

APPENDIX A

DRAFT CONTRACT

This Contract ("Contract") is made as of _____, 2022 by and between _____ Workrite Ergonomics _____ ("Contractor") and Region 4 Education Service Center ("Region 4 ESC") for the purchase of Ergonomic Workplace Solutions ("the products and services").

RECITALS

WHEREAS, Region 4 ESC issued Request for Proposals Number RFP 22-10 for Ergonomic Workplace Solutions ("RFP"), to which Contractor provided a response ("Proposal"); and

WHEREAS, Region 4 ESC selected Contractor's Proposal and wishes to engage Contractor in providing the services/materials described in the RFP and Proposal;

WHEREAS, both parties agree and understand the following pages will constitute the Contract between the Contractor and Region 4 ESC, having its principal place of business at 7145 West Tidwell Road, Houston, TX 77092.

WHEREAS, Contractor included, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that, if agreed to by Region 4 ESC, said exceptions or deviations are incorporated into the Contract.

WHEREAS, this Contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Contract will provide that any state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies") may purchase products and services at prices indicated in the Contract upon the Public Agency's registration with OMNIA Partners.

- 1) Term of agreement. The term of the Contract is for a period of three (3) years unless terminated, canceled or extended as otherwise provided herein. Region 4 ESC shall have the right to renew the Contract for two (2) additional one-year periods or portions thereof. Region 4 ESC shall review the Contract prior to the renewal date and notify the Contractor of Region 4 ESC's intent renew the Contract. Contractor may elect not to renew by providing three hundred sixty-five days' (365) notice to Region 4 ESC. Notwithstanding the expiration of the initial term or any subsequent term or all renewal options, Region 4 ESC and Contractor may mutually agree to extend the term of this Agreement. Contractor acknowledges and understands Region 4 ESC is under no obligation whatsoever to extend the term of this Agreement.
- 2) Scope: Contractor shall perform all duties, responsibilities and obligations, set forth in this agreement, and described in the RFP, incorporated herein by reference as though fully set forth herein.

- 3) Form of Contract. The form of Contract shall be the RFP, the Offeror's proposal and Best and Final Offer(s).
- 4) Order of Precedence. In the event of a conflict in the provisions of the Contract as accepted by Region 4 ESC, the following order of precedence shall prevail:
 - i. This Contract
 - ii. Offeror's Best and Final Offer
 - iii. Offeror's proposal
 - iv. RFP and any addenda
- 5) Commencement of Work. The Contractor is cautioned not to commence any billable work or provide any material or service under this Contract until Contractor receives a purchase order for such work or is otherwise directed to do so in writing by Region 4 ESC.
- 6) Entire Agreement (Parol evidence). The Contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.
- 7) Assignment of Contract. No assignment of Contract may be made without the prior written approval of Region 4 ESC. Contractor is required to notify Region 4 ESC when any material change in operations is made (i.e. bankruptcy, change of ownership, merger, etc.).
- 8) Novation. If Contractor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor in interest must guarantee to perform all obligations under this Contract. Region 4 ESC reserves the right to accept or reject any new party. A change of name agreement will not change the contractual obligations of Contractor.
- 9) Contract Alterations. No alterations to the terms of this Contract shall be valid or binding unless authorized and signed by Region 4 ESC.
- 10) Adding Authorized Distributors/Dealers. Contractor is prohibited from authorizing additional distributors or dealers, other than those identified at the time of submitting their proposal, to sell under the Contract without notification and prior written approval from Region 4 ESC. Contractor must notify Region 4 ESC each time it wishes to add an authorized distributor or dealer. Purchase orders and payment can only be made to the Contractor unless otherwise approved by Region 4 ESC. Pricing provided to members by added distributors or dealers must also be less than or equal to the Contractor's pricing.
- 11) TERMINATION OF CONTRACT
 - a) Cancellation for Non-Performance or Contractor Deficiency. Region 4 ESC may terminate the Contract if purchase volume is determined to be low volume in any 12-month period. Region 4 ESC reserves the right to cancel the whole or any part of this Contract due to failure by Contractor to carry out any obligation, term or condition of the contract. Region 4 ESC may issue a written deficiency notice to Contractor for acting or failing to act in any of the following:
 - i. Providing material that does not meet the specifications of the Contract;
 - ii. Providing work or material was not awarded under the Contract;
 - iii. Failing to adequately perform the services set forth in the scope of work and specifications;

- iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
- v. Failing to make progress in performance of the Contract or giving Region 4 ESC reason to believe Contractor will not or cannot perform the requirements of the Contract; or
- vi. Performing work or providing services under the Contract prior to receiving an authorized purchase order.

Upon receipt of a written deficiency notice, Contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in Contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by Contractor under the Contract shall immediately become the property of Region 4 ESC.

- b) Termination for Cause. If, for any reason, Contractor fails to fulfill its obligation in a timely manner, or Contractor violates any of the covenants, agreements, or stipulations of this Contract Region 4 ESC reserves the right to terminate the Contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the Contractor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by Contractor will become the property of the Region 4 ESC. If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.
- c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. In the event Region 4 ESC must purchase in an open market, Contractor agrees to reimburse Region 4 ESC, within a reasonable time period, for all expenses incurred.
- d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

- e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

- 12) Licenses. Contractor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by Contractor. Contractor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the Contract. Region 4 ESC reserves the right to stop work and/or cancel the Contract if Contractor's license(s) expire, lapse, are suspended or terminated.
- 13) Survival Clause. All applicable software license agreements, warranties or service agreements that are entered into between Contractor and Region 4 ESC under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Contractor shall survive expiration or termination of the Contract.
- 14) Delivery. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period, the Contractor must receive authorization for the delayed delivery. The order may be canceled if the estimated shipping time is not acceptable. All deliveries shall be freight prepaid, F.O.B. Destination and shall be included in all pricing offered unless otherwise clearly stated in writing.
- 15) Inspection & Acceptance. If defective or incorrect material is delivered, Region 4 ESC may make the determination to return the material to the Contractor at no cost to Region 4 ESC. The Contractor agrees to pay all shipping costs for the return shipment. Contractor shall be responsible for arranging the return of the defective or incorrect material.
- 16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.
- 17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Price reductions may be offered at any time during Contract. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

- 18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing

being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

- 19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.
- 20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.
- 21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.
- 22) Warranty Conditions. All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.
- 23) Site Cleanup. Contractor shall clean up and remove all debris and rubbish resulting from their work as required or directed. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean, safe and unobstructed condition.
- 24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.
- 25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.
- 26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by

its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

- 27) Smoking. Persons working under the Contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.
- 28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.
- 29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.
- 30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.
- 31) Marketing. Contractor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo or any form of publicity, inclusive of press releases, regarding this Contract by Contractor must have prior approval from Region 4 ESC.
- 32) Certificates of Insurance. Certificates of insurance shall be delivered to the Region 4 ESC prior to commencement of work. The Contractor shall give Region 4 ESC a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. The Contractor shall require all subcontractors performing any work to maintain coverage as specified.
- 33) Legal Obligations. It is Contractor's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services and shall comply with all laws while fulfilling the Contract. Applicable laws and regulation must be followed even if not specifically identified herein.

