## OMNIA Partners, Public Sector

Our OMNIA Partners cooperative contracts are competitively solicited and publicly awarded by a lead public agency. When preparing for the next school year, let us show you how utilizing our cooperative contracts can streamline the process for you, complement your traditional bid process and save valuable time and resources.

*"The Olathe Public School District leverages the OMNIA Partners contracts frequently as part of our strategy to be efficient in our procurement practices. As a large school district (60 buildings and more than 5,000 employees), we have a very lean staff of 4 on our procurement team, making the cooperative contract options even more appealing. We appreciate the lead public agency model utilized by the OMNIA Partners group, and through our own competitive bidding processes we have vetted the effectiveness of the contract portfolio, including one of our most recent contracts for custodial and facility supplies through The Home Depot Pro. Our District leadership appreciates the agility provided by the contracts offered through Omnia Partners."*

*"Although we just recently launched our Home Depot contract utilizing the OMNIA Agreement, so far it has been a smooth transition. The Home Depot team was easy to work with and the first orders were placed, received, and invoiced in an incredibly fast and painless timeline. I would certainly recommend this contract to others Higher Ed Institutes and we look forward to our continued relationship with Home Depot here at RPI."*

## Advantages to using the OMNIA Partners contracts include:

### **Product Standardization:**

Standardizing product usage reduces costs, eliminates waste and allows for better training.

### **Order Processing Simplification:**

Streamlining ordering processes boosts productivity.

### **Accounting Efficiencies:**

Improving accounting efficiencies rationalizes purchasing processes, streamlines administration and reduces wasted time.

*"Working with Home Depot Pro through the OMNIA Partners Contract has saved our district a tremendous amount of time in many ways. One, we no longer have to travel to the store, find the items, purchase the items, and take them to the location. Two, with our Home Depot Supply inventory being on site, and with quick shipping, we are able to keep our crews working more efficiently. Three, with OMNIA Partners completing the nationwide contract our personnel can focus their attention on the schools, and not get bogged down with bidding processes. Also, Home Depot Pro always goes above and beyond to get the customer the items they need and want."*
