ARTICLE 1 – GENERAL

The equipment, materials, or supplies (“Goods”) and/or services (“Services”) furnished by Supplier (together, the “Goods and Services”) and covered by the UC Purchase Order (“PO”) and/or other agreement (which, when combined with these Terms and Conditions and any other documents incorporated by reference, will constitute the “Agreement”) are governed by the terms and conditions set forth herein. As used herein, the term “Supplier” includes Supplier and its sub-suppliers at any tier. As used herein, “UC” refers to The Regents of the University of California, a corporation described in California Constitution Art. IX, Sec. 9, on behalf of the UC Locations identified in the Agreement and/or the PO. UC and Supplier individually will be referred to as “Party” and collectively as “Parties.” Any defined terms not defined in these Terms and Conditions of Purchase will have the meaning ascribed to such term in any of the other documents incorporated in and constituting the Agreement. No other terms or conditions will be binding upon the Parties unless accepted by them in writing. Written acceptance or shipment of all or any portion of the Goods, or the performance of all or any portion of the Services, covered by the Agreement, will constitute Supplier’s unqualified acceptance of all of the Agreement’s terms and conditions. The terms of any proposal referred to in the Agreement are included and made a part of the Agreement only to the extent the proposal specifies the Goods and/or Services ordered, the price therefor, and the delivery thereof, and then only to the extent that such terms are consistent with the terms and conditions of the Agreement.

ARTICLE 2 – TERM AND TERMINATION

- A. As applicable, the term of the Agreement (“Initial Term”) will be stated in the Agreement. Following the Initial Term, the Agreement may be extended by written mutual agreement.
- B. UC’s obligation to proceed is conditioned upon the appropriation of state, federal and other sources of funds not controlled by UC (“Funding”). UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation in the event that through no action or inaction on the part of UC, the Funding is withdrawn.
- C. UC may, by written notice stating the extent and effective date thereof, terminate the Agreement for convenience in whole or in part, at any time with not less than the number of days’ notice stated elsewhere in the Agreement. As specified in the termination notice, UC will pay Supplier as full compensation the pro rata Agreement price for performance through the later of the date that (i) UC provided Supplier with notice of termination or (ii) Supplier’s provision of Goods and/or Services will terminate.
- D. UC may by written notice terminate the Agreement for Supplier’s breach of the Agreement, in whole or in part, at any time, if Supplier refuses or fails to comply with the provisions of the Agreement, or so fails to make progress as to endanger performance and does not cure such failure within five (5) business days, or fails to supply the Goods and/or Services within the time specified or any written extension thereof. In such event, UC may purchase or otherwise secure Goods and/or Services and, except as otherwise provided herein, Supplier will be liable to UC for any excess costs UC incurs thereby.

ARTICLE 3 – PRICING, INVOICING METHOD, AND SETTLEMENT METHOD AND TERMS. Pricing is set forth in the Agreement or Purchase Order Number, and the amount UC is charged and responsible for shall not exceed the amount specified in the Agreement unless UC has given prior written approval. Unless otherwise agreed in writing by UC, Supplier will use the invoicing method and payment settlement method (and will extend the terms applicable to such settlement method) set forth in UC’s Supplier Invoicing, Terms & Settlement Matrix. UC will pay Supplier, upon submission of acceptable invoices, for Goods and/or Services provided and accepted. Invoices must be itemized and reference the Agreement or Purchase Order number. UC will not pay shipping, packaging or handling expenses, unless specified in the Agreement or Purchase Order. Unless otherwise provided, freight is to be FOB destination. Any of Supplier’s expenses that UC agrees to reimburse will be reimbursed under UC’s Travel Policy, which may be found at <https://policy.ucop.edu/doc/3420365>. Where applicable, Supplier will pay all taxes imposed on Supplier in connection with its performance under the Agreement, including any federal, state and local income, sales, use, excise and other taxes or assessments. Notwithstanding any other provision to the contrary, UC will not be responsible for any fees, interest or surcharges Supplier wishes to impose.

ARTICLE 4 – INSPECTION. The Goods and/or Services furnished will be exactly as specified in the Agreement, free from all defects in Supplier’s performance, design, workmanship and materials, and, except as otherwise provided in the Agreement, will be subject to inspection and test by UC at all times and places. If, prior to final acceptance, any Goods and/or Services furnished are found to be incomplete, or not as specified, UC may reject them, require Supplier to correct them at the sole cost of Supplier, or require provision of such Goods and/or Services at a reduction in price that is equitable under the circumstances. If Supplier is unable or refuses to correct such deficiencies within a time UC deems reasonable, UC may terminate the Agreement in whole or in part. Supplier will bear all risks as to

rejected Goods and/or Services and, in addition to any costs for which Supplier may become liable to UC under other provisions of the Agreement, will reimburse UC for all transportation costs, other related costs incurred, or payments to Supplier in accordance with the terms of the Agreement for unaccepted Goods and/or Services and materials and supplies incidental thereto. Notwithstanding final acceptance and payment, Supplier will be liable for latent defects, fraud or such gross mistakes as amount to fraud.

ARTICLE 5 – ASSIGNED PERSONNEL; CHARACTER OF SERVICES

Supplier will provide the Services as an independent contractor and furnish all equipment, personnel and materiel sufficient to provide the Services expeditiously and efficiently, during as many hours per shift and shifts per week, and at such locations as UC may so require. Should UC inform Supplier that anyone providing the Services is not working to this standard, Supplier will immediately remove such personnel from providing Services and he or she will not again, without UC's written permission, be assigned to provide Services. 2. The Deliverables must be new and original. Following receipt of such notice, Supplier will either (at Supplier's sole election) (i) procure for UC the right to continue to use the affected portion of the Goods and/or Services, or (ii) replace or otherwise modify the affected portion of the Goods and/or Services to make them non-infringing, or obtain a reasonable substitute product for the affected portion of the Goods and/or Services, provided that any replacement, modification or substitution under this paragraph does not effect a material change in the Goods and/or Services' functionality. If none of the foregoing options is reasonably acceptable to UC, UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

ARTICLE 8 – INDEMNITY

To the fullest extent permitted by law, Supplier will defend, indemnify, and hold harmless UC, its officers, employees, and agents, from and against all losses, expenses (including, without limitation, reasonable attorneys' fees and costs), damages, and liabilities of any kind resulting from or arising out of the Agreement, including the performance hereunder of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control, provided such losses, expenses, damages and liabilities are due or claimed to be due to the acts or omissions of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control. - G. The coverages referred to under A and B of this Article must include UC as an additional insured. It is understood that the coverage and limits referred to under A, B and C of this Article will not in any way limit Supplier's liability. Supplier will furnish UC with certificates of insurance (and the relevant endorsement pages) evidencing compliance with all requirements prior to commencing work under the Agreement. Such certificates will:
 1. Indicate that The Regents of the University of California has been endorsed as an additional insured for the coverage referred to under A and B of this Article. This provision will only apply in proportion to and to the extent of the negligent acts or omissions of Supplier, its officers, agents, or employees.
 2. Include a provision that the coverage will be primary and will not participate with or be excess over any valid and collectible insurance or program of self-insurance carried or maintained by UC.

