Quickship orders cannot be changed or canceled, and credit approval must be acquired within 24 hours.

For additional information see Versteel.com.

**Standard Versteel Upholstery**

Standard Versteel Upholstery offers a range of materials, from fabrics in a variety of colors and textures to vinyl for soil resistance. Please refer to Versteel's fabric cards or the "Materials + Finishes" section of our website for reference information.

**Grade-In Upholstery**

Versteel has coordinated with upholstery manufacturers to simplify your order process. Many of the manufacturers' offerings have been pre-approved for application on Versteel Seating.

Contact Versteel Customer Service with your selected fabric choice to be graded in. They will supply you with the appropriate grade-in designator. On your purchase order, complete the information with the pattern name, color description and grade-in designator, and Versteel will take it from there.

**Customer's Own Material**

Customer's Own Materials (COM's) are not an issue on Rai. Many COM's are pre-approved for application on Versteel Seating. Call Versteel Customer Service with your COM selection to determine if it has been pre-approved. If your selection has not been pre-approved, reference the "Receiving COM Approval" section below.

**Receiving COM Approval**

Not all materials are suitable for upholstery on Rai. A 12" X 12" memo sample must be supplied for approval before a COM material is accepted for an order. If the material is directional in pattern or weave, the pattern repeat (in inches) in both directions or the weave direction must be supplied.

**Excess COM**

Versteel will not store excess COM for more than 30 days after the order has been completed. If excess material is to be returned after order completion, send the request to Versteel Customer Service prior to acknowledge ship date. It is the customer's responsibility to arrange for the return of the material "freight collect."

**COM Requiring Application Test**

If an application test is required for your selected COM, send test sample material along with the following:

- Name and return address
- Chair model selected
- Sketch showing special requirements for the positioning of the material's pattern on the chair seat and chair back, if special considerations are required.

**Ship COM to:**

Versteel  
2332 Cathy Lane  
Jasper, IN 47546

COM must be shipped to the factory with transportation costs "prepaid." If material is considered defective or unusable, it will be returned "transportation collect."

For standard lead time orders, tag fabric with purchase order number and identify with project number if possible.

**Application of Directional Fabrics**

Due to the upholstering process, some fabrics not considered directional by the supplier may be considered directional by Versteel.

All COM's are cut "up the roll" unless otherwise directed by the customer (see illustration below).

**EXAMPLE PATTERN CUT "UP THE ROLL"**

If special cutting or upholstery application is required, you must indicate requirement at time of order entry.

**Rai COM Yardage Requirements**

COM yardage requirements are calculated based on a material width of 54" and a repeat of 2" or less. For material less than 54" wide, contact Versteel for yardage requirements. Use the chart below as a guide to calculate your COM yardage. For quantities greater than 7, contact Versteel Customer Service for calculation of COM yardage by chair model.

<b>Quantity</b>	1	2	3	4	5	6	7	8	9	10
Stool	1.0	1.5	1.5	2.0	2.0	2.5	2.5	3.5	3.5	4.0

**Patterned COM Additional Yardage Guide**

Use the guide below to aid in ordering the appropriate COM fabric when needing to match a pattern with a repeat. To use this guide, add the vertical and horizontal repeats together (e.g. a 5" vertical repeat plus an 11" horizontal repeat gives a 16" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

For example: The yardage estimate is 8 yards of 54" wide fabric and the pattern has a repeat of 11" horizontal and 5" vertical. Add up the repeats (11" + 5" = 16") and find the appropriate entry - 15% in this example. Fifteen percent more fabric is required to match the pattern. 8 yards plus an extra 15% is 9.2 yards.

**Decorative Patterns**

Yardage requirements are greatly affected by the size of the repeat and the print or pattern of the material. Versteel cuts all seating patterns with aesthetic concerns in mind for high quality and consistency. Refer to the COM listing for the yardage required for pattern repeat.

**Repeats and Striped Fabrics**

The geometry of curved products prevents repeats and stripes from matching at the seams.

**NOTE** CALIFORNIA TECHNICAL BULLETIN 133 (CAL 133) COMPLIANCE HAS BEEN ESTABLISHED THROUGH THIRD-PARTY TESTING OF THE PRODUCTS. ALL CHAIRS THAT MEET CAL 133 STANDARDS WILL HAVE A LABEL ATTACHED TO THE UNDERSIDE OF THE SEAT TO MAINTAIN COMPLIANCE, THE LABEL MUST NOT BE REMOVED FROM THE PRODUCT.

Fabric Width	Plain Fabric	3" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat	37" - 45" Repeat	46" - 54" Repeat
54"	0%	10%	15%	20%	25%	30%	35%
