Shaw Industries, Inc.

SUBJECT: Notice of Intent to Award – University of California Systemwide Flooring RFP

Dear Shaw Industries, Inc.,

The University of California (UC) has completed its evaluation of proposals in response to the above referenced RFP and intends to award a contract to your company for Flooring Products & Installation Services. I will represent UC in this regard with appropriate representation from UC and OMNIA Partners members moving forward, and I will contact you soon to begin negotiating the contract. Kindly direct to me all communications regarding this Notice of Intent to Award.

This Notice of Intent to Award is non-binding. If your company does not agree with UC on contract terms, UC will not award a contract to your company. Your company may not begin work, purchase materials, or enter into subcontracts relating to the project before both parties sign a contract, unless prior written approval is obtained from me. UC reserves the right to cancel this Notice of Intent to Award at any time before both parties sign a contract.

I look forward to working with you to put contract terms in place. Please don't hesitate to contact me if you have any questions about this Notice of Intent to Award.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Caudle".

Sourcing Manager, Facilities Maintenance
University of California

SUBJECT: Request for Proposal #001225-May2019 (University of California Systemwide Flooring)

The Evaluation Committee reviewed the responses and recommended the following companies be awarded:

- Tarkett USA Inc.
- Shaw Industries, Inc.
- Interface Americas, Inc.
- Bentley Mills, Inc.
- Mohawk Commercial, Inc.
- Mannington Mills, Inc.
- Milliken Services

The recommended vendors submitted offers that were determined to be most advantageous to the University of California Office of the President, based upon the evaluation criteria stated in the RFP. All the recommended respondents were determined to be competitively priced and best suited to provide the specified services outlined in the RFP.

We believe all recommended vendors demonstrate the ability to provide and perform the services requested in the proposal. We will monitor their performance and determine at the end of each term if they are eligible for renewal with each new term.

This multiple award is most advantageous as it limits contract awards to the least number of suppliers necessary to meet the requirements of end-users.

Sincerely,

Christopher J. Caudle
