## Delivers Unmatched Stability

- 75,000+ assets under full lifecycle management
- \$750MM in spend under management
- Total spend control through proprietary asset management platform
- Expertise extends to IT, print, copy and manufacturing equipment

# Proven Approaches to Create Cash or Flexibility for Times of Change

## Distribution Sector

- **Problem** – Good credit but needed flexibility and a willingness to execute a transaction on items not typically financed
- **Solution** - Refinanced mission critical equipment over an extended useful life (\$15MM)

## Manufacturing Sector

- **Problem** - Fragmented material handling management across 275 OEM & local suppliers
- **Solution** - Delivered \$10MM in savings, reduced monthly invoices by 1,000% and average forklift age from 12 to 4 years

## Service Sector

- **Problem** - Challenged credit but needed to acquire new equipment to scale
- **Solution** - Financed revenue generating equipment (\$20MM)