ARTICLE 10 – USE OF UC NAME AND TRADEMARKS

Supplier will not use the UC name, abbreviation of the UC name, trade names and/or trademarks (i.e., logos and seals) or any derivation thereof, in any form or manner in advertisements, reports, or other information released to the public, or place the UC name, abbreviations, trade names and/or trademarks or any derivation thereof on any consumer goods, products, or services for sale or distribution to the public, without UC's prior written approval. Supplier agrees to comply at all times with California Education Code Section 92000.

Where a purchase of items is for fulfillment of a specific U.S. Government prime or subcontract, additional information and/or terms and conditions may be included in an attached supplement. By submitting an invoice to UC, Supplier is representing to UC that, at the time of submission:

- i. Neither Supplier nor its principals are presently debarred, suspended, or proposed for debarment by the U.S. government (see FAR 52.209-6);
- ii. Supplier has filed all compliance reports required by the Equal Opportunity clause (see FAR 52.222-22); and

ARTICLE 12 – EQUAL OPPORTUNITY AFFIRMATIVE ACTION

Supplier will abide by the requirements set forth in Executive Orders 11246 and 11375. Where applicable, Supplier will comply with 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a), incorporated by reference with this statement: **“This contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.”** With respect to activities occurring in the State of California, Supplier agrees to adhere to the California Fair Employment and Housing Act. Supplier will provide UC on request a breakdown of its labor force by groups as specified by UC, and will discuss with UC its policies and practices relating to its affirmative action programs. Supplier will not maintain or provide facilities for employees at any establishment under its control that are segregated on a basis prohibited by federal law. Separate or single-user restrooms and necessary dressing or sleeping areas must be provided, however, to ensure privacy.

ARTICLE 13 – LIENS

Supplier agrees that upon UC’s request, Supplier will submit a sworn statement setting forth the work performed or material furnished by sub-suppliers and material men, and the amount due and to become due to each, and that before the final payment called for under the Agreement, will upon UC’s request submit to UC a complete set of vouchers showing what payments have been made for such work performed or material furnished. Supplier will promptly notify UC in writing, of any claims, demands, causes of action, liens or suits brought to its attention that arise out of the Agreement. UC will not make final payment until Supplier, if required, delivers to UC a complete release of all liens arising out of the Agreement, or receipts in full in lieu thereof, as UC may require, and if required in either case, an affidavit that as far as it has knowledge or information, the receipts include all the labor and materials for which a lien could be filed; but Supplier may, if any sub-supplier refuses to furnish a release or receipt in full, furnish a bond satisfactory to UC to indemnify it against any claim by lien or otherwise. If any lien or claim remains unsatisfied after all payments are made, Supplier will refund to UC all monies that UC may be compelled to pay in discharging such lien or claim, including all costs and reasonable attorneys’ fees.

ARTICLE 14 – PREMISES WHERE SERVICES ARE PROVIDED

- A. Cleaning Up. Supplier will at all times keep UC premises where the Services are performed and adjoining premises free from accumulations of waste material or rubbish caused by its employees or work of any of its sub-suppliers, and, at the completion of the Services; will remove all rubbish from and about the premises and all its tools, scaffolding, and surplus materials, and will leave the premises "broom clean" or its equivalent, unless more exactly specified. In case of dispute between Supplier and its sub-suppliers as to responsibility for the removal of the rubbish, or if it is not promptly removed, UC may remove the rubbish and charge the cost to Supplier.
- B. Environmental, Safety, Health and Fire Protection. Supplier will take all reasonable precautions in providing the Goods and Services to protect the health and safety of UC employees and members of the public and to minimize danger from all hazards to life and property, and will comply with all applicable environmental protection, health, safety, and fire protection regulations and requirements (including reporting requirements). In the event that Supplier fails to comply with such regulations and requirements, UC may, without prejudice to any other legal or contractual rights of UC, issue an order stopping all or any part of the provision of the Goods and/or Services; thereafter a start order for resumption of providing the Goods and/or Services may be issued at UC’s discretion. Supplier will not be entitled to make a claim for extension of time or for compensation or damages by reason of or in connection with such stoppage. Supplier will have sole responsibility for the safety of all persons employed by Supplier and its sub-suppliers on UC premises, or any other person who enters upon UC premises for reasons relating to the Agreement. Supplier will at all times maintain good order among its employees and all other persons who come onto UC’s premises at Supplier’s request and will not engage any unfit or unskilled person to provide the Goods and/or Services. Supplier will confine its employees and all other persons who come onto UC’s premises at Supplier’s request or for reasons relating to the Agreement and its equipment to that portion of UC’s premises where the Services are to be provided or to roads leading to and from such work sites, and to any other area which UC may permit

Supplier to use. Supplier will take all reasonable measures and precautions at all times to prevent injuries to or the death of any of its employees or any other person who enters upon UC premises at Supplier's request. Such measures and precautions will include, but will not be limited to, all safeguards and warnings necessary to protect workers and others against any conditions on the premises that could be dangerous and to prevent accidents of any kind whenever the Goods and/or Services are being provided in proximity to any moving or operating machinery, equipment or facilities, whether such machinery, equipment or facilities are the property of or are being operated by, Supplier, its sub-suppliers, UC or other persons. To the extent compliance is required, Supplier will comply with all relevant UC safety rules and regulations when on UC premises.

- C. Tobacco-free Campus. UC is a tobacco-free institution. Use of cigarettes, cigars, oral tobacco, electronic cigarettes and all other tobacco products is prohibited on all UC owned or leased sites.

