

FLEET MAINTENANCE ESSENTIALS

Keep your Fleet Operating at Peak Performance

Essential Chemical Assortments

Lubrication Kit

- Includes 3 cans each of:
 - Moly Coat Dry Film Lubricant (92964)
 - Open and Shut Non-Flammable Nut and Bolt Loosener (DA6152)
 - Engage High-Tech Lubricant with PTFE (1412525)
 - Prizm Penetrating Gel Lubricant with PTFE (DA6881)
 - Heavy-Duty Chain Lubricant (1412524)
- Includes Self-Dispensing Aerosol Rack
- Pkg. Qty. 1

Item No.
DK9470

Universal Maintenance Kit

- Includes 3 cans each of:
 - LPA I Light Duty Lubricant (1419795)
 - Foamy Orange Natural Citrus Cleaner (97936A)
 - Engage High-Tech Lubricant with PTFE (1412525)
 - Ogle Glass Cleaner (DA6851)
 - Metalize One-Step Rust Converter (DA7490)
 - Lawson Uni-Solv Auto Body and Paint Preparation Solvent (56160)
- Includes Self-Dispensing Aerosol Rack
- Pkg. Qty. 1

Item No.
DK9590

Gasket Sealants

Flexseal Dispense-A-Gasket RTV Silicone Grey

Flexseal RTV Silicone Adhesive/Sealants are ideal for sealing, bonding, caulking, weatherproofing, insulating, and making formed-in-place gaskets. Common applications include automotive, building and industrial maintenance, and fleet services. Flexseal eliminates the need for gasket inventory and custom gasket cutting. The one-part, non-slumping paste formulations cure at room temperature to a tough, rubbery solid which adheres to metal, glass, non-oily wood, ceramics, natural and synthetic fibers, and many plastic surfaces.

- Very good resistance to motor oil, anti-freeze, transmission fluid and most solvents
- Excellent weather and UV resistance – remains flexible and will not crack or harden
- Tack-free cure time: 15 to 20 minutes
- 8 oz. net wt.
- Typical tensile strength: 350 PSI
- Temperature range -49 to 500 °F (-45 to 260 °C)
- Gray color
- Pkg. Qty. 1

Item No.
1436939

Instant Gasket Maker Black

Return equipment to service and enhance productivity by making your own leakproof gaskets in just one minute. This innovative rubber gasket technology is blow-out resistant and outperforms pre-cut gaskets. It seals instantly, sets quickly, and is tack-free in five minutes.

- Can has easy dispensing lever and makes an average of 14 to 18 gaskets
- Resistant to oil, coolant, automatic transmission fluids and gear oil
- Operates in environments to 600°F (315°C)
- Meets or exceeds requirements for oxygen sensor equipped engines
- Tack-free cure time: 5 minutes
- 10 oz. Power Can
- Pkg. Qty. 1

Item No.
27819

Problem Solving Chemicals

Quick Service Tool Kit

The "original" Loctite kit containing eight of the most common Loctite brand products.

Contents:

- 243™ Threadlocker, 10ml.
- 263™ Threadlocker, 10ml.
- 7088™ Primer, 17g.
- 454™ Instant Adhesive gel, 3g.
- 660™ Retaining Compound, 6ml.
- 565™ Thread Sealant, 50ml.
- 587™ Blue RTV Silicone Gasket Maker, 70ml.
- 518™ Flange Sealant, 50ml.
- Quicktape® Threadlocker Tape, 260 in. roll
- Pkg. Qty. 1

Kul-Therm Heat Barrier Gel

Acts as a heat barrier coating and anti-spatter in one. Unique gel formulation allows the gel to be sprayed onto any surface to prevent damage to components and surrounding materials. Blocks heat transfer when welding, brazing or soldering.

- Prevent heat damage to components and surrounding materials
- Will not run or drip off
- Mild, odorless gel
- Washes or wipes off with water
- No harsh chemicals
- Free of chlorinated solvents
- Net wt. 24 oz.
- Pkg. Qty. 1

Item No.
DY60010000

Everyday Essential Tools and Accessories

Vision Pro Constant Current Cyclops Worklight

Palm-style magnetic compact work light provides super-bright, high-lumen lighting.

- Rechargeable high-capacity Li-ion battery
- Dust and water protected AC and USB charging ports with lighted LED charge level indicator
- Special aluminum housing, advanced circuitry and superior lens technology allows for a continual "cool to the touch" light
- 180° magnetic base
- Pkg. Qty. 1

Item No.
DY80001220

Vision Pro Cyclops Flex-Clip Base

Replacement Flex-Clip Base for use with Vision Pro Cyclops work light. A multifunctional, portable and adjustable clip/mounting base that allows the user flexibility, mobility and practicality in needed lighting applications. Can be used with up to three DC Cyclops Work Lights. Extended flexible gooseneck feature allows the user to adjust lighting to where illumination is needed

- Pkg. Qty. 1

Item No.
DY80001222

Index-Tend Demo Wrecking Bar

Unique tool design combines prying and demolition into a single bar. Features a 19" ergonomically-designed handle with a 3-1/2" cleated, nail-pulling foot.

- 36 in. total length tool folds to 20-1/2" for easy storage
- Pkg. Qty. 1

Item No.
DY89320027

4-in-1 Butane Pencil Torch Self-Igniting

A soldering iron, heat knife, heat blower, and open torch all in one! This portable and lightweight set holds fuel to provide up to 4 hours of operation.

- Heat knife cuts and dresses nylon ropes and belts, and custom cuts foam, plexiglass, and plastics.
- Heat blower heat shrinks tubing and solders/heat shrinks terminals.
- Pkg. Qty. 1

Item No.
DY73741000

See-Disk™ Flap Disc

Unique design allows operator to see work area, reducing the chances of gouging and over grinding. Made of high quality Zirconia Alumina with integrated dry lubricant grinding aid. Iron and sulfur free for stainless and exotic alloys

- Provides exceptional stock removal and good life even on edges
- Produces low noise and low vibration for uniform grinding and a better finish
- Generates less heat than competitive discs which helps prevent discoloration and warping of heat sensitive materials
- Ideal for work on curved and flat surfaces
- Deburs
- Grinds and blends welds
- Removes rust, scale and paint
- Pkg. Qty. 1
