

# RHEL as a Service Consulting Subscription

## Stay secure, supported, and current with our RHEL as a Service Consulting Subscription.

In today's fast-paced and highly competitive business environment, staying current and secure with the latest Operating System advancements is imperative. Our RHEL as a Service Subscription offers you the expertise and support you need to modernize and maintain your RHEL environment while ensuring optimal security, compliance, and performance.

Our 12-month consulting subscription is designed to meet the needs of businesses of all sizes. With RHEL as a Service, you can count on our seasoned OS and infrastructure management Subject Matter Experts to provide expert advice and support throughout the year. We ensure that your RHEL environment is always up-to-date, secure, and compliant so that you can focus on driving business success.

## Our RHEL Subject Matter Experts provide a comprehensive suite of consulting services, including:

- General Purpose RHEL SME support hours
- RHEL & infrastructure management white-boarding, road-mapping, best practices review, strategizing, and planning
- RHEL security and compliance review and modernization support
- RHEL operations and maintenance support
- RHEL trouble-shooting
- RHEL training and knowledge transfer

With our RHEL as a Service Consulting Subscription, we provide unmatched support and security so that you can maintain a competitive edge in the marketplace.
