

## National Pallet Program

The Single point of contact for all your pallet needs nationwide.

Trinity is the most trusted national end-to-end pallet management solution, with over 100 yards in our network and a team of experts ready to provide sustainable solutions to help multi-location companies standardize products, reduce cost, and increase efficiency.

### Our Pallets

**Recycled Pallets:** We supply recycled GMA pallets (Grade AAA, A and B) with consistent quality and specs in both custom and common sizes.

**Custom Pallets:** We utilize the industry-standard Pallet Design System (PDS) to design and engineer pallets to your requirements. These designs are complete with 3D drawings and all load capacity information, so you can be confident it will perform for your specific use.

**Trinity Connect:** Save time and money with a unilateral view of your nationwide pallet spend. Gain instant access to place orders, compare costs between locations, review previous orders, and track your pallet buyback revenue.

### Benefits