ARTICLE 15 – LIABILITY FOR UC - FURNISHED PROPERTY

Supplier assumes complete liability for any materials UC furnishes to Supplier in connection with the Agreement and Supplier agrees to pay for any UC materials Supplier damages or otherwise is not able to account for to UC's satisfaction. UC furnishing to Supplier any materials in connection with the Agreement will not, unless otherwise expressly provided in writing by UC, be construed to vest title thereto in Supplier.

ARTICLE 16 – COOPERATION

Supplier and its sub-suppliers, if any, will cooperate with UC and other suppliers and will so provide the Services that other cooperating suppliers will not be hindered, delayed or interfered with in the progress of their work, and so that all of such work will be a finished and complete job of its kind.

ARTICLE 17 – ADDITIONAL TERMS APPLICABLE TO THE FURNISHING OF GOODS

The terms in this Article have special application to the furnishing of Goods:

- A. Price Decreases. Supplier agrees immediately to notify UC of any price decreases from its suppliers, and to pass through to UC any price decreases.
- B. Declared Valuation of Shipments. Except as otherwise provided in the Agreement, all shipments by Supplier under the Agreement for UC's account will be made at the maximum declared value applicable to the lowest transportation rate or classification and the bill of lading will so note.
- C. Title. Title to the Goods purchased under the Agreement will pass directly from Supplier to UC at the f.o.b. point shown, or as otherwise specified in the Agreement, subject to UC's right to reject upon inspection.
- D. Changes. Notwithstanding the terms in Article 34, Amendments, UC may make changes within the general scope of the Agreement in drawings and specifications for specially manufactured Goods, place of delivery, method of shipment or packing of the Agreement by giving notice to Supplier and subsequently confirming such changes in writing. If such changes affect the cost of or the time required for performance of the Agreement, UC and Supplier will agree upon an equitable adjustment in the price and/or delivery terms. Supplier may not make changes without UC's written approval. Any claim of Supplier for an adjustment under the Agreement must be made in writing within thirty (30) days from the date Supplier receives notice of such change unless UC waives this condition in writing. Nothing in the Agreement will excuse Supplier from proceeding with performance of the Agreement as changed hereunder. Supplier may not alter or misbrand, within the meaning of the applicable Federal and State laws, the Goods furnished.
- E. Forced, Convict and Indentured Labor. Supplier warrants that no foreign-made Goods furnished to UC pursuant to the Agreement will be produced in whole or in part by forced labor, convict labor, or indentured labor under penal sanction. If UC determines that Supplier knew or should have known that it was breaching this warranty, UC may, in addition to terminating the Agreement, remove Supplier from consideration for UC contracts for a period not to exceed one year. This warranty is in addition to any applicable warranties in Articles 6 and 11.
- F. Export Control. If any of the Goods is export-controlled under the International Traffic in Arms Regulations (22 CFR §§ 120-130), the United States Munitions List (22 CFR § 121.1), or Export Administration Regulations (15 CFR §§ 730-774) 500 or 600 series, or controlled on a military strategic goods list, Supplier agrees to provide UC (the contact listed on the Purchase Order) with written notification that identifies the export-controlled Goods and such Goods' export classification.

ARTICLE 18 – CONFLICT OF INTEREST

Supplier affirms that, to the best of Supplier’s knowledge, no UC employee who has participated in UC’s decision-making concerning the Agreement has an “economic interest” in the Agreement or Supplier. A UC employee’s “economic interest” means:

- A. An investment worth \$2,000 or more in Supplier or its affiliate;
- B. A position as director, officer, partner, trustee, employee or manager of Supplier or its affiliate;
- C. Receipt during the past 12 months of \$500 in income or \$440 in gifts from Supplier or its affiliate; or
- D. A personal financial benefit from the Agreement in the amount of \$250 or more.

In the event of a change in these economic interests, Supplier will provide written notice to UC within thirty (30) days after such change, noting such changes. Supplier will not be in a reporting relationship to a UC employee who is a near relative, nor will a near relative be in a decision making position with respect to Supplier.

ARTICLE 19 – AUDIT REQUIREMENTS

The Agreement, and any pertinent records involving transactions relating to this Agreement, is subject to the examination and audit of the Auditor General of the State of California or Comptroller General of the United States or designated Federal authority for a period of up to five (5) years after final payment under the Agreement. UC, and if the underlying grant, cooperative agreement or federal contract so provides, the other contracting Party or grantor (and if that be the United States or an instrumentality thereof, then the Comptroller General of the United States) will have access to and the right to examine Supplier’s pertinent books, documents, papers, and records involving transactions and work related to the Agreement until the expiration of five (5) years after final payment under the Agreement. The examination and audit will be confined to those matters connected with the performance of the Agreement, including the costs of administering the Agreement.

ARTICLE 20 – PROHIBITION ON UNAUTHORIZED USE OR DISCLOSURE OF CONFIDENTIAL INFORMATION

Supplier agrees to hold UC’s Confidential Information, and any information derived therefrom, in strict confidence. Confidential Information shall be defined as any information disclosed by UC to Supplier for the purposes of providing the Good and/or Services which is (i) marked as “Confidential” at the time of disclosure; (ii) disclosed orally, identified at the time of such oral disclosure as confidential, and reduced to writing as “Confidential” within thirty (30) days of such oral disclosure; and (iii) if not marked as “Confidential,” information that would be considered by a reasonable person in the relevant field to be confidential given its content and the circumstances of its disclosure. Confidential Information will not include information that: (i) Supplier can demonstrate by written records was known to Supplier prior to the effective date of the Agreement; (ii) is currently in, or in the future enters, the public domain other than through a breach of the Agreement or through other acts or omissions of Supplier; (iii) is obtained lawfully from a third party; or (iv) is disclosed under the California Public Records Act or legal process.

