Other Vendor may include other notes regarding the contract update here: (attach another page if necessary).

Passport proposes amending NCPA Contract 05-51 to substitute the attached Amended Pricing Sheet and to incorporate the attached Additional Services Exhibit.

The requested changes are designed to (1) clarify the availability of (and pricing for) card-present payment processing and premium payment processing (Apple Pay and Google Pay), and (2) add a supplemental bundled pricing option for customers who want to pay a flat fee covering both the parking app and payment processing services.

Passport's position is that the first change is either a clarification of existing products and services or an acceptable addition of products and services within the meaning of the Process Section of RFP 32-20, and that the second change represents a supplemental pricing option rather than a price increase.
