

Bookmark Collection:

The Bookmark 21-series Family by Media Technologies is a comprehensive suite of wood furniture designed to create inviting and functional environments, particularly for libraries, schools, and collaborative spaces. Its strength lies in its modularity, classic aesthetic, and robust construction, offering a cohesive design approach.

The Bookmark 21-series Family offers a comprehensive suite of solutions, including:

Modular Shelving: Versatile wood shelving systems that adapt to evolving collections and provide diverse display options.

Integrated Bookstack Benches: Comfortable seating seamlessly built into or complementing shelving, creating inviting reading and study nooks.

Durable Tables: Robust wood tables designed for focused individual work or dynamic group collaboration.

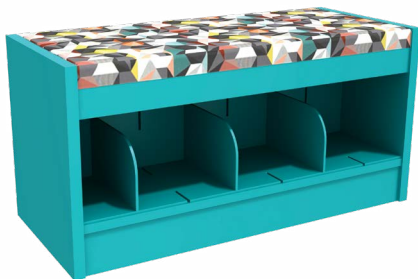

Privacy Carrels: Individual study stations providing focused, quiet environments with minimal distractions.

Modular Circulation Desks: Fully customizable components that form efficient and welcoming service points

Designer Lines End Panels

End Panel Options: While a standard, un-detailed "Bookmark" end panel exists, the shelving can be customized with various "Designer Line" end panels (e.g., Malibu, Metro, Heritage) to match diverse architectural styles across various products.

- Adds a beautiful wood detail theme to your space
- Available for wood veneer 21-, 31- Bookcases
- For single- and double-faced starters
- These go perfectly with Designer Lines Modular Circulation Desk components and Designer Lines end panels for cantilever shelving.

MEDIA CARRELS

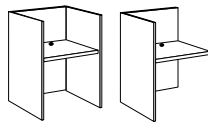

Panel End/Post & Panel

Carrels are perfect for independent work, taking a break, recharging and regathering your thoughts. For use in media spaces, commons, and flexible classrooms to allow students the choice of a quieter area for study. Work surface is high pressure laminate with 3mm PVC edge. Panels are available in oak or maple veneer with 3mm wood edge. Post & Panel versions are fitted with adjustable glides and are available with design line end panels. Starter/Adder construction allows for larger groupings with grommets included in each work surface and connectivity options are available.

DESKS

Modular Circulation

Choose from over 20 modular desk components to create a custom circulation solution that meets your unique footprint and performs to meet your specific needs.

Units ship fully-assembled for ease in installation. Desks can be specified with coordinating accents to our “designer series” bookcase end panels. Contrasting and non-contrasting HPL, oak and maple veneer and Sprayon finish options. Please visit our website at <https://www.mediatechnologies.com/resources/finishes> for a complete list of all standard finish options. Desks can also be configured to include an ADA Compliant desk module.