Supplier will not access, use or disclose Confidential Information other than to carry out the purposes for which UC disclosed the Confidential Information to Supplier, except as permitted or required by applicable law, or as otherwise authorized in writing by UC prior to the disclosure. Supplier shall have the limited right to disclose UC’s Confidential Information to Supplier’s employees provided that: (i) Supplier shall disclose only such UC’s Confidential Information as is necessary for the Supplier to perform its obligations under this Agreement; (ii) such employees have been informed of the confidential nature of such information; and (iii) such employees have agreed in writing to be bound by confidentiality obligations at least as stringent as those set forth in this Agreement. Supplier shall be liable for any breach of this Agreement by its employees. For avoidance of doubt, this provision prohibits Supplier from using for its own benefit Confidential Information and any information derived therefrom. If Supplier is required by a court of competent jurisdiction or an administrative body to disclose Confidential Information, Supplier will notify UC in writing immediately upon receiving notice of such requirement and prior to any such disclosure (unless Supplier is prohibited by law from doing so), to give UC an opportunity to oppose or otherwise respond to such disclosure. To the extent Supplier is still required to make such a disclosure, Supplier will give UC prompt written notice of such event and will furnish only that portion that is legally required and will exercise all reasonable efforts to obtain reliable assurance that confidential treatment will be afforded to the Confidential Information. Supplier’s transmission, transportation or storage of Confidential Information outside the United States, or access of Confidential Information from outside the United States, is prohibited except with prior written authorization by UC. UC’s Appendix – Data Security, Appendix – HIPAA Business Associate, and/or Appendix – General Data Protection Regulation will control in the event that one or both appendices is incorporated into the Agreement and conflicts with the provisions of this Article.

Supplier acknowledges that remedies at law would be inadequate to protect UC against any actual or threatened breach of this Section by Supplier, and, without prejudice to any other rights and remedies otherwise available to UC, Supplier agrees to the granting of injunctive relief in UC's favor without proof of actual damages.

ARTICLE 21 – UC WHISTLEBLOWER POLICY

UC is committed to conducting its affairs in compliance with the law, and has established a process for reporting and investigating suspected improper governmental activities. Please visit <http://www.ucop.edu/uc-whistleblower/> for more information.

ARTICLE 22 – SUSTAINABLE PROCUREMENT GUIDELINES

Supplier will conduct business using environmentally, socially, and economically sustainable products and services (defined as products and services with a lesser or reduced effect on human health and the environment, and which generate benefits to the University as well as to society and the economy, while remaining within the carrying capacity of the environment), to the maximum possible extent consistent with the Agreement, and with the University of California Sustainable Practices Policy (<https://policy.ucop.edu/doc/3100155>) and the University of California Sustainable Procurement Guidelines: (https://www.ucop.edu/procurement-services/_files/sustainableprocurementguidelines.pdf).

In accordance with the University of California Sustainable Practices Policy, Supplier will adhere to the following requirements and standards, as applicable. Supplier acknowledges that failure to comply with any of the sustainability standards and requirements in the Agreement will constitute a material breach of the Agreement and UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

- A. Sustainability Marketing Standards. Supplier sustainability related claims, where applicable, must meet University of California recognized certifications and standards set forth in the UC Sustainable Procurement Guidelines and/or meet the standards of Federal Trade Commission's (FTC) Green Guides.
- B. Electronic Transfer of Supplier Information. Suppliers, when interacting with the University, shall be prohibited from providing hard copies of presentations, marketing material, or other informational materials. Suppliers will be required to present all information in electronic format that is easily transferable to University staff. Materials may be provided in hard copy or physical format if specifically required or requested by a UC representative.
- C. Packaging Requirements. All packaging must be compliant with the Toxics in Packaging Prevention Act (AB 455) and must meet all additional standards and requirements set forth in the UC Sustainable Practices Policy. In addition, the University requires that all packaging meet at least one of the criteria listed below:
 - a. Uses bulk packaging;
 - b. Uses reusable packaging (e.g. totes reused by delivery service for next delivery);
 - c. Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product;
 - d. Maximizes recycled content and/or meets or exceeds the minimum post-consumer content level for packaging in the U.S. Environmental Protection Agency Comprehensive Procurement Guidelines;
 - e. Uses locally recyclable or certified compostable material.
- D. Expanded Polystyrene (EPS) Ban. No EPS shall be used in foodservice facilities for takeaway containers. By 2020, the University will be prohibited from procuring Goods containing, or that are provided in packaging containing, Expanded Polystyrene (EPS) other than that utilized for laboratory supply or medical packaging and products where no functional alternatives exist.
- E. E-Waste Recycling Requirements. All recyclers of University of California electronic equipment must be e-Steward certified by the Basel Action Network (BAN) or R2 Standard certified.

Hosted and Punch-out Catalog Requirements. Suppliers enabled with eProcurement hosted catalog functionality must clearly identify products with UC-recognized certifications, as defined by the UC Sustainable Procurement Guidelines, in both hosted and punchout catalog e-procurement environments.

ARTICLE 23 – PATIENT PROTECTION AND AFFORDABLE CARE ACT (PPACA) EMPLOYER SHARED RESPONSIBILITY

If the Services involve Supplier furnishing UC with temporary or supplementary staffing, Supplier warrants that:

- A. If Supplier is an Applicable Large Employer (as defined under Treasury Regulation Section 54.4980H-1(a)(4)):
 1. Supplier offers health coverage to its full-time employees who are performing Services for UC;
 2. Supplier's cost of enrolling such employees in Supplier's health plan is factored into the fees for the Services; and
 3. The fees for the Services are higher than what the Services would cost if Supplier did not offer health coverage to such full-time employees.
- B. If Supplier is not an Applicable Large Employer (as defined above):
 1. Supplier offers group health coverage to its full-time employees who are performing Services for UC and such coverage is considered Minimum Essential Coverage (as defined under Treasury Regulation Section 1-5000A-2) and is Affordable (as defined under Treasury Regulation Section 54.4980H-5(e)); or
 2. Supplier's full-time employees who are performing services for UC have individual coverage and such coverage satisfies the PPACA requirements for mandated individual coverage.

Supplier acknowledges that UC is relying on these warranties to ensure UC's compliance with the PPACA Employer Shared Responsibility provision.