OFFER AND CONTRACT SIGNATURE FORM

The undersigned hereby offers and, if awarded, agrees to furnish goods and/or services in strict compliance with the terms, specifications and conditions at the prices proposed within response unless noted in writing.

Products and Services/Pricing

- i. Workrite Ergonomics would like to offer its entire line, listed in our Pricing and Specification Guide, dated February 2022, for Region 4 ESC Solicitation 22-10 at 50% off list.

Ergonomics products are offered for the below

Full Office Solutions

- Workstations
- Sit/Stand
- Desks & Benching
- Tables
- Monitor Mounting/Arms
- Anti-fatigue mats

Accessories

- Adjustable
- Storage
- Lighting
- Technology Tools
- Cable Management
- Miscellaneous

Workrite does not offer cubicles, stools, flooring, Symmetry products, or seating, so is unable to offer these products for the solicitation.

Workrite can provide the services below

- Consulting, Implementation, Onboarding & Training
- Personalized Program/Product Selection
- Workstation configuration

Space planning can be provided by our Dealer Partners for a fee. Ergonomic observation and evaluation reporting can be provided by our Representatives and our Dealer Partners, where available. A fee may or may not be charged for these services.

Installation services can be provided by our Dealer Partners for a fee.

- ii. An electronic copy of both Workrite Ergonomics Pricing and Specification Guide, dated February 2022, and electronic price list are provided on the flash drives required in the solicitation.
- iii. Pricing is available for all products, services, and solutions. Installation is offered at a “not to exceed” price of \$95/man hour, in order to cover all regions of the US. Prevailing wage is charged for services where required. Rates for prevailing wage follow guidelines provided by the State/County/local entity.

- iv. Orders are accepted by email or fax. Orders being emailed should be sent to orders@workriteergo.com. A quote and PO must be provided, along with contact information (name, email address, phone number) for the person who is requesting the order and a billing contact. Orders being faxed should be sent to 800-930-8989. A quote and PO must also be provided, along with contact information (name, email address, phone number) for the person who is requesting the order and a billing contact. POs should include the contract number and, if needed, a requested delivery date.

Orders are entered by our Order Entry Team. An acknowledgement will be sent to the order contact confirming the order has been placed and providing an estimated ship date within 24 to 48 hours of a clean order being accepted. If additional acknowledgements are needed, the contact information for that/those individuals should be included on the PO.

- v. Workrite Ergonomics is offering FOB Destination—freight included for the solicitation.

Installation will be provided by our Dealer Partners at a “not to exceed” rate of \$95/man hour for installation or prevailing wage, if required. Acceptance and delivery of an order is negotiable with our Dealer Partners.

Orders for delivery outside the continental US include delivery to a consolidation point. The customer may elect to provide shipping themselves from the consolidation point or may ask Workrite for a quote for shipping from the consolidation point to the customer’s delivery point.

Pricing within the US is as provided in the electronic price list. List prices for customers located in Canada can be found within the Pricing and Specification Guide provided. The same discount to the catalog prices will apply.

Dock delivery is included with purchase. If a dock is not available, an additional charge may apply and can be quoted upon request. Inside delivery can be quoted upon request. Delivery and installation is provided by our Dealer Partners and can be quoted/negotiated with the Dealer Partner.

The minimum order requirement for FOB Destination is \$500.

Fuel surcharge stated in the current approved catalog will apply to all orders. Currently this is 1.7% of list price.

- vi. Workrite Ergonomics warrants its products as shown in our catalog – see below page from our current Pricing and Specification Guide, dated February 2022. Products and parts are covered for stated warranty periods. Parts for items no longer under warranty will be offered at the discount price under a resulting contract. Service for products under warranty is covered by Workrite. Service for products no longer under warranty can be negotiated with our Dealer Partners.

WARRANTY

Workrite warrants to the original purchaser that the products it manufactures are free from defects in design, material and workmanship for the length of time listed below for each product in its original installation. With prompt written notice, Workrite will repair or replace (at our discretion), free of charge, any product, part or component which fails under normal use as a result of such defect.

Limited Lifetime Warranty:

- Sierra HX Height Adjustable Work Center Table Bases
- Keyboards Trays & Arms

15 Year Warranty:

- Sentinel Height Adjustable and Fixed Height Work Center Table Bases

10 Year Warranty:

- Fundamentals Height Adjustable Work Center Table Bases
- All Monitor Arm Products

5 Year Warranty:

- Laminated Worksurfaces and Modesty Panels (when attached to Workrite Table Bases)
- Sierra HXL Crank Height Adjustable Work Center Table Bases
- Cascade Height Adjustable Work Center Table Bases
- LOS Computer Desks
- Sonoma Mobile Tables
- Solace 2 & Solace Single Clamp-On Standing Desk Converters
- LED and Fluorescent Lighting Fixtures

2 Year Warranty:

- Solace Desktop Standing Desk Converters
- Fabrics, Modesty Panels, Custom Products, and Special Order Items
- All Mobile Pedestals & Hanging Pedestals
- Palm Supports, CPU Holders, Power Supplies, Cable Managers, & Anti-Fatigue Mats
- All Accessories Not Previously Listed

1 Year Warranty:

- Mousing Surfaces
- Lighting Transformers and Fluorescent Ballasts

Requests for replacements under the terms of the applicable warranty **must be initiated by the original purchaser**. Original purchaser is defined as the person or business from whom payment for the product was received by Workrite. Workrite's obligation under this warranty is limited to first repair, or second replace any product or part that it determines to be defective **after inspection by its authorized representative, following receipt of written notice of the defect from purchaser within the warranty period**.

Workrite Ergonomics will offer products that are appropriate for use as intended until such application for the product is no longer appropriate for the marketplace. While the products may evolve through changes to fit, form or function due to technological and other advances, Workrite Ergonomics will supply products that

provide similar use and equivalent functionality as an alternative to the original product.

This warranty shall apply to **the original purchaser only, and original installation only**, is non-transferable, and is not applicable outside the United States, Canada, Puerto Rico and Mexico. This warranty is based on normal installation in a commercial office environment and use of the product during any and all shifts.

