

PRODUCT CATALOG

DESIGNED & MADE

Sustainability is at the core of everything we do. Founded on the premise that quality, modern furniture can be conscientiously manufactured locally, in the United States, and renewable throughout each piece of furniture's life cycle. Our innovative process includes recycling and reclaiming quality hardwoods, combined with new responsibly sourced materials to produce reimagined new furniture, with minimal waste and impact on the environment.

QUALIFICATIONS:

The principals of SFI spent most of the past 30 years designing, manufacturing and installing commercial furniture for Universities, Schools and Military Housing.

Danny Deane, President, has over 20 years in commercial furniture manufacturing, installation, and project management.

Heather Sturgill, Finance,

Matt Malone, Production Manager, has over 10 years in case goods manufacturing and wood working.

Dan Slayton, Sales & Project Management, has over 32 years of commercial and retail furniture manufacturing operations, project management and sales.

Lee Vang, Lead Engineer

Hansel Acaylar, Chief Designer

BACKGROUND:

While installing and removing furniture for Universities and Military bases across the United States, Danny encountered an alarming amount of retired furniture headed for the landfills. Many with large swatches of renewable solid wood components. From this, the idea to reclaim and repurpose solid materials to new furniture was born.

We're committed to offering the highest quality products at a competitive price, while minimizing our impact on the environment. We do this by incorporating reclaimed materials and implementing CARB compliant processes. This can contribute to our customer's LEED Certification goals, when furnishing new or renovated residence halls.

Sustainable Furniture Inc. LEED Contributions

U.S. Green Building Council, (USGBC) committees develop the LEED, in adherence with USGBC policies and procedures guiding the development and maintenance of rating systems to improve the quality of our buildings and their impact on the environment. Green design not only makes a positive impact on public health and the environment, it also reduces operating costs, enhances building and organizational marketability. Essentially it's part of an ongoing effort to make our planet a more sustainable and healthy place to live.

Sustainable Furniture Inc. manufactures environmentally sustainable furniture in Reno, Nevada. SFI furniture products, manufacturing practices and raw materials sourcing substantially exceed LEED performance criteria.

MR Credit 2.1 & 2.2

2 Points

Construction Waste Management Divert From Disposal. 100% post-consumer reclaimed wood constitutes a minimum of 30% of the furniture items manufactured by Sustainable Furniture Inc. by weight.

MR Credit 5.1 & 5.2

2 Points

Regional Materials Extracted, Processed & Manufactured Regionally. Sustainable Furniture Inc. is located in Reno, Nevada and manufactures a minimum of 60% of their products within a 500-mile radius of many states.

EQ Credit 4

1 Point

Low-Emitting Materials. Sustainable Furniture Inc. products incorporate materials and finishes that do not off-gas and exceed the requirements of EQ Credit 4.

ID Credits 1.1 – 1.4

1 Point

Innovation in Design. Post-consumer reclaimed wood components being diverted from the waste stream allow purchasing to prioritize LEED compliance. Consistently 30% - 50% of furniture items manufactured by Sustainable Furniture Inc. are composed of reclaimed wood components. This meets or exceeds a total recycled-content value of 30% or more required for this credit.

Recycled content shall be defined in accordance with the International Organization for Standardization document, ISO 14021—Environmental labels and declarations—Self-declared environmental claims (Type II environmental labeling).

Post-consumer material is defined as waste material generated by households or by commercial, industrial and institutional facilities in their role as end-users of the product, which can no longer be used for its intended purpose.

Pre-consumer material is defined as material diverted from the waste stream during the manufacturing process. Excluded is reutilization of materials such as rework, regrind or scrap generated in a process and capable of being reclaimed within the same process that generated it.

THE SUSTAINABLE FURNITURE ADVANTAGE

Frames

You may not see them, but frames are the backbone of our products, and vastly improves the durability. Strength you can feel!

Dovetail Joint

This time tested method allows for the maximum amount of adhesion for a solid drawer unit.

Patented Channel Lock Bedpost

This metal to metal connection never requires maintenance and does not loosen over time.

Hand crafted in the USA.

REMANUFACTURE PROGRAM

This meticulous process involves disassembly, surface repair and refinishing, followed by reassembly with new hardware and sustainably sourced materials. The result is a thoughtfully renewed piece for a new generation.

RECLAIM PROGRAM

Up to 30% of products shipped

SERVICES

SPACE PLANNING

We'll work with your team to create the most efficient, cost effective solution for your housing needs; while maximizing space, with minimal waste.

