore Learning Materials’ supply and service contracts.

- Q. Attend outreach conferences;
- R. Perform an analysis to identify portions of work that can be divided and performed by qualified M/WBEs;

- T. Utilize the Supplier Diversity Search and Dynamic Small Business Search websites to improve and request sources for all subcontracting categories.

Scope

Compliance with this policy is the responsibility of all Lakeshore employees. Whenever possible, a good faith effort of the adoption of these procedures is taken by Lakeshore to meet the requirements set forth in this good faith effort policy and to encourage M/WBEs to participate in and are given fair opportunity for contract awards.

Lakeshore's Professional Service Group (PSG) offers a wide range of professional development support options to aid our partners in education in their goal attainment journey. At Lakeshore, we do not believe that a "one and done" approach for professional development training provides the support needed for true change to occur. Nor, do we believe that a selection of standardized offerings is appropriate for your individualized needs. Therefore, we work side-by-side with Administrators and Teachers to create and implement a successful long term plan. Each event is tied to the others, keeping your desired goals at the forefront of all learning opportunities. Your goals are our goals. As such, we recommend a customized approach as an effective method.

Lakeshore is always striving to grow national programs. We are willing to pursue leads provided by OMNIA Partners to expand and grow our sales program nationwide. Our sales team will diligently pursue any opportunities provided by OMNIA Partners.

- L. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

Lakeshore's Response:

Once an order is received, it is manually entered, verified, and reviewed for adherence to our contractual agreement before being released. After being sent electronically to our Warehouse Management System, a workflow specialist sends the order into the automated lines of our distribution center. This maximizes efficiency for the thousands of orders we process each day. Because your inside partner, Lisa Amado works closely with Region 4 ESC, she will be the main point of contact when you need to track an order. She is available by phone, fax, or e-mail. Lisa will be able to find out when the order shipped and an estimated delivery date.

We can also implement an "Invoice Match-Up" system; this means if your order doesn't match our invoice, we would take the necessary steps to correct it PRIOR to releasing and shipping the order. This will simplify the approval and payment process.

If a school needs to return an item, they can contact Lisa or Customer Service directly. We will make every effort to have UPS pick-up the returned item immediately (typically within 3 to 5 days). If an item is damaged or we shipped the wrong item, we will make the pick-up at no charge and your account will be fully credited (or the item can be replaced). Every product Lakeshore sells is backed by our ironclad guarantee. We stake our reputation on the quality of our products. If you are unhappy with any item for any reason, you may return it for a full refund or exchange... No questions asked.

During the time your order reaches our warehouse to prepare for shipping, our Accounting department prepares your invoice to be mailed when your order ships complete. We can accommodate requests for individual locations to receive invoices when they are both the "bill to" and "ship to" address. Our options for electronic billing will be contingent on your specific needs and software requirements. We are currently

2695 E. Dominguez St. • Carson, CA 90895 • (800) 421-5354 • Fax (310) 537-7990

involved in electronic invoicing projects with several school districts and agencies. If you would like to explore this option with Lakeshore, we will be pleased to have our Information Technology Manager speak with you regarding your specific needs and requirements to determine if our system will be compatible with yours.

If an order happens to contain a backordered item, we won't send an invoice until the entire order has shipped complete. Lakeshore's standard payment terms are Net 30 Days. Our audit / control features & process of our billing structure is quite simple. On the first of each month, we run billing statements for all customers with an invoice over 45 days old.

M. Provide the Contract Sales (as defined in Section 10 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

\$ _____ .00 in year one
\$ _____ .00 in year two
\$ _____ .00 in year three

To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

Lakeshore's Response:

We cannot guarantee contract sales. Please refer to Region 4 ESC's Questions & Answers, Question #6.

- N. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.
 - i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).
 - ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.
 - iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).
 - iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier's strategies under these options when responding to a solicitation.

Lakeshore's Response:

Lakeshore will handle new solicitations on a case-by-case basis, determining the best strategy based on the conditions present. A varied approach will be utilized, to ensure customers receive the best value available.

EXHIBIT A- RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

REGION 4 ESC (hereinafter defined and referred to as “Principal Procurement Agency”), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners Public Sector (“OMNIA Partners”), is requesting proposals for Educational School Supplies. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal (“Master Agreement”) be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (“Public Agencies”), through OMNIA Partners’ cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners’ cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners’ requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. 1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$75M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

- B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;

- D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into “**Master Agreements**” (herein so called) to provide a variety of goods, products and services (“**Products**”) to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.
2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency’s procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies’ participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(h), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable “safe harbor” regulations, including but not limited to any and all obligations to fully and accurately report discounts and

incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization (“**GPO**”) agreements directly or indirectly by enrolling the Participating Public Agency in another GPO’s purchasing program, including but not limited to Vizient Source, LLC, Provista, Inc. and other OMNIA Partners affiliates and subsidiaries; provided the purchase of Products through a OMNIA Partners Party or any other GPO shall be at the Participating Public Agency’s sole discretion.

