Insights, Guidance and Solutions to Best Serve Your Needs

Higher education facilities are evolving to cater to changes in technology and student behavior, while presenting new opportunities for improved learning outcomes, enhanced campus safety and the optimization of energy efficiency and operational costs. Wesco's expertise and insights support you in safer, smarter and more productive operations. We share your passion for progress.

Education Facility Solutions

We address the foundations of campus interoperability that can provide agility for budgets, scalability for demand and flexibility for technology choices. This approach addresses the five key technology areas and integrates innovative solutions to meet your assessment and deployment needs.

1. Risk Management

Higher education facilities contain complex areas that require special attention and integration into an overall risk management strategy. A 24/7 crime prevention and public safety strategy is crucial to proactively maintain a safe and secure environment.

2. Network Performance

A high-performance structured cabling system plays an essential role in operating a modern campus environment, including new learning models, wireless connectivity and increased bandwidth requirements.

3. Student Performance

Adequate bandwidth and wireless coverage is needed to support the new ways people consume information, mobile device dependency and innovative learning environments.

4. Space Utilization

There is an increased demand for multipurpose areas that can be configured for different activities and controlled for comfort, safety and efficiency. Flexible facilities enhance the productivity of students as well as faculty and staff.

5. IoT Enablement

Enabling the Internet of Things on campus allows you to analyze your environment and make real-time adjustments to improve productivity and efficiency.

Our customers include:

- Public colleges and universities
- Private colleges and universities
- Higher education medical centers
- Community colleges

Wesco can provide solutions anywhere on your campus:

- Athletic facilities
- Auditoriums
- Classrooms
- Data centers
- Dining halls
- Dormitories
- Libraries
- Office spaces
- Outdoor areas
- Physical plant

eCommerce

24/7 Inventory Visibility and Online Ordering

Access thousands of products with photos and specifications. Our web-based and mobile solutions provide 24/7 visibility into inventory, anywhere, at any time and streamline ordering with easy-to-use features on Buy.Wesco.com.

- Fast product search
- Comprehensive order history
- View your specific pricing on over 300,000 parts
- Customized shopping carts
- Check real-time inventory by location
- Download manufacturer specifications
- Quickly place orders and request quotes
- Check order status and track shipments
- Download and pay invoices
- Manage users and account access

Ingenuity Delivered for Education

The Wesco Education Advantage

- Your single source for tech-enabled solutions
- Same-day and next-day delivery
- 1.5M+ products
- Trusted partner to leading OEMs
- Network of 30,000 suppliers representing the industry's premium brands

Technical Excellence and Specialization

- 18,000 professionals worldwide
- Dedicated technical experts focused on the latest technologies
- Nearly 100 years of excellence and experience
- State-of-the-art lab and technology briefing centers

Global Reach, Local Expertise

- Extensive experience in serving global accounts
- More than 800 facilities around the globe
- Operations in 50+ countries and 300+ cities
- 24/7 service capability
- Serving more industry verticals than any other distributor in the world

Comprehensive Value-Added Services

- Advisory Services
- Installation Enhancement
- Integrated Supply
- Project Deployment
- Supply Chain Services

Smart, Digital Solutions

- Vendor-managed inventory
- Punchout, CIF catalog and catalog exchange (Ariba, SAP, Oracle)
- eBusiness (EDI, CXML, and electronic invoicing)
- Point of use material management (vending and storeroom solutions)

eCommerce

- Access essential details, including price, UOM, specs and product images
- Over 300,000 SKUs
- Our digital capabilities are expanding to serve the growing demand for w sourcing, product information and purchasing options, so you can save time and drive continued success

Wesco is a Partner Alliance for Safer Schools (PASS) corporate partner, PASS offers information on best practices for securing school facilities vetted by experts in the education, public safety, and industry sectors. Our security experts can help you navigate the PASS safety and security guidelines to implement a tiered approach to secure and enhance your school environment based on your needs.