This warranty does not apply to:

- Labor charges
- Damage in shipment caused by a carrier
- Defects caused by improper installation
- Products subject to improper use and conditions
- Customer modifications to the product
- Normal wear and tear
- COM or third party materials applied to the products
- Fluorescent lamp tubes
- Any product that has been modified, altered, tampered with, or repaired by any person other than an authorized representative of Workrite.
- Damage incurred in the installation, repair, or replacement of any products are excluded

THE WARRANTY SET FORTH ABOVE IS IN LIEU OF ANY AND ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION

THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE.

IN NO EVENT SHALL WORKRITE BE RESPONSIBLE FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, HOWEVER CAUSED.

- vii. Authorization is required for the return of any merchandise to Workrite. Customers must contact Workrite Customer Service at the number or e-mail listed below and provide the following information:

(800) 959-9675 #1 for Customer Service
customerservice@workriteergo.com

Your name
Company name
Phone number
E-mail address
Quantity and description of product to be returned
Workrite's invoice number (or your PO number)
Reason for returning the product

A Customer Service Representative will take the request, furnish an RMA number, and provide instructions for the return of the product. A credit memo will be issued upon inspection and approval of the returned product. Upon receipt and inspection, Workrite will determine credit amount and notify the customer of any discrepancies. Customers may not make any financial adjustments to their invoice prior to Workrite issuing a credit memo for returned goods. Workrite will credit or refund the value of the product total and any taxes charged, less applicable fees (excluding delivery charges). Refunds will be given in the same form of payment. Adjustments to credit cards should appear within two billing cycles. Allow a minimum of 30 days for Workrite to receive and process the return. Requests for return authorization must be made within sixty (60) days of the invoice date. Authorized returns are subject to a 20% restocking fee. Returns are not allowed on any custom products or made to order products, including the Tranquility Panel program, the 945 series Modesty Panels, or our laminated worksurface and modesty panel programs, unless product has been damaged in shipment. Once an RMA number is issued, returned product must be received at the designated Workrite facility within 30 days. Credit for an unwanted/overordered product can only be given if the product is in new, re-saleable condition. Custom products and special configurations are non-returnable. Unauthorized product returned on the RMA number will not be credited. Restocking fees for unopened products may be waived. Restocking information is also provided on page 223 of our Pricing and Specification Guide, dated February 2022.

- viii. Volume pricing will be negotiated with a customer for large/volume purchases. Any promotion that is being advertised will be available to customers under a resulting contract. Workrite will offer additional discounts, as negotiated, for large quantity orders that would ship and bill in phased orders. A written agreement between Workrite and the customer for discount and delivery must be negotiated.
- ix. Customers can verify they are receiving contract pricing by seeing the note on their quote referencing the resulting contract number. Quotes by Workrite Representatives and Dealer Partners shall reference the use of a resulting contract, the contract number, and the discount

provided in the quote. Should customers have any questions, they may contact the contract manager, Donna Bobalek at 571-565-5077 or dbobalek@workriteergo.com.

- x. Payment may be made by check, ACH, or wire transfer. Workrite accepts credit cards. A 3% convenience fee applies to all credit card transactions. Payments terms will be Net 30 on all resulting contract orders.
- xi. Workrite proposes updating its Pricing Guide approximately every quarter, due to current market conditions. Any catalog updates under a resulting contract will only occur when our commercial catalog is updated. While catalog pricing changes are due to increased material prices, Workrite also uses the CPI and PPI indexes to gage our price increases. Workrite agrees that although catalog pricing may change, discounting will not change over the term of a resulting contract.
- xii. Product line introductions are priced to align with Workrite's current product lines. Introductions of new products into current lines will handled in the same manner. Workrite agrees to offer the same discount to any new products or lines that are added during the term of a resulting contract. Often promotions are offered at the introduction or a new product or line. These promotional offers, and any additional discounts associated with the promotion, will be available to all customers.
- xiii. Workrite does not offer any rental, leasing, or financing options.
- xiv. Workrite offers pre-assembly on our Line of Sight product line. This allows customers a quicker installation period and, often, a lower price for installation, as the desks come ready to set in place to be wired and have technology installed. The cost for pre-assembly under the catalog proposed is \$118 for single units and \$180 for dual units. There is no discount available for pre-assembly.

Workrite also offers pre-drilled tops to allow for quicker installation. This is especially helpful with large orders. Customers interested in pre-drilled tops will need to specify this when requesting a quote.

Workrite Ergonomics will comply with the Federal Funding Pricing section on page 13 of the RFP. Workrite may offer a mirror to our GSA contract in emergency or disaster recovery situations.

STANDARD LAMINATE AND EDGE BAND COLOR SELECTIONS

Applies to: Sit-Stand Desk Worksurfaces, Line of Sight Worksurfaces, Sonoma Table Worksurfaces, Laminated Modesty Panels, Laminated Mobile & Hanging Pedestals

Workrite's standard laminate selections include many popular colors from Pionite and Wilsonart. Starting with our Tier 1 selection for greatest value, through our premium Tier 2 wood grains and patterns, ending with our Tier 3 embossed and special finishes round out our offering. Our tops feature color coordinated matching 3 mm edgeband. For more accurate color selection we recommend reviewing our laminate sample chain when making selections.

Laminate Price Tier 1

Laminate Price Tier 2

Laminate Price Tier 3

Note: Due to printing limitations, these colors are not guaranteed to be accurately reproduced. For best results order actual Laminate Material Samples by calling (800) 959-9675.

**These laminates are not available for mobile or hanging pedestal collection*

SPECIAL ORDER LAMINATES

Workrite has access to many laminate manufacturers. We can quote special order laminates on request from Wilsonart, Pionite, Nevamar, Formica, and Abet Laminati. If you don't see the brand, give us a call.

Please note for special order laminate colors: based on laminate brand, color requested, and specific color matching edgeband requirements, minimum order requirements and special order upcharges may apply.

Mobile Pedestal Pads

WORKSURFACES

LAMINATED WORKSURFACES

Workrite's laminated worksurfaces feature High Pressure Decorative Laminate (HPL) from popular major manufacturers. Our HPL worksurfaces outperform "Low Pressure" melamine tops often used to achieve low cost.

All worksurfaces feature 3 mm color coordinated matching edgeband. Workrite uses high quality 1.125" thick industrial grade particleboard cores with phenolic backer sheets for true "balanced panel" construction to prevent warpage or sag over time.

Our standard worksurfaces are available in a wide variety of shapes and sizes to compliment any of our height adjustable bases.

Determining the correct size and shape of your worksurface is important. To best fit the office applications Workrite has engineered our tops for pinch point clearances at each side and at the rear edge to avoid pinching or contact with walls or panels while adjusting the height of your table. All Workrite worksurfaces are manufactured to these special sizes to prove safe and usable clearance in the office.

