

Upgrade to Tork Vision Cleaning

Unleash the power of real-time data and transform your way of working.

Dispensers
are stocked
99%
of the time¹

Use data to understand when and where there are needs

Optimize your resources and spend time on what is most important

Use built-in reporting tools – to demonstrate a job well done and improve ways of working

Save time and create efficiency on tasks like dispenser checks and avoid unnecessary cleaning

Reduce product waste by using data to avoid early refilling

1. Measured across nearly 13,000 connected dispensers between June-December 2019, based on time per month that a dispenser is in an empty status against total time per month.

Upgrading has never been easier

What if you could save 20% of your cleaning hours¹ and respond to cleaning and dispenser refill needs before you get complaints? Now you can. The Tork Vision Cleaning offer encompasses all you need to make data-driven cleaning an integrated part of your operations. The time to go digital is now.