7. The Participating Public Agencies (each a “**Procuring Party**”) that procure Products through any Master Agreement or GPO Product supply agreement (each a “**GPO Contract**”) will make timely payments to the distributor, manufacturer or other vendor (collectively, “**Supplier**”) for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM
Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): “The term “legislative leadership committee” means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”

I. SCOPE OF WORK

Region 4 Education Service Center (“Region 4 ESC”) requests proposals from qualified suppliers with the intent to enter into a Contract for Educational School Supplies. Region 4 ESC is seeking a provider that has the depth, breadth and quality of resources necessary to complete all phases of the Contract. Awarded Offeror(s) shall deliver products and services under the terms of this agreement. While this solicitation specifically covers Educational School Supplies, each awarded Offeror may offer their complete product and service offering, or balance of line. Region 4 ESC reserves the right to accept or reject any or all balance of line items offered.

Region 4 ESC is an education service center established by the Texas Legislature in 1967 to assist school districts and charter schools in improving efficiencies. Region 4 ESC directly serves a seven-county area comprised of 48 public school districts and 34 open-enrollment charter schools, representing more than 1.2 million students, 95,000 educators and 1,500 campuses. Through cooperative contracts, Region 4 ESC extends the opportunity to operate more efficiently and economically to agencies nationwide through National IPA (see below).

The Contract is based on the need to provide the economic benefits of volume purchasing and reduction in administrative costs through cooperative purchasing to schools and other participants. Although the awarded Offeror(s) may restrict sales to certain public units (for example, state agencies or local government units), any proposal that prohibits sales from being made to public school districts may not be considered. Sales without restriction are preferred. These types of contracts are commonly referred to as being “piggyback-able.”

NATIONAL CONTRACT

Region 4 ESC, as the Principal Procurement Agency, defined in APPENDIX D, has partnered with OMNIA Partners to make the resultant contract (also known as the “Master Agreement” in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (“Public Agencies”), through OMNIA Partners’ cooperative purchasing program. The Region 4 ESC is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a “Participating Public Agency”). APPENDIX D contains additional information about OMNIA Partners and the cooperative purchasing agreement.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners’ public sector subsidiaries, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we operate. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. As a channel partner with Vizient (formally, Novation), OMNIA Partners leverages over \$100 billion in annual supply spend to command the best prices for products and services. With corporate, pricing and sales commitments from the

Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Supplier benefits from a contract that allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (APPENDIX D).

While no minimum volume is guaranteed to the Supplier, the estimated annual volume Educational School Supplies purchased under the Master Agreement through OMNIA Partners Public Sector is approximately \$75M. This projection is based on the current annual volumes among the Region 4 ESC, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and OMNIA Partners.

Scope of Products and Services

It is the intention of Region 4 ESC to establish a contract with Offeror(s) for a complete and comprehensive line of Educational School Supplies. Offerors are encouraged to propose their complete catalog, products and services including but not limited to the following categories:

Tabs should be used to separate the proposal into sections. The following items identified must be included behind the tabs listed below. 8. Open Records Policy: Proposals submitted in response to this RFP become a matter of public record subject to release after Contracts are executed. If an Offeror believes its response, or parts of its response, may be exempt from disclosure, the Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the Offeror must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Offeror must provide this information on the "Acknowledgement and Acceptance of Region 4 ESC's Open Records Policy" (Appendix C, Doc #1). Any unmarked information will be considered public information and released, if requested under the Public Information Act. Price is not confidential and will not be withheld.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror or Contractor. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information. After completion of award, these documents will be available for public inspection.

9. Disclosures: By signing the Offer and Contract Signature Form, Offeror affirms:
 - a) Offeror has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this proposal and any subsequent Contract.

Offerors must include a complete description of any and all relationships that might be considered a conflict of interest in doing business with Region 4 ESC.

- b) To the best of Offeror's knowledge, the proposal has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other Offerors or potential Offerors in the award of a Contract resulting from this RFP.

- c) Offeror is not currently delinquent in the payment of any franchise taxes.
- d) The individual signing the submittal is an authorized agent for the Offeror and has the authority to bind the Offeror to the Contract.