SIT-STAND DESKS + TABLES

SIT-STAND DESKS + TABLES

OVERVIEW

The following details should be taken into consideration when selecting the right solution for any application:

The **size and shape** of the workspace will determine the optimal size and shape of the worksurface you select. For moving or height adjustable products, you should allow at least 1" of clearance at each side and in back of the worksurface to avoid pinch points and scraping. This means that the overall width of the worksurface will be 2" less than the width of the workspace and 1" less than the depth.

Knowing the type of **equipment to be used** is crucial when selecting the appropriate sit-stand solution. When selecting a non-electric sit-stand desk such as a crank or counter-balance table the **weight of the equipment** to be placed on the worksurface will affect the amount of human force required to adjust the height of the work center. The more force required, the less ergonomic the solution.

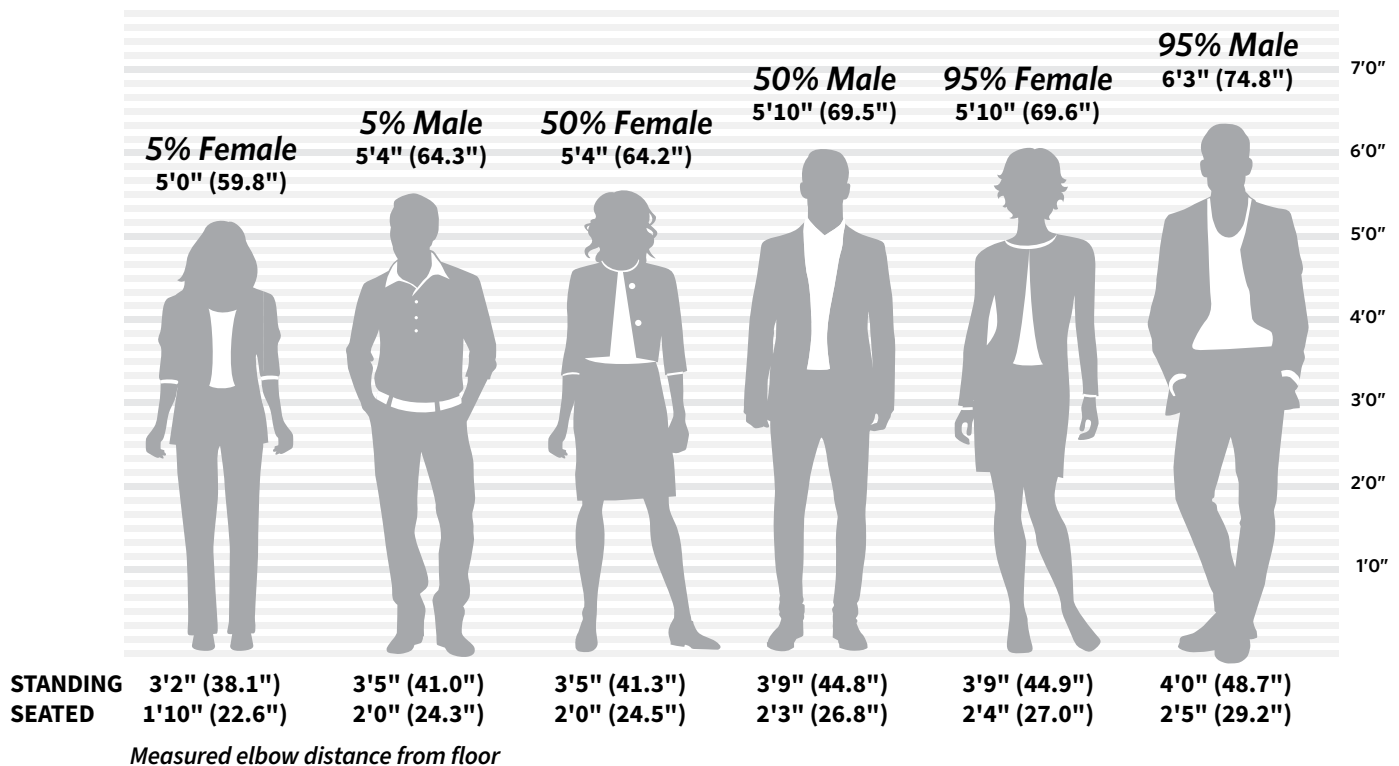

All electric sit-stand desks also feature a weight limit rating to ensure that the motor is not overworked and the work center moves efficiently throughout the life of the product. When comparing weight ratings it is important to clarify whether the weight rating includes the total weight of the worksurface plus the equipment to be used, or the payload capacity after the weight of the worksurface is taken into consideration. All Workrite weight limit ratings are for payload capacity.

Understanding the **work to be performed** and the types of **accessories to be used** are also key considerations. Work centers have many different types of frame supports and structures and may not provide the clearances required for the installation of other key accessories such as adjustable monitor supports and keyboard trays. Workrite frames and supports are designed to accommodate a wide variety of **accessories** both above and below the worksurface.

The **range** of adjustability required is one of the most important considerations when selecting the right adjustable work center. BIFMA G1-2013 recommends a range of adjustability from 22.5" to 48.7" to **accommodate the 5th to 95th percentile** of the workforce. For example, any product with a worksurface that will not go below 24.5" from the floor will not allow 50% of the female workforce (up to 5' 4" tall) to work in proper ergonomic position while seated. Workrite has multiple options available that achieve full BIFMA range of adjustability as well as some that offer a limited range of adjustability.

SIT-STAND DESKS + TABLES

SENTINEL

THREE STEPS TO CONFIGURE YOUR SENTINEL ELECTRIC 3-STAGE WORK CENTER

1. Select a Worksurface shape, size & laminate.

Use your existing worksurface top or choose from 2-leg or 3-leg shapes (as well as laminates).

2. Select the Frame Set.

Choose the Frame Set using the Pairing Guide below. Find the Base Sets (which includes feet and switch) in the following pages.

Polished Aluminum or Coated Foot Included.

3. Select the Control.

Choose a Standard Control for simple up/down control, Programmable Control for more advanced options, or Bluetooth for controlling your desk via mobile device.

Worksurface/Frame Set Pairing Guide

Pair your Worksurface with the appropriate Base Set using this chart.

2-Leg Shapes

Sentinel 3-Stage Electric Desk Base Set

Sentinel. One For All. All In One. Designed for any space, any role, any one in today's office, the Sentinel family of products provide virtually unlimited expandability to meet your needs now and in the future. Sentinel's elegant curves, clean lines and ultra-smooth operation provide just the right touch of style.

