The Minnesota Public Agency (Sourcewell) issued RFP 111621 on September 9th, 2021, to establish a national cooperative contract for Food Products and Distribution for School Food Authorities with Related Supplies, Technology, and Services.

The solicitation included cooperative purchasing language in Sections I, subsection A. and subsection B:

A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of eligible participating entities across the United States. Sourcewell’s solicitation process complies with State of Minnesota law and policies, and results in cooperative purchasing solutions from which Sourcewell’s eligible Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted suppliers’ potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

B. USE OF RESULTING CONTRACTS

For purposes of this solicitation and resulting contracts, a Participating Entity is a School Food Authority (SFA) as defined in 7 C.F.R. §210.2. More generally, this solicitation and resulting contracts are for use by SFAs operating a child nutrition program authorized by the United States Congress and regulated by the United States Department of Agriculture (USDA).

For a listing of current United States Participating Entities visit Sourcewell's website: <https://www.sourcewell-mn.gov/sourcewell-for-vendors/agency-locator>.

Participating Entities typically access contracted equipment, products, or services through a purchase order issued directly to the contracted supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities' needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In the United States each state-level procurement department receives notice for possible re-posting.