CUSTOM DESIGNS

Let our Design & Engineering Team help you with the next project. We can produce photo-realistic renderings of any style, finish or fabric, and show how the furniture enhances your space. Then, upon approval, we build and evaluate to ensure well engineered pieces that will last decades.

INSTALLATION SERVICES

Our commitment to customer satisfaction extends through the installation phase of each project. Furniture removal and installation services are offered "in house". Our team of experienced installers travel to each project location ensuring customer satisfaction through quality installation and/or removal services.

ADDITIONAL SERVICES OFFERED

- + FURNITURE RENTAL
- + PRODUCT STORAGE
- + INVENTORY MANAGEMENT

SCS Global Services does hereby certify that an independent audit has been completed and conformity to the applicable standard(s) has been confirmed for:

Sustainable Furniture Inc.
13805 Mount Anderson St., Reno, NV 89506, United States

This single-site certificate covers the production of indoor furniture using the transfer system. It also includes the sourcing of post-consumer reclaimed material.

The facility(s) are hereby Chain of Custody certified to sell products as:
FSC 100%; FSC Mix; FSC Recycled

The assessment has been conducted by SCS Global Services in accordance with the protocols of the Forest Stewardship Council® A.C. (FSC®).

FSC Standard: FSC-STD-40-004; FSC-STD-40-007
Certificate Code: SCS-COC-008487 Trademark License Code: FSC-C167237

Valid from: 26 May 2021 **Expiry date:** 25 May 2026

*This certificate does not constitute evidence that products are produced according to the standard for FSC-certified products. Products obtained through the transfer system are not covered by this certificate. The scope of this certificate is limited to the products listed on the scope of the certificate. The current validity and status, including the status of products, shall be verified in the following way: The certificate shall cover the products of FSC, and the certificate shall not be a representation of the certificate holder's ability to supply FSC-certified products. Where a certificate holder more than one site, the covered products and processes activities are performed by the network of participating sites, and not necessarily by each of them.

TERMS AND CONDITIONS

HEADQUARTERS

Sustainable Furniture Inc.
13805 Mt. Anderson St. Reno, NV 89506
916-389-0310 PHONE
www.sustainablefurnitureinc.com

TERMS

Payment terms are net 30 days from the date of the invoice. Special payment terms may be extended at the discretion of Sustainable Furniture Inc. Any delays, changes, or cancellations of orders must be with the written consent of Sustainable Furniture Inc. and may be subject to service charges.

CREDIT CARD USAGE

Credit card purchases are available but limited to purchases under \$5,000.00.

CHECK-LIST FOR ORDERING

To ensure your order is processed promptly and delivered without delay, it is necessary to follow the steps below when placing an order:

- * Order must be in written form and submitted on an official Purchase Order Form with an authorized signature
- * Order must include both the billing and shipping address. The shipping address must include a contact name and telephone number.
- * The correct product name, brief description, and quantity should be listed.
- * All wood stains, fabric selections, or laminate selections must appear on the order. Verbal color selections WILL NOT be acceptable.
- * The freight status must be included.
- * An official Tax Exempt Certificate must be submitted with the order or tax will be assessed.

LEAD TIME

Lead times may vary according to the time of the year of order placement. A commitment of the lead time will be offered at the time of order placement.

ORDER CHANGES/CANCELLATIONS

Any order changes are subject to the seller's ability to conform and will be subject to the expense of material, labor, and other costs involved in the change. Cancellations will not be accepted on any orders in process without prior written approval. Cancellation charges may be assessed depending on the amount of work completed at the time of cancellation approval.

WARRANTY

This warranty covers furniture manufactured by Sustainable Furniture Inc. against defects in workmanship and material. Our solid wood products carry a warranty of 25 years from the date of delivery. The warranty becomes invalid if products exhibit abuse and improper use. The following are specifically excluded from the warranty:

- * damage as a result of accident, fire, flood, civil disorder, strike, abuse, misuse of any cause outside of ordinary use
- * scratching or natural wearing of finishes
- * damage caused from shipping
- * furniture that has been unduly exposed to the elements such as water, direct sunlight, etc.
- * acts of omissions of parties (including user modifications, alterations or disassembling)
- * this warranty does not include defects from normal wear and tear
- * natural variations occurring in wood shall not be considered defects and the seller does not guarantee colorfastness or matching of paint colors, grains, textures, or surface hardness of such materials Any approved warranty item will be repaired free of charge

RETURNS

The return of merchandise for any reason will not be accepted without prior approval. Returns will be considered when requested within 60 days of delivery. Do not return merchandise without the proper authorization, as the shipment will be refused and the freight charges will be the purchaser's responsibility.