ARTICLE 24 - PREVAILING WAGES

Unless UC notifies Supplier that the Services are not subject to prevailing wage requirements, Supplier will comply, and will ensure that all sub-suppliers comply, with California prevailing wage provisions, including but not limited to those set forth in Labor Code sections 1770, 1771, 1771.1, 1772, 1773, 1773.1, 1774, 1775, 1776, 1777.5, and 1777.6. For purposes of the Agreement, the term "sub-supplier" means a person or firm, of all tiers, that has a contract with Supplier or with a sub-supplier to provide a portion of the Services. The term sub-supplier will not include suppliers, manufacturers, or distributors. Specifically, and not by way of limitation, if apprenticeship occupations are involved in providing the Services, Supplier will be responsible for ensuring that Supplier and any sub-suppliers comply with Labor Code Section 1777.5. Supplier and sub-supplier may not provide the Services unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5 and 1771.1. Notwithstanding the foregoing provisions, Supplier will be solely responsible for tracking and ensuring proper payment of prevailing wages regardless if Services are partially or wholly subject to prevailing wage requirements. In every instance, Supplier will pay not less than the UC Fair Wage (defined as \$13 per hour as of 10/1/15, \$14 per hour as of 10/1/16, and \$15 per hour as of 10/1/17) for Services being performed at a UC Location (defined as any location owned or leased by UC).

The California Department of Industrial Relations (DIR) has ascertained the general prevailing per diem wage rates in the locality in which the Services are to be provided for each craft, classification, or type of worker required to provide the Services. A copy of the general prevailing per diem wage rates will be on file at each UC Location's procurement office, and will be made available to any interested party upon request. Supplier will post at any job site:

- A. Notice of the general prevailing per diem wage rates, and
- B. Any other notices required by DIR rule or regulation.

By this reference, such notices are made part of the Agreement. Supplier will pay not less than the prevailing wage rates, as specified in the schedule and any amendments thereto, to all workers employed by Supplier in providing the Services. Supplier will cause all subcontracts to include the provision that all sub-suppliers will pay not less than the prevailing rates to all workers employed by such sub-suppliers in providing the Services. The Services are subject to compliance monitoring and enforcement by the DIR. Supplier will forfeit, as a penalty, not more than \$200 for each calendar day or portion thereof for each worker that is paid less than the prevailing rates as determined by the DIR for the work or craft in which the worker is employed for any portion of the Services provided by Supplier or any sub-supplier. The amount of this penalty will be determined pursuant to applicable law. Such forfeiture amounts may be deducted from the amounts due under the Agreement. If there are insufficient funds remaining in the amounts due under the Agreement, Supplier will

be liable for any outstanding amount remaining due. Supplier will also pay to any worker who was paid less than the prevailing wage rate for the work or craft for which the worker was employed for any portion of the Services, for each day, or portion thereof, for which the worker was paid less than the specified prevailing per diem wage rate, an amount equal to the difference between the specified prevailing per diem wage rate and the amount which was paid to the worker. Review of any civil wage and penalty assessment will be made pursuant to California Labor Code section 1742.

ARTICLE 25 – FAIR WAGE/FAIR WORK

If the Agreement is for Services that will be performed at one or more UC Locations, does not solely involve furnishing Goods, and are not subject to extramural awards containing sponsor-mandated terms and conditions, Supplier warrants that it is in compliance with applicable federal, state and local working conditions requirements, including but not limited to those set forth in Articles 11, 12 and 14 herein, and that Supplier pays its employees performing the Services no less than the UC Fair Wage. Supplier agrees UC may conduct such UC Fair Wage/Fair Work interim compliance audits as UC reasonably requests, as determined in UC's sole discretion. Supplier agrees to post UC Fair Wage/Fair Work notices, in the form supplied by UC, in public areas (such as break rooms and lunch rooms) frequented by Supplier employees who perform Services.

For Services that exceed \$100,000 annually and are not subject to prevailing wage requirements, Supplier will, a) at Supplier's expense, provide an annual independent verification performed by a licensed public accounting firm (independent accountant) or the Supplier's independent internal audit department (<http://na.theiia.org/standards-guidance/topics/Pages/Independence-and-Objectivity.aspx>) in compliance with UC's required verification standards and procedures, concerning Supplier's compliance with this provision, and b) ensure that in the case of a UC interim audit, its independent accountant/independent internal auditor makes available to UC its UC Fair Wage/Fair Work work papers for the most recent verification period. Supplier agrees to provide UC with a UC Fair Wage/Fair Work verification annually, in a form acceptable to UC, no later than ninety days after each one-year anniversary of the agreement's effective date, for the twelve months immediately preceding the anniversary date. All Supplier FW/FW compliance resources available here: <https://www.ucop.edu/procurement-services/for-suppliers/fwf-resources-suppliers.html>.

ARTICLE 26 – MEDICAL DEVICES

This Article applies when the Goods and/or Services involve UC purchasing or leasing one or more medical devices from Supplier, or when Supplier uses one or more medical devices in providing Goods and/or Services to UC.

Medical Device as used herein will have the meaning provided by the U.S. Food and Drug Administration ("FDA") and means an instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent, or other similar or related article, including a component part, or accessory which is: (i) recognized in the official National Formulary, or the United States Pharmacopoeia, or any supplement to them; (ii) intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in man or other animals, or (iii) intended to affect the structure or any function of the body of man or other animals, and which does not achieve any of its primary intended purposes through chemical action within or on the body of man or other animals and which is not dependent upon being metabolized for the achievement of any of its primary intended purposes.

Supplier warrants that prior to UC's purchase or lease of any Medical Device or Supplier's use of any Medical Device in providing Goods and/or Services hereunder, Supplier will: (i) perform security testing and validation for each such Goods and/or Services or Medical Device, as applicable; (ii) perform a security scan by an anti-virus scanner, with up-to-date signatures, on any software embedded within any Goods and/or Services or Medical Device, as applicable, in order to verify that the software does not contain any known viruses or malware; (iii) conduct a vulnerability scan encompassing all ports and fuzz testing; and (iv) provide UC with reports for (i) – (iii). Supplier warrants that all security testing performed by Supplier covers all issues noted in the "SANS WE TOP 25" and/or "OWASP Top 10" documentation.

Throughout Supplier's performance of this Agreement, Supplier will provide UC with reasonably up-to-date patches, firmware and security updates for any Medical Device provided to UC, and any other Medical Device used in the course of providing Services, as applicable. All such patches and other security updates will be made available to UC within thirty (30) days of its commercial release or as otherwise recommended by Supplier or Supplier's sub-supplier, whichever is earlier.

Supplier warrants that all software and installation media not specifically required for any Medical Device used by Supplier or Goods and/or Services delivered to UC under this Agreement as well as files, scripts, messaging services and data will be removed from all such Goods and/or Services or Medical Device following installation, and that all hardware ports and drives not required for use or operation of such Goods and/or Services or Medical Device will be disabled at time of installation. In addition, Medical Devices must be configured so that only Supplier-approved applications will run on such Medical Devices.