10. Waiver: By submitting a proposal, Offeror expressly agrees to waive any claim it has or may have against Region 4 ESC, its directors, officers, its trustees, or agents arising out of or in connection with (1) the administration, evaluation, recommendation of any proposal; (2) any requirements under the solicitation, proposal package, or related documents; (3) the rejection of any proposal or any part of any proposal; and/or (4) the award of a Contract, if any.

Region 4 ESC shall not be responsible or liable for any costs incurred by Offerors or the successful Offeror in connection with responding to the RFP, preparing for oral presentations, preparing and submitting a proposal, entering or negotiating the terms of a Contract, or any other expenses incurred by an Offeror. The Offeror is wholly responsible for any such costs and expenses and shall not be reimbursed in any manner by Region 4 ESC.

11. Conditions of Submitting Proposal: Submission of a proposal confers no right on an Offeror to an award or Contract. Region 4 ESC, in its sole discretion and for any reason or no reason, reserves the rights to reject any or all proposals, accept only a part of any proposal, accept the proposal deemed most advantageous to Region 4 ESC, and waive any technicalities. The issuance of this RFP does not obligate Region 4 ESC to make an award or negotiate or execute a Contract. Prior to submission due date and time, Region 4 ESC reserves the right to amend the terms and provisions of the RFP, extend the deadline for submission of proposals, or withdraw the RFP entirely for any reason solely at Region 4 ESC's discretion. A proposal may be rejected if it fails to meet any requirement of this RFP.

12. Mailing of Proposals: All proposals submitted in response to the solicitation must be clearly identified as listed below with the solicitation number, title, name and address of the company responding. All packages must be clearly identified as listed below, sealed and delivered to the Region 4 ESC office no later than the submittal deadline assigned for this solicitation.

From _____

Company _____

Address _____

City, State, Zip _____

Solicitation Name and Number _____ Due Date and Time _____

13. Amendment of Proposal: A proposal may be amended prior to the time of opening by submitting a sealed letter to the location indicated on the front page of this solicitation.

14. Withdrawal of Proposals: Withdrawal of proposals prior to the opening date will be permitted by a written letter or electronic mail from the Offeror. Telephonic or oral withdrawals shall not be considered. After the opening date, consideration may be given in cases where Offeror advises that it made a clerical error that is substantially lower than it intended. In such case, Offeror must provide written notice of their desire to withdraw, along with supporting documents, within 3 business days of receiving the acceptance letter or of being requested by Region 4 ESC for clarification of the proposal, whichever is later. Any Contract entered into

prior to Region 4 ESC receiving notice must be honored. No Offeror should assume their withdrawal request has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

15. Offer and Acceptance Period: In order to allow for an adequate evaluation, Region 4 ESC requires a proposal in response to this RFP to be valid and irrevocable for one-hundred twenty (120) days after the proposal due date and time.
16. Non-Responsive Proposals: All proposals will be reviewed for responsiveness to the material requirements of the solicitation. A proposal that is not materially responsive shall not be eligible for further consideration for award of the Contract, and the Offeror shall receive notice of the non-award of its proposal.
17. Discussions: Region 4 ESC reserves the right to conduct discussions with Offerors for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal in order to clarify a proposal and assure full understanding of, and responsiveness to, the RFP requirements.
18. Negotiations: In the event Region 4 ESC decides to conduct negotiations, exclusive or concurrent negotiations may be conducted with Offerors reasonably susceptible for award. During the course of negotiations, no Offeror's proposal, including pricing, shall be revealed to any other Offeror or to any other person who is not involved with the evaluation process. Exclusive or concurrent negotiations shall not constitute a Contract award, nor shall it confer any property rights to the successful Offeror. In the event Region 4 ESC deems negotiations are not progressing, Region 4 ESC may formally terminate these negotiations and may enter into subsequent exclusive or concurrent negotiations with the next most qualified Offeror(s).
19. Best and Final Offer: Region 4 ESC, in its sole discretion, may request Offerors reasonably susceptible for award to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior submission will be considered its Best and Final Offer.
20. Specifications: When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Offeror must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members. References to manufacturer's specifications ("Design Guides"), when used by Region 4 ESC, are to be considered informative to give the Offeror information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 4 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Offerors should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.
21. Quality of Materials or Services: Offeror shall state the brand name and number of the materials being provided. If none is indicated, it is understood that the Offeror is proposing the exact brand name and number specified or mentioned in the solicitation. However, unless specifically stated otherwise, comparable substitutions will be permitted in cases where the