Options sold separately

- Order a high quality Workrite laminated worksurface in a wide variety of laminates or reuse your existing top to complete your workstation

Frame Set dimensions

Sentinel 3-Stage, 2-Leg Frame Set specifications

- Available for 24" and 30" deep worksurfaces
- Widths range from 30" to 72" wide
- Leg options: silver, black, white
- Foot finish: polished aluminum or coated to match
- ACD Multi-Sensor Anti-Collision technology
- Height range of 22.6" to 48.7" meets BIFMA G1-2013 requirements
- Payload carry capacity: 200 lb (after top)
- Gross load capacity: 352 lb (not including top and safety factor)
- Adjustment speed: 1.6" per second
- Maximum current draw: 4 A at 120 V, 60 Hz
- Standby power: 0.3 W
- 9' power cord meets Chicago code requirements
- Meets or exceeds BIFMA X5.5 standards
- GREENGUARD GOLD certified
- UL962 listed

Options included in Base Set:

Standard Switch

or

Programmable Switch

or

Bluetooth Switch

Sentinel Accessories

Cable Manager Chain

- Manage & conceal cables, up to 2" bundle (max .75" indiv. cables)
- Single axis flex design neatly manages cables as workstations move
- Expand 7 contract lengths using quick ball and socket connections
- 32 links included for use in worksurface-to-floor or station-to-station applications
- Cable Manager Chain is approx. 50" long if all 32 links are assembled
- Links can be excluded individually to reduce the overall length
- Available in 3 colors to coordinate with frame set

Model#	Weight	US \$ List	CAN \$ List
ACC-PWR-CBLCHAIN-□	2	\$166	\$216
Colors: S :Silver, B: Black, W: White			

Cable Chain Desk/ Floor Mount Kit

- Weighted floor plate with non-skid feet
- Desk Mounting Kit for Non-Cable Management Trough installation applications
- Uses quick ball & socket connections for easy assembly

ACC-PWR-CHFLRMT-□	1	\$38	\$49
Colors: S :Silver, B: Black, W: White			

Round Cable Manager

- Vertical cable manager is 54" long and comes complete with weighted foot and worksurface attachment clips
- Designed to manage cables from under worksurface to floor
- Open tab design allows cables to easily snap in or out of manager
- Keeps cables neat and organized while making height adjustments
- Accommodates up to 1" diameter of bundled cables
- Available in black

95201	3	\$88	\$114
-------	---	------	-------

Mesh Cable Trough

- Designed to be mounted under the worksurface behind the stretcher bracket
- Constructed of durable mesh, it provides 4" height and 3.5" depth of storage space
- Two widths offered to accommodate varying sized worksurfaces
 - 34" version to be mounted on worksurfaces 46" or less
 - 48" version to be mounted on worksurfaces 48" or greater
- Mounting hook design allows mesh trough to hinge open for easier access
- Velcro loops inside the mesh trough provide convenient way to keep cables & power strips bundled internally
- Each version features (1) grommet hole in the center to allow cables to enter or exit as required
- Textile portion available in gray finish

THREE STEPS TO CONFIGURE YOUR SENTINEL ELECTRIC 2-STAGE WORK CENTER

1. Select a Worksurface shape, size & laminate.
Use your existing worksurface top or choose from 2-leg or 3-leg shapes (as well as laminates).

2. Select the Frame Set.
Choose the Frame Set using the Pairing Guide below. Find the Base Sets (which includes feet and switch) in the following pages.

Polished Aluminum or Coated Foot Included.

3. Select the Control.
Choose a Standard Control for simple up/down control, Programmable Control for more advanced options, or Bluetooth for controlling your desk via mobile device.

Worksurface/Frame Set Pairing Guide

Pair your Worksurface with the appropriate Base Set using this chart.

Cable Chain Desk/ Floor Mount Kit

- Weighted floor plate with non-skid feet
- Desk Mounting Kit for Non-Cable Management Trough installation applications
- Uses quick ball & socket connections for easy assembly

ACC-PWR-CHFLRMT-□	1	\$38	\$49
Colors: S :Silver, B: Black, W: White			

Round Cable Manager

- Vertical cable manager is 54" long and comes complete with weighted foot and worksurface attachment clips
- Designed to manage cables from under worksurface to floor
- Open tab design allows cables to easily snap in or out of manager
- Keeps cables neat and organized while making height adjustments
- Accommodates up to 1" diameter of bundled cables
- Available in black

95201	3	\$88	\$114
-------	---	------	-------

Mesh Cable Trough

- Designed to be mounted under the worksurface behind the stretcher bracket
- Constructed of durable mesh, it provides 4" height and 3.5" depth of storage space
- Two widths offered to accommodate varying sized worksurfaces
 - 34" version to be mounted on worksurfaces 46" or less
 - 48" version to be mounted on worksurfaces 48" or greater
- Mounting hook design allows mesh trough to hinge open for easier access
- Velcro loops inside the mesh trough provide convenient way to keep cables & power strips bundled internally
- Each version features (1) grommet hole in the center to allow cables to enter or exit as required
- Textile portion available in gray finish

34"	ACC-WM-MT34-G	\$196	\$255
48"	ACC-WM-MT48-G	\$211	\$274

Low Profile Casters

- Dual wheel casters designed for use on carpet floors
- Low profile 2" wide, 37 mm diameter wheels
- Caster raises Sentinel sit-stand desk height by 1"
- Four locking casters per set—fits 2-leg bases ONLY
- 400 lb gross capacity

95234	2	\$67	\$87
-------	---	------	------

Premium Polyurethane Casters

- Compatible with carpet and hard flooring
- Translucent smooth rolling 1" w x 3" h polyurethane wheels
- Increases desk height by 3-3.5" when installed
- Four locking casters per set—fits 2-leg bases ONLY
- 400 lb gross capacity

FOUR STEPS TO CONFIGURE YOUR SIERRA HX ELECTRIC WORK CENTER

1. Select a Worksurface shape, size & laminate.

Use your existing worksurface top or choose from 2-leg or 3-leg shapes (as well as laminates).

2. Select the Frame Set.

Choose the Frame Set using the Pairing Guide below. Find the Base Sets (which includes feet and switch) in the following pages.

3. Select the Foot style.

Select either the Styled Foot Kit or Flat Foot Kit size based on worksurface depth and style choice.

4. Select the Control.

Choose a Standard Control for simple up/down control, Programmable Control for more advanced options, or Bluetooth for controlling your desk via mobile device.

Worksurface/Frame Set Pairing Guide

Pair your Worksurface with the appropriate Base Set using this chart.

2-Leg Shapes		
Worksurface	Actual Size	Frame Set

LIFETIME WARRANTY!

Sierra HX Base Sets

The Perennial Standard. The Workrite Sierra series is our most durable, long-lasting product line that now carries a Lifetime Warranty. With exceptional versatility, range, load-capacity and new Bluetooth switch options, Sierra HX offers something for everyone in the commercial office.