Supplier agrees that UC may take any and all actions that it, in its sole discretion, deems necessary to address, mitigate and/or rectify any real or potential security threat, and that no such action, to the extent such action does not compromise device certification, will impact, limit, reduce or negate Supplier's warranties or any of Supplier's other obligations hereunder.

Supplier warrants that any Medical Device provided to UC, and any other Medical Device used in the course of providing such Goods and/or Services, meet and comply with all cyber-security guidance and similar standards promulgated by the FDA and any other applicable regulatory body.

If the Goods and/or Services entail provision or use of a Medical Device, Supplier will provide UC with a completed Manufacturer Disclosure Statement for Medical Device Security (MDS2) form for each such Medical Device before UC is obligated to purchase or lease such Medical Device or prior to Supplier's use of such device in its performance of Services. If Supplier provides an MDS2 form to UC concurrently with its provision of Goods and/or Services, UC will have a reasonable period of time to review such MDS2 form, and if the MDS2 form is unacceptable to UC, then UC in its sole discretion may return the Goods or terminate the Agreement with no further obligation to Supplier.

ARTICLE 28 – ASSIGNMENT AND SUBCONTRACTING

Except as to any payment due hereunder, Supplier may not assign or subcontract the Agreement without UC's written consent. In case such consent is given, the assignee or subcontractor will be subject to all of the terms of the Agreement.

ARTICLE 29 – NO THIRD-PARTY RIGHTS

Nothing in the Agreement, express or implied, is intended to make any person or entity that is not a signer to the Agreement a third-party beneficiary of any right created by this Agreement or by operation of law.

ARTICLE 30 – OTHER APPLICABLE LAWS

Any provision required to be included in a contract of this type by any applicable and valid federal, state or local law, ordinance, rule or regulations will be deemed to be incorporated herein.

ARTICLE 31 – NOTICES

A Party must send any notice required to be given under the Agreement by overnight delivery or by certified mail with return receipt requested, to the other Party's representative at the address specified by such Party.

ARTICLE 32 – SEVERABILITY

If a provision of the Agreement becomes, or is determined to be, illegal, invalid, or unenforceable, that will not affect the legality, validity or enforceability of any other provision of the Agreement or of any portion of the invalidated provision that remains legal, valid, or enforceable.

The Parties may make changes in the Goods and/or Services or otherwise amend the Agreement, but only by a writing signed by both Parties' authorized representatives.

If an Amendment does require that Supplier incur additional material costs or expenses, then Supplier in good faith will provide UC with a written, high level, non-binding assessment of the costs and expenses and the time required to perform the modifications required by the Amendment, within ten (10) business days of Supplier’s receipt of UC’s Amendment. Appendix- Electronic Commerce

This Electronic Commerce Appendix specifies the electronic commerce requirements applicable to Supplier in providing the Goods and/or Services.

SECTION 1 - GENERAL TERMS

Each UC Location offers an electronic web-based purchasing and catalog system to facilitate the purchase of Goods and/or Services from UC suppliers. UC Locations' eProcurement systems currently are provided by multiple service providers. Eight of the ten UC campuses utilize the same platform but may require separate implementations, as will the remaining campuses and/or Medical Centers. This Appendix sets forth the terms and conditions that will govern Supplier's sale of Goods and/or Services through UC's eProcurement systems.

SECTION 2 - DEFINITIONS

Catalog(s) refers to the list of detailed product information, agreement pricing, manufacturer part numbers and/or service descriptions relating to the Goods and/or Services to be offered either as a Punch-out Catalog, a Hosted Catalog or in a combination. This may include the creation of multiple Hosted Catalogs.

eProcurement and eCommerce are used interchangeably to mean UC's electronic web-based purchasing and catalog systems. Each UC location has a branded eProcurement site.

Go Live Date means the date on which a Catalog will be active.

Hosted Catalog means a Catalog that is a properly formatted computer file supplied to all UC Locations through the Locations' respective eProcurement systems.

Order means a purchase order for Goods and/or Services placed by a User through an eProcurement system.

Order Data means all data and information relating to Orders, including, without limitation, the specifics of a given transaction.

Punch-out Catalog means a Catalog hosted by Supplier on Supplier's Site. Users may access this Punch-out Catalog via an Internet link provided by Supplier to UC that redirects a User from the Location's eProcurement system to Supplier Site.

Supplier Mark means Supplier's name, trade name and/or trademarks, service mark, or any derivation thereof.

Supplier Site means an internet site operated and maintained by Supplier that has been made subject to this Appendix.

UC Mark means UC's name, trade name and/or trademarks, service marks, or any derivation thereof.

User means an individual authorized by a UC location to use an eProcurement system.

SECTION 3 – RIGHT TO USE

UC grants to Supplier the right to sell Goods and/or Services to UC through the eProcurement systems, subject to the terms of this agreement. Supplier will be responsible for any cost of operation or dispute with regard to its interface with UC's eProcurement systems.

SECTION 4 – e-PROCUREMENT SYSTEM RESPONSIBILITIES; MAINTENANCE OF CATALOG(S); LICENSE

(a) e-Procurement Incentive

During the Term of the Agreement, and any extension(s) to the Term, Supplier agrees to provide UC Campuses annual incentive of 2% of net sales of products and services for e-Procurement activation. Incentive will be available to campuses that implement and activate Supplier’s catalogue, whether hosted or punch-out.

(b) e-Procurement System Responsibilities.

Except as otherwise set forth herein, each party will be responsible, at its own expense, for: (i) developing, operating and maintaining its relevant system(s); (ii) acquiring and maintaining its server hardware and software (or obtaining third-party hosting services) for its relevant system(s); and (iii) maintaining Internet connectivity.

The supplier will enable its catalog with any UC location that requests one, as long as it is not out of the scope of the terms of the agreement or this appendix. The parties agree to electronically link the functionality of their respective systems, using commercially reasonable efforts.

Purchase Order and Invoice/Credit Memo Data will be transmitted between the systems according to the appropriate method for each University location, cXML, xCBL or EDI standards being preferred. Other methods of PO or Invoice/Credit Memo transmission will only be allowed at the discretion of each University location.