material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

22. Samples: Upon request, samples shall be furnished, free of cost, within seven (7) days after receiving notice of such request. By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. Offeror agrees to bear the costs for laboratory testing, if results show the sample does not comply with solicitation requirements. Submissions may no longer be considered for failing to submit samples as requested.
23. Formation of Contract: A response to this solicitation is an offer to contract with Region 4 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a Contract until it is awarded by Region 4 ESC. A Contract is formed when Region 4 ESC's board signs the Offer and Contract Signature Form. The signed Offer and Contract Signature Form provided with the RFP response eliminates the need for a formal signing process.
24. Multiple Awards: Region 4 ESC reserves the right to award Contract(s) to multiple Offerors. The decision to award multiple Contracts, award only one Contract, or to make no awards rests solely with Region 4 ESC.
25. Non-Exclusive: Any Contract resulting from this solicitation shall be awarded with the understanding and agreement it is for the sole convenience and benefit of Region 4 ESC. Region 4 ESC reserves the right to obtain like goods and services from other sources.
26. Protest Procedure: Any protest of an award or proposed award must be filed in writing within ten (10) days from the date of the official award notification and must be received by 5:00 pm Central Time. No protest shall lie for a claim that the selected Offeror is not a responsible Offeror. Protests shall be filed with Robert Zingelmann, Chief Financial Officer, Finance and Operations Services, and sent to the Region 4 ESC office at: 7145 West Tidwell Road, Houston, TX 77092. Protests shall include the following:
 - a) Name, address and telephone number of protester;
 - b) Original signature of protester or its representative;
 - c) Identification of the solicitation by RFP number;
 - d) Detailed statement of legal and factual grounds including copies of relevant documents;
and

Any protest review and action shall be considered final with no further formalities being considered.

RFP 19-05 Questions & Answers

- 1. Can you provide direction as it pertains to the binder assembly for RFPs 19-03 & 19-05? The RFP binder tabs and contents as described on page 6 (Office) and pages 6&7 (School) appear to have left out the direction for tabs 6 & 7.

This is a typo. Tab 8 will become Tab 6 and Tab 9 will become Tab 7.

- 2. Is RFP 19-05 supplies only or does it include audiovisual equipment?

RFP 19-05 for Educational School Supplies is for school Supplies, educational supplies, and other applicable products and services. Audio-visual equipment can be proposed as a value-add item under this contract.

- 3. Can you please clarify the difference between the Market Basket, the Category Discount and Core List offering?
a. Can a category discount only be submitted?
b. Please explain further the core list offering.
c. Do all items need to be submitted on the market basket to be considered?

The Market Basket Survey represents usage on the current contract. As stated in Appendix E, vendors do not need to respond to every item to be considered for award and may substitute equivalent items. A core list offering is a list of items on a vendor's core list of products for which a vendor will offer the steepest discounts. A category discount is a list of categories and their corresponding discounts that the supplier will offer to Region 4 and participating agencies. Suppliers must submit pricing as defined in sections IV, Evaluation Process and Criteria, and 2a, Products/Pricing, of the RFP. A category discount cannot be the only submitted pricing structure.

- 4. Will this RFP include books?

Books can be included as a value-add item.

- 5. We are a book distributor that procures publications in print such as trade books, textbooks, library books, instructional materials, classroom sets and professional publications. Should we still submit?

Please review the RFP 19-05 solicitation document to determine your ability to respond with an offering. It is the responsibility of the vendor to determine whether or not to submit a response to this RFP.

- 6. Exhibit A, Section 3.3, Subsection M requests that we provide "Guaranteed Contract Sales." However, per Exhibit A, Section 1.3, no minimum volume is guaranteed. If the RFP does not guarantee sales volume, how are we supposed to provide OMNIA with guaranteed contract sales numbers?

If a supplier can guarantee sales in Years 1 through 3, they will be responsible for any administration fee based on the greater of the actual Contract Sales and the Guaranteed Contract Sales. Suppliers are not required to guarantee sales.

- 7. The OMNIA Partners Administration Agreement states, in section 10, that "Supplier shall require each Public Agency to register its participation in the OMNIA Partners program." Many of the agencies we work with outside of Region 4 will belong to their own cooperative and we are unable to "force" participation with OMNIA. Would recommending participation with OMNIA to the agencies we work with outside of Region 4 satisfy this requirement for the Term of Agreement?

In order for any agency to be able to use an Omnia Partners National Co-operative contract, they have to register on the National IPA website as a participating agency.
