What Sets Us Apart

- We go beyond simply translating words and make language your competitive advantage.
- We deliver Total Language Confidence™ by leveraging our deep understanding of your industry, content, requirements, technology and challenges while aligning these with quality solutions to ensure success.
- Our proprietary Octave™ technology suite streamlines your translation projects securely and efficiently.
- Our unique approach to language asset management (LAM) drives down costs, turnaround time and overhead while proactively identifying and correcting inconsistencies.
- ULG's curated Artificial Intelligence (AI) increases efficiencies while delivering quality.

Our Commitment To Quality

ULG has an unwavering commitment to quality and security compliance.

Quality Certifications:

9001:2015, 13485:2016, 17100:2015, 27001:2013 and HITRUST