A supplier’s Punch-out site (if applicable) will permit: (a) Users to access the Supplier Site when a User selects the Punch-out Catalog; (b) Supplier site to send back user selected items to Location’s eProcurement system; (c) User to create an Order through the Location’s eProcurement system; and (d) UC eProcurement systems to forward an Order to Supplier for confirmation and Order processing along with Order status inquiry.

Supplier must be able to accommodate orders and invoices for multiple UC locations sharing a single eProcurement platform. Supplier must be able to identify the Punch-out session and transmitted PO as being from the individual locations. If providing a Punch-out catalog, Supplier must be able to accommodate multiple UC locations on a single platform using a single Punch-out site, unless requested otherwise by UC.

(c) Maintenance of Hosted and Punch-out Catalogs.

Supplier will provide its Catalog(s) to UC in a file format that will interface seamlessly with UC’s eProcurement systems. These Catalog files will be in compliance with each UC Location’s eProcurement system.

UC makes no guarantee of a Go Live Schedule for establishment of a new catalog Systemwide, as each Location is a separate enablement and subject to resource availability. Timelines will be estimated and adjusted by UC as needed for concurrent implementations.

For Hosted Catalogs, Supplier must provide UC with updated versions of the Catalog file with, at a minimum, full descriptions and images that Supplier currently utilizes for items offered in its proprietary websites and Punch-out Catalogs. The parties will update each other regarding eCommerce specifications as needed from time to time.

Supplier must notify UC’s Contract Administrator at least three (3) weeks in advance of the proposed Go Live Date if it will be requesting additions, deletions, or modifications to the Catalogs. After such advance notification, Supplier must provide UC with Catalog files containing the requested additions, deletions, or modifications with no less than the lead time specified in Section 10 of this appendix. In addition, for price file updates with a mutually agreed upon activation of January 1, Supplier must submit proposed files at least five (5) weeks prior to the first working day in January. Upon UC’s approval of the new Catalog file, UC and Supplier will confirm the Go Live Date; the updated version of the Catalog file will be made effective on that Go Live date. If UC rejects a Catalog more than once because it does not meet UC’s acceptance criteria, the Contract Administrator will suspend Supplier’s price/content change until the date of Supplier’s next acceptable contracted change.

If there is a conflict between a price in a Hosted Catalog and a Punch-out Catalog, UC will be invoiced at the lower price. Supplier must notify UC in advance when substituting items, changing SKU numbers or changing the number of items in a package in any Catalog.

Content in Supplier catalog is limited to the categories specified in this agreement, with additional categories allowed at UC's discretion. Supplier agrees that UC may block Catalog items at the category and/or SKU level.

The University will require Supplier to clearly identify products as Hazardous Materials, Radioactive, and Controlled Substances in the Supplier's catalog, whether Hosted or Punch-out. For Punch-out the identifier will be returned to the cart of the Location's eProcurement system, in a manner/field acceptable to the Location.

The University will require Supplier to clearly identify products with UC-recognized sustainability/green certifications in both hosted and Punch-out catalogs. UC's Contract Administrator will work with Supplier to ensure that contract items that meet the UC criteria for Green/Sustainable products will be prioritized in all product searches. Products that do not meet UC's minimum criteria requirements may be blocked in all hosted catalogs and Punch-out catalogs at UC's discretion.

Supplier is responsible for providing UC with Catalogs that contain accurate pricing and data in accordance with the Agreement. If UC determines there are errors in the pricing or data attributes of a Catalog, UC will notify Supplier of those errors in writing and reject the Catalog. Supplier will have no more than ten (10) business days to review and correct the errors.

(d) License.

Supplier hereby grants to UC, at no additional cost, a limited, non-exclusive, royalty-free right to link to and access the Supplier Site from the eProcurement sites, subject to the terms and conditions herein and solely for the purpose of permitting Users to access the Services. All Supplier Marks will remain the sole property of Supplier.

(e) Accessibility Requirements.

Supplier agrees that Supplier will make available Goods/Services accessible to people with disabilities and conform to the technical requirements of the relevant Revised Standards of Section 508 of the federal Rehabilitation Act. In addition, Supplier warrants that:

- i. Any catalog content provided to UC will comply with the accessibility requirements of WCAG 2.0AA.
- ii. Supplier will promptly respond to and resolve any complaint regarding accessibility of any catalog content provided to UC.

SECTION 5 – USER SUPPORT

(a) UC Duties. Each UC Location will provide its Users with initial contact and system support assistance on all functionality and use issues for eProcurement (including links to the Supplier Site). When known, UC will promptly notify Supplier of any such issues relating to the Catalog, the Supplier Site, and/or other Supplier materials/systems.

(b) Supplier Duties. Supplier will provide all customer support relating to the Catalog, Supplier Goods and/or Services, Invoicing/Payment/Credits, and Supplier Sites in a manner consistent with the customer support that Supplier provides to other customers, and at least as good as the customer support that Supplier provides to customers who are purchasing through any other means.

SECTION 6 – PROPRIETARY RIGHTS

UC's Terms and Conditions of Purchase contains provisions regarding the parties' rights and responsibilities with respect to intellectual property relating to the Goods and Services. Without altering those provisions, the parties

additionally agree as follows: UC may require Supplier to “brand” Supplier’s Punch-out Catalog with one or more UC Marks. If UC requires Supplier to utilize one or more UC Marks on Supplier’s Punch-out Catalog, UC will provide the appropriate artwork and such artwork will be deemed to have been provided with a limited, non-exclusive, non-sub-licensable right for Supplier to use it solely for the purpose of a UC-branded Punch-out Catalog hosted by Supplier and subject to the following terms:

- (i) Supplier may not make any additional use of the UC Marks without UC’s prior written approval.

Supplier’s use of the UC Marks in the Punch-out Catalog must acknowledge UC’s ownership of the UC Marks. Supplier will include all notices and legends with respect to UC trademarks, trade names, or copyrights as may be required by applicable trademark and copyright laws or which may be reasonably requested by UC. Supplier agrees not to claim any title to UC Marks or any right to use UC Marks except as permitted by this Appendix. Upon termination of this Appendix or the Agreement, all rights to UC Marks conveyed by UC to Supplier will cease and Supplier will destroy or return to UC all media with UC Marks. UC specifically reserves any and all rights to UC Marks not specifically granted to Supplier.

