Sustema has a very strong management team headed by Sales Director Nadjib Rahal that will be managing the sales program on a National level. Sustema will work and train the Sales Team in each market nationally on the importance of utilizing the NCPA contract. Our Sales Director will ensure each of our Account Managers are supported and equipped to introduce Sustema and the NCPA to clients, dealerships and architectural & design community.

Once an award is made to Sustema, we will immediately promote the NCPA to all sales members and distribution stated above which will include a nationwide marketing campaign.

◆ Describe your firm's capabilities and functionality of your on-line catalog / ordering website.

Due to the extensive offering of options in our product specifications Sustema does not currently employ an on online ordering application. Because of the myriad of options available when purchasing a Console a Sustema Account Manager guides the client through an extensive process to find the right solution for that individual client.

Sustema does showcase an on-line catalog that highlights different available options of consoles as a first step to help the client start the process in selecting a console that works best for them. This is a very valuable research tool in the beginning of the process. Here is a brief explanation of how Sustema's catalog works:

You can view our catalog at [Sustema.com/catalog](http://Sustema.com/catalog). You can select to view any of our product lines and configure a solution that works best for your needs. We will use our Transit Series as an example as that is the most commonly used console in control rooms. When you click on the Transit Series Catalog you will get to filter Through a variety of options to "build your console"

As our business grows, we want to make sure we minimize our impact on the Earth's climate. To that effort we ask respondents to provide their companies environmental policy and/or green initiative.

**Sustema is proud to incorporate the following Green certifications:**

Products like Sustema's that have achieved GREENGUARD certification are scientifically proven to meet some of the world's most rigorous third-party chemical emissions standards, helping to reduce indoor air pollution and the risk of chemical exposure, while aiding in the creation of healthier indoor environments.

### What does Greenguard Certified Mean?

According to the UL organization, the GREENGUARD Certification means the product has met industry standards for low emissions. (UL) When a product bears Greenguard certification, it meets strict chemical emissions limits and has been tested for more than 10,000 chemicals. Greenguard certifications indicate that a product is safe for indoor use. (The Spruce).

### Why is this Certification Important?

From the perspective of a supplier, this certification is important because it gives them credibility in the industry as well as it can be leveraged as a competitive advantage against companies that do not have it.

From the perspective of a buyer, this certification assures them that their safety is being respected by their supplier. Also, according to a study by West Bend Mutual Insurance Company, employee productivity is increased and employee absenteeism is decreased by simply investing in quality indoor environmental product

Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, marital status, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. *Contractor agrees to include the requirements of this clause in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.*

### **DISADVANTAGED BUSINESS PARTICIPATION**

This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, "*Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*", therefore, it is the policy of the Department of Transportation (DOT) to ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in the performance of DOT-assisted contracts.

- 1) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

- 2) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of public agency.
- 3) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

### **ENERGY CONSERVATION REQUIREMENTS**

### **FEDERAL CHANGES**

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Contract between public agency and the FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

### **INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS**

The provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by the DOT, as set forth in the most current FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor agrees not to perform any act, fail to perform any act, or refuse to comply with any public agency requests that would cause public agency to be in violation of the FTA terms and conditions.

### **NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES**

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

*Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.*

Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.
