Subject: Request to update contract

Wesco Distribution, Inc. requests to update the listing of product line to our existing contract R192008.

Wesco would like to update our contract to a 2024 current version of our Categories and Manufacturers to be added to the Wesco micro-site. This update covers a couple issues –

- Update/Change/Remove of Manufacturers;
 - Over the years, manufacturers get bought and sold and name changes happen, hence, update the name or to remove.

Manufacturers Removed/Updated
AIW
Endot
- Adding Additional Manufacturers lines
 - These are Product Lines are nationally distributed but not part of our main lines and have their pricing based on MSRP without discounts. This is to establish a broader catalog to the members.

Adding Manufacturers
Halo Detect
Fluke – Care Plans & Thermography category
- Price Structure
 - Some manufacturers moved away from a “List Price”, which means a discount can no longer be offered. Instead of removing the manufacturer, the price structure was changed to a “cost +”. The end buy price to the member is the same, what changed was to the way to arrive to that price.

Manufacturer Lines changes to Cost +