Options sold separately

- Order a high quality Workrite laminated worksurface in a wide variety of laminates or reuse your existing top to complete your workstation

Frame Set dimensions

Sierra HX 2-Leg Frame Set specifications

- Available for 24" and 30" deep worksurfaces
- Widths range from 30" to 90" wide
- Finish options: silver, black, white
- MEMS Anti-Collision technology
- Height range of 22.5" To 48.7" meets BIFMA G1-2013 requirements
- Payload carry capacity: 225 lb (after top)
- Gross load capacity: 352 lb (not including top and safety factor)
- Adjustment speed: 1.6" per second
- Maximum current draw: 4.25 A at 120 V, 60 Hz
- Standby power: 0.1 W
- 10' power cord
- Meets or exceeds BIFMA x5.5 standards
- GREENGUARD GOLD certified
- UL962 certified

*To order Chicago electrical code compliant bases please add the code -C9 at the end of the model number of the base you are ordering

Options included in Base Set:

Flat Foot Kit

or

Styled Foot Kit

Standard Switch

or

Programmable Switch

or

Colors: S :Silver, B: Black, W: White

Round Cable Manager

- Vertical cable manager is 54" long and comes complete with weighted foot and worksurface attachment clips
- Designed to manage cables from under worksurface to floor
- Open tab design allows cables to easily snap in or out of manager
- Keeps cables neat and organized while making height adjustments
- Accommodates up to 1" diameter of bundled cables
- Available in black

95201	3	\$88	\$114
-------	---	------	-------

Mesh Cable Trough

- Designed to be mounted under the worksurface behind the stretcher bracket
- Constructed of durable mesh, it provides 4" height and 3.5" depth of storage space
- Two widths offered to accommodate varying sized worksurfaces
 - 34" version to be mounted on worksurfaces 46" or less
 - 48" version to be mounted on worksurfaces 48" or greater
- Mounting hook design allows mesh trough to hinge open for easier access
- Velcro loops inside the mesh trough provide convenient way to keep cables & power strips bundled internally
- Each version features (1) grommet hole in the center to allow cables to enter or exit as required
- Textile portion available in gray finish

FUNDAMENTALS EX

THREE STEPS TO CONFIGURE YOUR FUNDAMENTALS EX ELECTRIC WORK CENTER

1. Select a Worksurface shape, size & laminate.

Use your existing worksurface top or choose from 2-leg or 3-leg shapes (as well as laminates).

2. Select the Frame Set.

Choose the frameset using the Pairing Guide below. Find the Base Sets which include feet and switch in the following pages.

Flat Foot included.

3. Select the Control.

Choose a Standard Control for simple up/down control, Programmable Control for more advanced options, or Bluetooth for controlling your desk via mobile device.

Worksurface/Frame Set Pairing Guide

Pair your Worksurface with the appropriate Base Set using this chart.

Fundamentals EX 3-Stage Electric Desk Base Sets

The Price Fighters. European engineering and exceptional pricing make the Fundamentals series the right choice for anyone looking for limited budget sit-stand reliability. Two stage (LX) and three stage (EX) options provide additional pricing flexibility depending on your height range requirements.

Options sold separately

- Order a high quality Workrite laminated worksurface in a wide variety of laminates or reuse your existing top to complete your workstation

Frame Set dimensions

Fundamentals EX 2-Leg Frame Set specifications

- Available for 24" and 30" deep worksurfaces
- Widths range from 30" to 72" wide
- Finish options: silver, black, white
- Optional MEMS Anti-Collision technology
- Height range of 22.5" to 48.7" meets BIFMA G1-2013 requirements
- Payload carry capacity: 125 lb (after top)
- Gross load capacity: 220 lb (not including top and safety factor)
- Adjustment speed: 1.6" per second
- Maximum current draw: 2.5 A at 120 V, 60 Hz
- Standby power: 0.1 W
- Meets Chicago code requirements
- Meets or exceeds BIFMA X5.5 Standards
- GREENGUARD GOLD certified
- UL962 listed

Options included in Base Set

Fundamentals EX Accessories

Magnetic Cable Manager

- Vertical cable manager is 47" and comes complete with 3 embedded magnets and worksurface attachment hardware
- Designed to discreetly conceal & manage cables down the rear or side profile of height adjustable desk legs
- Open tab design allows for cables to easily enter and exit the cable chain
- Length is optimized for 3 stage height adjustable desk, links can be removed to accommodate shorter adjustment ranges
- Available in silver, black, white

Model#	Weight	US \$ List	CAN \$ List
ACC-WM-MCC-□	2	\$149	\$194
Colors: S :Silver, B: Black, W: White			

Round Cable Manager

- Vertical cable manager is 54" long and comes complete with weighted foot and worksurface attachment clips
- Designed to manage cables from under worksurface to floor
- Open tab design allows cables to easily snap in or out of manager
- Keeps cables neat and organized while making height adjustments
- Accommodates up to 1" diameter of bundled cables
- Available in black

95201	3	\$88	\$114
-------	---	------	-------

Mesh Cable Trough

- Designed to be mounted under the worksurface behind the stretcher bracket
- Constructed of durable mesh, it provides 4" height and 3.5" depth of storage space
- Two widths offered to accommodate varying sized worksurfaces
 - 34" version to be mounted on worksurfaces 46" or less
 - 48" version to be mounted on worksurfaces 48" or greater
- Mounting hook design allows mesh trough to hinge open for easier access
- Velcro loops inside the mesh trough provide convenient way to keep cables & power strips bundled internally
- Each version features (1) grommet hole in the center to allow cables to enter or exit as required
- Textile portion available in gray finish

34"	ACC-WM-MT34-G	\$196	\$255
48"	ACC-WM-MT48-G	\$211	\$274

Low Profile Casters

- Dual wheel casters designed for use on carpet floors
- Low profile 2" wide, 37 mm diameter wheels
- Caster raises Sentinel sit-stand desk height by 1"
- Four locking casters per set—fits 2-leg bases ONLY
- 400 lb gross capacity

95234	2	\$67	\$87
-------	---	------	------

Premium Polyurethane Casters

- Compatible with carpet and hard flooring
- Translucent smooth rolling 1" w x 3" h polyurethane wheels
- Increases desk height by 3-3.5" when installed
- Four locking casters per set—fits 2-leg bases ONLY
- 400 lb gross capacity

THREE STEPS TO CONFIGURE YOUR FUNDAMENTALS LX ELECTRIC WORK CENTER

1. Select a Worksurface shape, size & laminate.

Use your existing worksurface top or choose from 2-leg or 3-leg shapes (as well as laminates).

