ACTIVE AGGRESSOR PREPAREDNESS

Public Venue Safety & Response Equipment

United Shield

Lightweight Level IIIA Ballistic Shields

United Shield International has developed a new Light weight level III shield that allows for portability and use by a single person. This shield will provide protection from most rifles and allow for rapid use by a single individual to help deescalate an active shooter scenario.

These shield range in weights from 16 – 35 lbs depending on size and features.

Medium (22" x 40") USI MXV-22X40-III-A-HH

Medium (24" x 36") USI 24X36-LWIII+

Medium (24" x 36") USI 24X36-LWIIIA