Supplier grants to UC the right to use Supplier’s trademarks, logos, trade names, and service marks for the purpose of promoting UC eProcurement sites to the UC community. UC acknowledges Supplier’s right, title, and interest in and to Supplier’s Marks and Supplier’s exclusive right to use and license the use of Supplier Marks and agrees not to claim any title to Supplier Marks or any right to use Supplier Marks except as permitted by this Appendix. UC will include all notices and legends with respect to Supplier trademarks, trade names, or copyrights as may be required by applicable trademark and copyright laws or which may be reasonably requested by Supplier. Upon termination of this Appendix, all rights to Supplier Marks conveyed by Supplier to UC will cease and UC will destroy or return to Supplier all media with Supplier Marks. Supplier specifically reserves any and all right to Supplier Marks not specifically granted to UC.

- (ii) The licenses granted in the previous paragraphs regarding UC Marks and Supplier Marks are subject to the ongoing approval of the party owning the respective trademarks, logos, trade names, or copyrights. Such ongoing approval includes the ability to terminate – at any time, for any reason, and in the sole discretion of the owner of the respective trademarks, logos, trade names, or copyrights – the trademark licenses provided in the preceding paragraphs for any particular trademark, logo, trade name, or copyrighted work without necessarily terminating this Appendix. Each party agrees not to take any action that will adversely reflect upon or damage the goodwill, reputation, or the brand value of the other party. Each party further agrees not to take any action that is inconsistent with the other party’s ownership of the respective trademarks, trade names, or copyrights. At all times (including following termination of the Agreement), Supplier agrees to comply with Section 92000 of California’s Education Code.

(a) Grant of License. Supplier hereby grants UC a non-exclusive, royalty-free: (i) license to use, copy, transmit, and display the Catalog, any information contained therein and the Supplier Marks for the purposes of permitting Customers to access information about and order Supplier Goods and/or Services from a Catalog and (ii) if Supplier is using a Punch-out Catalog, right to link to and access the Punch-out Catalog on the Supplier Site, for the purposes of permitting Customers to access the Supplier Website and permitting Customers to order Supplier Goods and/or Services.

(b) Modifications. UC will not modify or remove any of the proprietary rights markings in the Catalog. UC will not modify the content of the Catalog, except as indicated by Supplier, but may require Supplier to make and submit modifications if required as part of this agreement. However, for hosted catalogs, UC reserves the right to attach flags to catalog items as an aid to shoppers in selecting preferred items, such as green or recycled. UC will not make any representations or warranties, or provide any information, to any third party regarding any Supplier Goods and/or Services (including, but not limited to, any representations or warranties of any information regarding availability, delivery, pricing, characteristics, qualifications or specifications thereof). If UC believes in good faith that any Supplier information does not conform to the requirements of the associated UC Agreement or this Appendix,

UC will be entitled to withdraw the Catalog from UC eProcurement sites. In such a case, UC will promptly notify the Supplier of the actions it has taken and will work with the Supplier promptly to resolve UC's concerns. When UC's concerns are satisfactorily resolved UC will promptly restore the Catalog, if appropriate. UC will have no liability to the Supplier or anyone else for exercising these rights.

(c) Acknowledgment. Each party acknowledges that the technology embodied in the other party's Site may be based on patented or patentable inventions, trade secrets, copyrights or other intellectual property or proprietary rights ("Intellectual Property Rights") owned by the other party and its applicable licensors.

(d) UC Rights. As between the parties, UC will be the sole owner of – or, with respect to any items licensed by UC, will retain all rights to all Intellectual Property Rights associated with UC eProcurement sites, including any modifications, updates, enhancements or upgrades to any of the foregoing, as well as any Order Data generated or collected on such site (collectively, the "UC Materials"). Except as provided herein, Supplier may not copy or use in any way, in whole or in part, any UC Materials without UC's prior written approval. Any permitted copies of such property, in whole or in part, alone or as part of a derivative work, will remain UC's sole property. Supplier agrees to reproduce and include UC's copyright, trademark and other proprietary rights notices on any permitted copies of UC Materials including, without limitation, partial copies and copied materials in derivative works. Supplier will not copy or reproduce any third-party copyrighted or trademarked materials, which appear on or are otherwise associated with any UC eProcurement site without UC's prior written consent.

SECTION 7 – MULTIPLE SUPPLIERS

Supplier acknowledges that all UC eProcurement sites are intended to facilitate Users' ability to obtain Goods and/or Services from more than one supplier. Nothing in this Appendix will be construed to prevent UC from entering into similar agreements with any third parties including, without limitation, suppliers that may be in competition with Supplier.

SECTION 8 – WARRANTY DISCLAIMER

UC does not warrant that access to UC eProcurement sites will be uninterrupted or that the results obtained by use of UC eProcurement sites will be error-free.

SECTION 9 – DISPUTES AND CHANGES IN THE SERVICES

(a) UC and Supplier agree to negotiate in good faith to resolve problems, questions and disputes.

(b) Where improvements and clarifications can be made in the business processes related to eProcurement, both parties agree to incorporate such changes as long as they are mutually agreed upon.

SECTION 10 – ADDITIONAL CONTRACTUAL TERMS

In addition to the provisions of Section 4, Section 10 provisions will govern the Catalogs. If the provisions of Sections 4 and 10 conflict, Section 10 will govern.

Type(s) of Catalog(s): At UC's campus discretion, Supplier is allowed to implement a Hosted or Punch-out catalog in the UC eProcurement systems. Supplier will be required to comply with UC Location e-commerce requirements on a location by location basis, which includes the decision to move forward with Punch-out or Hosted. Any deviation from the type(s) specified herein must first be agreed upon by UC's Contract Administrator.

Annual Number of Catalogs: Supplier is allowed to submit no more than 1 catalogs per calendar year, with changes as follows:

- Content Additions, Deletions and Other Non-pricing Edits: Bi-annually

- Price Changes: Annually
 - Allowable level of price change (\$/%) will be in accordance with the terms of this agreement.
 - If a price file includes both content and pricing changes, it will count toward the pricing allocation.

Lead time: Supplier must load the Catalog price file into the e-Procurement system 10 working days prior to the planned go-live date. (Exception – for January 1 updates to enabled catalogs, Supplier must submit the price file no later than 5 weeks prior, as specified in section 4.)

- Number of catalog/price file versions to be supported for this agreement: 1
- Categories allowed within Catalog: all products meeting University of California specifications
- Categories blocked within Catalog: all products that fall below University of California specifications
