

## **RFP 20-08 Cyber Security Solutions and Associated Products & Services Q&A**

1. In reviewing the subject RFP, I wanted to point out that Appendix D, Exhibit A, Paragraph 1.1 (Requirement), references the “Unified Communications as a Service (UCaaS)” RFP that is separately posted. I am not sure if this is simply a naming convention typo, or if the RFP will need to be updated to conform with whatever the requirements for the Cyber Security proposal maybe.

*Addendum No. 1 has been issued to replace APPENDIX D in it's entirety.*

2. We are a cybersecurity assessment (services) firm and is interested in bidding for the subject RFP. Before proceeding, would you please let us know whether contracts will be awarded for assessment services only?

*Vendors who offer the requested services outlined in the scope either individually or in a combination are qualified to respond to this solicitation.*