2. Select the Frame Set.

Choose the frameset using the Pairing Guide below. Find the Base Sets which include feet and switch in the following pages.

Flat Foot included.

3. Select the Control.

Choose a Standard Control for simple up/down control, Programmable Control for more advanced options, or Bluetooth for controlling your desk via mobile device.

Worksurface/Frame Set Pairing Guide

Pair your Worksurface with the appropriate Base Set using this chart.

Cascade Manual Counterbalance Desk Base Set

The Cascade Counterbalance Base is a great alternative to electric sit-stand desks for areas where frequent adjustments are not required, or for any area where electric power may not be readily available. When properly adjusted, Cascade balances payloads from 0 to 85 pounds and adjusts quickly and smoothly to the desired height by simply pulling a mechanical trigger mechanism. Cascade will accommodate a wide range of rectangular worksurfaces, features a unique flat foot design, and is available in silver.

Specifications

- Base options: 2-leg base
- Foot options: Cascade foot kit only
- Control options: manual trigger
- 24" or 30" depths
- Widths from 48" to 72" depending on shape
- Color: silver
- Height range: 27.5" to 46.5"
- Payload capacity: 48"w: 65 lb
60"w: 75 lb
72"w: 85 lb

Options sold separately

- Order a high quality Workrite laminated worksurface in a wide variety of laminates or reuse your existing top to complete your workstation

Sierra HXL Manual Crank Desk Base Set

The Workrite Sierra HXL Crank is engineered to enable manual adjustability requiring minimal amounts of human force, making it a good alternative for the healthy workforce or for areas where frequent adjustments are not required. The HXL Crank adjusts from 25.5"–43" and will accommodate the average male or female worker, making it a good solution for companies seeking limited height adjustability. It adjusts at a rate of 5.6 turns per inch even with more than 125 pounds of equipment on the worksurface. Sierra HXL Crank is available in silver with two foot design options that can be selected to build the best work center for each specific application.

Specifications

- Frame options: 2-leg frames
- 24" or 30" depths
- Widths from 36" to 72" depending on shape
- Finish options: silver, black, white
- Height range: 25.5" to 43"
- Payload capacity: 125 lb
- Travel speed: 1" = 5.6 turns
- Reversible (left or right) Front Crank

Options sold separately

- Order a high quality Workrite laminated worksurface in a wide variety of laminates or reuse your existing top to complete your workstation

Sonoma Mobile Table

Our elegantly designed Sonoma Mobile Tables offer a quick, easy, mobile, and modular solution to configure training rooms and collaborative spaces in your facility. Flip top design quickly converts from stored to ready to use tables with our unique one touch lock button at either end of the table. The Sonoma Mobile Tables are perfect for rapid configuration of for your ever changing multi-use rooms and multi-task requirements for training, collaboration, meeting, and conferences within minutes.

Specifications:

- Sturdy powder-coated steel construction
- Patented easy to use One Touch Flip and Lock release
 - Easily unlock and flip tabletops from either end of the Sonoma Mobile Table
- Large diameter, dual wheel, locking, polyurethane, universal surface casters
- Optional ganging bracket kits allow tables to be interconnected as required
- Worksurface elevation: 29" above floor
- First table stores in the table width x 21.7" depth
- Nested storage design allows storage in only 7.3" additional depth per table
- Optional EC2 cutout

Sonoma Tops

Rectangle, 24" deep • Pre-drilled mounting locations for easy set up.

- 1.125" industrial particle board core
- High pressure laminate worksurfaces
- Balanced panel construction features phenolic backer
- Coordinated 3 mm edgeband with 3 mm edge radius

RITEBEAM

riteBEAM Power & Data Distribution Beam

It's ideal for benching or free standing height adjustable workstations in various layout options. The riteBEAM allows user to easily manage power and data in place of complex and expensive changes to building infrastructure. The modular and configurable 8 wire design featuring from 1 to 4 circuits can also be set up to comply with California Title 24 power requirements.

Specifications:

- Up to four 120 V A/C receptacles per seat
- Up to two Cat6/RJ45 intranet outlet provisions per seat (receptacles not included)
- Industry standard 8 wire/2+2 electrical system design
- Isolated ground configurable for circuits C & D
- Title 24 energy efficiency controlled circuit configurable
- Available in silver, black, or white
- Powder-coated steel construction
- Certified to UL Standard #UL1286 for power distribution
- "Liquid Tight" power entry option for California and other special power entry requirements
- Power Pole/Power Entry leg option for ceiling power feed
- **US National Electrical Code** allows up to 16 each A/C simplex receptacles per dedicated 20 A, 120 V A/C circuit
 - 1, 2, or 4 circuit 20 A 120 V A/C configuration options
 - Up to 4 seats per power entry with 1 dedicated 20 A, 120 V A/C circuit (not Title 24 compliant)
 - Up to 8 seats per power entry with 2 dedicated 20 A, 120 V A/C circuits (can be Title 24 compliant)
 - Up to 16 seats per power entry with 4 dedicated 20 A, 120 V A/C circuits (can be Title 24 compliant)
- **Canadian Electrical Code** allows up to 12 each A/C simplex receptacles per dedicated 15 A, 120 V A/C circuit
 - 1, 2, or 4 circuit 20 A 120 V A/C configuration options
 - Up to 3 seats per power entry with 1 dedicated 15 A, 120 V A/C circuit (not Title 24 compliant)
 - Up to 6 seats per power entry with 2 dedicated 15 A, 120 V A/C circuits (can be Title 24 compliant)
 - Up to 12 seats per power entry with 4 dedicated 15 A, 120 V A/C circuits (can be Title 24 compliant)

BENCHING

BENCHING

The need to create collaborative work environments that optimize every square foot of space has changed the landscape of today's office. Unfortunately, these needs are often met at the expense of worker productivity and with products that restrict future flexibility. Recognizing these challenges, we set out to develop a solution that would address these issues while enabling the creation of collaborative, open space environments. The answer was simple.

Based on our most popular foot design, we created a patented pending dual platform foot and connector system that can easily convert individual workstations to a benching system. No more bulky frames, work centers so large they are impossible to move.

PRE-CONFIGURED BENCHING SYSTEMS

All Pre-Configured Benching Systems include Frame Sets (legs, brackets, connectors, motor(s) and cables) as well as a Programmable Control and patent-pending Benching Feet.

Your only requirement is to choose a Worksurface with Laminate color that best suits your needs.

Options can include riteBEAM Power Distribution, Wire & Cable Management, Divider Systems, Modesty Panels, Tool Rails and any of the thoughtfully integrated ergonomic accessories that suit your work style.

HOW TO ORDER PRE-CONFIGURED BENCHING SYSTEMS

The following quick reference chart shows supplied components for pre-configured Essentia, Sierra and Fundamentals 2, 4, 6, 8 and 10 Station Benching Systems. These kits are designed to make ordering simple, providing all components to optimize ordering, shipping and reduce the amount of waste.

