RE: Herman Miller & University of California Contracts 2019.001890
January 1, 2023 - Price List Adjustment

This memo will serve as notice that list price increases for the Omnia Partners National Program has been agreed to by the University of California. The implementation of the following average price % increases are for the products:

- Herman Miller and Knoll - 8%
- Naughtone, Geiger, and DatesWeiser - 6.5%
- CBS – 5%
- Muuto – 6.8%

The industry continues to experience significant commodity cost increases due to the rising inflationary, labor and freight costs across the business. MillerKnoll will continue to closely monitor the economic factors informing this decision with the goal to revise and/or remove the surcharge as conditions change.

All other terms and conditions of the agreement shall remain in full unless changed, altered, or amended on a formal contract amendment signed by both parties per the requirements of the contract.

Thank you,

Marilyn Biscotti
