

**Procurement Compliance Questionnaire**  
**RFP #24-S835 Parking Meters, Software, Systems and Related Products and Services**

**Objective:** To determine whether the cooperative has followed the State of Arizona procurement laws and the Arizona School District Procurement Rules, as adopted by the State Board of Education in the Arizona Administrative Code (A.A.C.) R7-1-1001 et seq., to promote fair and open competition among vendors to help ensure the cooperative's members are receiving the best value for the public monies they spend.

The audit firm must select and test the lesser of 50 percent or 15 of the cooperative's solicitations completed during the fiscal year to be used by Arizona school districts, but no fewer than 5 solicitations. These sample sizes represent the minimum level of required test work. Audit firms should use their professional judgment in determining whether a larger sample is needed.

In the parentheses provided below, indicate the population size and actual number of solicitations tested and total number of solicitations completed. If all solicitations are tested, indicate such in the comments. Of the total solicitations selected for testing, at least 40 percent must be competitive sealed bids and at least 40 percent must be competitive sealed proposals. If the 40 percent thresholds cannot be met because of an inadequate population size, the audit firm must test all solicitations completed through competitive sealed bids or proposals, as applicable. Of the solicitations selected, at least 1 should be for traditional construction (design-bid-build) and specified professional services, and at least 1 for construction-manager-at-risk, design-build, job-order-contracting, or qualified select bidders list, as applicable.

	YES/NO
