Hello,

We are reaching out regarding a price update on Vari products that will be effective March 30, 2023. As previously communicated, many products will undergo a price increase – however, please note that not all products will be impacted.

Specifically, all Vari sit-stand desktop converters will revert to previous pricing. As our original best-selling product, we're pleased to share that they will be exempt from the price increase.

The new weighted average of the price increase is 3.06%. All SKU-level details are attached for your consideration. Any quote provided with previous pricing will be honored for 30 days. The expiration date can be found on your quote.

Should you have any questions, please contact your Vari sales representative or the Vari Contracts Team (contracts.sales@vari.com).

Sincerely,

A handwritten signature in blue ink, appearing to read "Kevin Wierenga", is positioned above the typed name.
