

Improve workplace satisfaction

Increase cleaning quality and efficiency and minimize employee complaints

86%

of employees regard cleanliness as the most important aspect of a good work environment¹

67%

of employees say that they're more likely to complain about the restroom than any other part of the office¹

Reduce complaints and free up time to clean across the facility by **ensuring that restrooms and cleaning are run well and efficiently.**

How you can increase workplace satisfaction

Optimize cleaning efficiency with real-time data and **smart, connected solutions**

Ensure consistent hygiene delivery with **easy to refill, high-capacity systems**

Take the Office Complaints Minimizer™ challenge: **torkusa.com/officehygiene**
