

## Request for Vendor Contract Update

Pursuant to the terms of your awarded vendor contract, all vendors must notify and receive approval from Region 4/OMNIA Partners, Public Sector when there is an update in the contract. No request will be officially approved without the prior authorization of Region 4. Region 4 reserves the right to accept or reject any request.

Tremco/Weatherproofing Technologies, Inc. hereby provides notice of the following update to  
(Vendor Name)

Contract number: R180903 for Roofing Products, Services and Job Order Contracting Services on this date 11/11/22.  
Contract Title

**Instructions:** Vendors must check all that may apply and shall provide supporting documentation. Place your initials next to each item to confirm that documents are indeed included. Request received without supporting documentation will be returned. Be sure to sign prior to submitting your update for approval. **This form is not intended for use if there is a material change in operations, which may adversely affect members, i.e. assignment, bankruptcy, change of ownership, merger, etc. Please contact a member of the OMNIA Partners Contracting Team to request a "Notice of Material Change to Vendor Contract" form.**

Notes: Vendor may include other notes regarding the contract update here: (attach another page if necessary). Tremco/WTI requests approval of the attached updated material price book and select line items. Re-assessment of prices will be conducted in May of 2023 for an effective date of June 1, 2023, at which time if prices need to remain or change, a new contract update will be resubmitted, otherwise prices will revert back to pricing dated June 1, 2022, based on documented price reductions. Tremco/WTI honors approved pricing in effect until updated pricing is approved by Region 4 ESC. This provides advantage to members where traditional projects have change orders for price escalation from the time of project award to completion. Once quoted pricing is honored without escalation due to supply chain issues with labor and material.
