Oasislinear

Oasis Linear Studio

Oasis Linear is designed with straight and bold edges, crafted with acoustically absorbent fabric interior panels, and equipped with soft close doors that quietly seal behind you. Choose from the Phone Booth, Studio, and Duo and Team Pods.

Oasis Soft Carousel

Oasis Soft is upholstered inside and out to provide a softer, more residential feel. The line has soft lines and curves and acoustically absorbent panels. The collection includes Hubs, Pods, and Booths in a variety of sizes and privacy levels.

WHY OASIS BERCO

All Oasis products are proudly made in the US, in our St. Louis, MO factory.

6 week standard lead time.

Over 20 units to choose from, including solo, duo, and team sizes and varying levels of privacy.

More standard finishes than anyone in the booth/pod segment.

Superior acoustics.

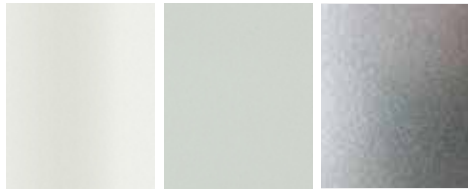

Ventilated to meet or exceed BIFMA standards, with an average 46 Air Changes per Hour (ACH). Our newly upgraded ventilation system creates an even better flow of cool, clean air into the pod.

Most units are ETL listed to conform with UL Standard 962.

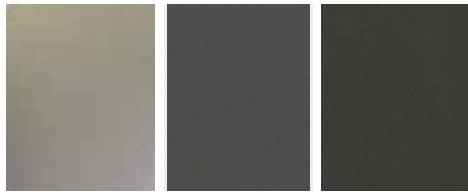

Most Oasis units are ADA-compliant.
