

Request for Contract Update

Pursuant to the terms of contract number R192058 for MRO Supplies Contractor must notify and receive approval from Region 4 ESC when there is an update in the contract. No request will be officially approved without the prior authorization of Region 4 ESC. Region 4 ESC reserves the right to accept or reject any request.

WESCO Distribution, Inc
(Contractor) hereby provides notice of the following update on
this date 4/6/2022.

Instructions: Contractor must check all that may apply and shall provide supporting documentation. Requests received without supporting documentation will be returned. This form is not intended for use if there is a material change in operations, such as assignment, bankruptcy, change of ownership, merger, etc. Material changes must be submitted on a "Notice of Material Change to Vendor Contract" form.

Subject: Request to update contract

Wesco Distribution, Inc. requests to update the listing of product line to our existing contract R192008.

Wesco would like to update our contract to a 2022 current version of our Categories and Manufacturers to be added to the Wesco micro-site. This update covers multiple issues –

- New Logo
- Start Date
- Updated/Change of manufacturer names
 - Over the years, manufacturers get bought and sold and name changes happen, hence, update the name
- Adding the “Additional Manufacturers” section at bottom of schedule
 - These are Product Lines are nationally distributed but not part of our main lines and have their pricing based on MSRP without discounts. This is to establish a broader catalog to the members.
- Price Structure
 - Some manufacturers moved away from a “List Price”, which means a discount can no longer be offered. Instead of removing the manufacturer, the price structure was changed to a “cost +”. The end buy price to the member is the same, what changed was to the way to arrive to that price.

Manufacturer Lines changes to Cost +
