## Why Herman Miller

Herman Miller has always been about people—our colleagues, our neighbors, our customers, and our partners. For the past century, a drive to harness the power of design to help people live and work better has defined our mission. Today, Herman Miller lends our name to a family of leading design brands, united in our pursuit of that mission. This translates into value to you and your organization in the following ways:

**We Create Timeless Solutions for Fundamental Problems**  
We’ve earned our reputation as a design leader through our relentless drive to solve problems for people at home and work. From our early collaborations with George Nelson and Charles and Ray Eames to the growing family of brands that comprise Herman Miller Group today, we partner with leading designers whose unique perspectives fuel our innovation.

**We Share Knowledge You Can Use**  
By taking our human-centered insights and applying them to our customers’ unique issues and goals, we help create solutions that deliver real results to people and organizations. Our innovative solutions address the evolving and emerging needs of the Public Sector, solving for today and preparing for tomorrow.

**We Make Products You Can Trust**  
With Herman Miller, you’re not just buying a product, you’re investing in a relationship. Our commitment to you doesn’t end when the product leaves the factory. Delivery, service, warranty, and timeless style are all part of the deal. We know resources are precious, so we help ensure that they are spent wisely and deliver value for years to come.

**We Are a Reliable Partner**  
Herman Miller understands the needs of the Public Sector. We were the first office furniture manufacturer awarded a GSA schedule in 1975, and we’ve been serving federal, state, and local government customers for over 40 years. We leverage that experience to anticipate needs and deliver solutions seamlessly anywhere we’re needed.

**We Live by Our Values**  
We believe we have a responsibility to improve our world through thoughtful design, sustainable manufacturing, and an inclusive culture that nurtures diversity, creativity, and discovery. In this spirit, we continually refresh, recalibrate, and refocus our business on things that matter, always putting people—current and future generations—at the center.
