Reference attached PDF for updated products and pricing.

As a leading workspace innovation company, Vari is dedicated to continuously developing and introducing new products to the market. Since our last update, Vari has launched over 60 new products designed to enhance and bring value to our partners' spaces. Despite significant cost pressures, including a 143% increase in ocean freight rates, a 6% rise in outbound shipping expenses, and a 4% increase in warehouse storage costs, Vari has worked diligently to avoid raising prices. However, to sustain our commitment to quality and innovation, we are proposing a 1.2% weighted average price adjustment, effective January 30, 2025.

Subject: Modification of Contract R221004 -Addition of New Products and Price Increase

Dear ESC4 Contracts Department,

I am writing to formally request the modification of Contract R221004 to incorporate several new products and increase the prices of certain products, accordingly, as outlined in the enclosed price list. Vari Sales Corporation has recently introduced a range of innovative products designed to enhance educational experiences and support the objectives of member agencies. To ensure that ESC4 continues to have access to cutting-edge resources and solutions, we propose the attached price and product list to be incorporated into the Contract R221004: At Vari[®], we take pride in offering fair, consistent, and transparent pricing to all our fans.

Over the last two years, we have done our best to absorb increasing costs and not pass them along to you, our client. We have tried to mitigate costs by aggressively negotiating the cost of freight, warehousing, and raw materials and by improving packaging efficiencies to maximize our container load. However, the overall cost of doing business has reached a point we cannot fully absorb. Due to increased costs – specifically rising ocean freight costs, increased warehousing costs, and increased labor costs – we are implementing a modest price increase on some of our products.

On January 30, 2025, this price increase with a weighted average of 1.2% will take effect. All SKU-level details are attached for your consideration. Any quote provided with previous pricing will be honored for 30 days. The expiration date can be found on your quote.

As always, we thank you for your business and partnership, and are dedicated to bringing you the best products, innovation, service, and value. This increase will support our continued delivery on this commitment. Should you have any questions, please contact your Vari sales representative or the Vari Contracts Team (contracts@vari.com).

Sincerely,

Candra O'Rourke

Candra O'Rourke
Vice President, Sales