Each System makes a pair of connected work centers and include Frame Sets (legs, brackets, connectors, motor(s) and cables) as well as Programmable Controls and patent-pending Benching Feet and connectors. Once the Benching System is ordered, you simply need to select a Worksurface.

STANDING DESK CONVERTERS

Standing desk converters provide a quick and efficient way to transform any ordinary fixed height desk into a more ergonomic sit-stand workspace. Workrite's all-in-one ergonomic solutions offer a wide range of adjustability for lift, rotation and tilt.

The Solace family of products, which includes our Solace HD, Solace Corner and Solace Electric, has evolved to include a range of solutions designed to address all your retrofit sit-stand needs. The Solace series now includes options that offer the greatest level of adjustability, maximize desk space availability, and provide ergonomic solutions for virtually any budget.

The Solace series has the flexibility to accommodate a wide variety of users and deliver stable, customizable workspaces to increase comfort and productivity.

STANDING DESK CONVERTERS

SOLACE 2

Products listed on this page are available through GSA Contract GS-28F-0030S SIN 33721.

Solace 2

Solace 2 promotes health and wellness by providing the core ergonomic benefits associated with height adjustable desks, monitor arms, and keyboard platforms. The all-in-one ergonomic workstation offers a quick & economical method to enhance user comfort as well as overall productivity. With its proficient ranges of lift, rotation and tilt, Solace 2 has the flexibility to accommodate a wide variety of users and applications.

Solace's pneumatic strut allows the arm to effortlessly lift the keyboard and monitor(s) between the seated and standing positions. The industry leading keyboard platform height range makes Solace 2 an ideal solution for multi-user environments. To create a uniquely personalized configuration, Solace 2 incorporates the ability to make independent adjustments to both monitor and keyboard platform positioning. The counter balance technology creates a simple to use, knob free experience so the user can adjust monitor height with minimal effort.

Arm Specifications

- Designed to support 100th percentile standing women and 95th percentile standing men (ANSI/BIFMA & HFES standard)
- Keyboard platform, secondary surface & monitor mount travel in unison allowing transition between seated and standing height in seconds

Base Specifications

- C-Clamp and Grommet Mount provide installation flexibility

Monitor Mount Specifications

- Supports one 6.5–24.5 lb monitor
- 6.3" of independent height adjustment
- 180° independent monitor swivel
- Standard VESA (75 mm & 100 mm)
- Quick Release Adaptor Included for streamlined monitor installation

Keyboard Platform Specifications

- Standard features UB182-25 Platform
- Premium features Revo UB2100FT25 Platform
- 3.75" of independent adjustment
- Folds up 90° for optimal storage

Secondary Surface

- Convenient worksurface for placing items when in standing position

Optional Dual Monitor Adaptor

- Supports two monitors 1.25–10.25 lb ea and up to 22" wide

Solace Single

The Solace Single Surface is functional, easy to install and use, stable and versatile. The “all in one” height adjustable keyboard platform and monitor arm enables users to easily transition from a sitting to standing position in just a few seconds. The monitor can be independently adjusted for a personalized configuration. The Solace Single can be installed on a 24" or 30" deep rectangular or corner desk using the clamp or grommet mount.

Arm Specifications

- Platform & monitor mount travel in unison allowing transition between seated and standing height in seconds
- Integrated cable management
- 18.5" height adjustment range

Base Specifications

- C-Clamp and grommet mount provide installation flexibility
- Provided pivot limiter allows 180° rotation

Monitor Mount Specifications

- Supports one 6-24 lb monitor
- 6.3" of independent height adjustment
- 180° independent monitor swivel
- Standard VESA (75 mm & 100 mm)
- Quick Release Adaptor Included for streamlined monitor installation

Platform Specifications

- Features 28" w × 18" d Phenolic platform
- Platform can be mounted above mounting plate for clean look or below to lay flush with worksurface

Solace Stealth

Solace Stealth represents a revolutionary after-market sit-stand system. By bundling an extended range monitor arm and an industry leading keyboard lift into a single simple to order SKU, we've eliminated the need to clutter your worksurface with a bulky space consuming product. The two point adjustment system allows users to stand throughout the day as they need, at the end of the day lower the monitor arm, stow away the keyboard tray and you're left with a clean traditional desk.

Solace Stealth is elegant, simple to use and one of the most truly ergonomic solutions in the market.

Benefits/Specifications

- Meets ANSI/BIFMA x5.5 recommendations for sitting/standing height ranges
- Monitor arm provides 20" of vertical height adjustability
- Keyboard platform provides 22" of vertical adjustability
- Allows user to maintain access to their original worksurface
- Keyboard platform can fully stow underneath worksurface on 22" track
- Available in single or dual monitor arm configurations
- Provides fundamental ergonomic principles

Monitor Arm Specifications

- Pivot (180°)
- Rotate (180°)
- Tilt (+90° / -45°)
- 27.2" forward reach
- 5.25" stowed depth

Keyboard Arm/Keyboard Platform Specifications

- Tilt (+10° / -20°)
- Knob Free—Lift-n-Lock height adjustment
- Silver finish on monitor & keyboard arms
- White finish on keyboard platform

Solace Electric

The Solace Electric is the perfect retrofit solution if you are looking for electric adjustability but wish to keep your current desk. The Programmable Control does more than just raise and lower the system since it also includes three preprogrammed heights. No more hunting around for the right position. Add monitor brackets for either dual or triple monitor configurations and watch your productivity soar! The lifting mechanism will raise both your keyboard platform as well as a spacious secondary worksurface with up to 110 pounds of equipment. Solace Electric comes mostly assembled, requiring one easy step to attach your removable keyboard tray and another to add your monitors.

Specifications:

- Programmable Control with three memory presets
- Dual worksurface includes independent keyboard surface
- 110 lb lifting capacity for worksurface, 11 lb for keyboard platform
- 17.1" lifting range, 23.2" above desktop
- Max power draw: 120 V, 60 Hz, 4 A
- Primary Worksurface:
 - 25.6"w × 15"d
- Keyboard surface (removable):
 - 26.4"w × 7.1"d
- Base dimensions:
 - 19.75"w × 15.75"d × 2.25"h

Solace Desktop

Quickly and economically converts an existing desk to a smooth and effortless sit-stand workstation. Solace Desktop ships fully assembled, no tools are required making this an ideal retrofit candidate. The compact footprint of the Solace Desktop, easily fits onto a 24" deep desk with room for personal equipment. The large primary worksurface includes a grommet for cable management and is expansive enough to accommodate an added Workrite Monitor Arm or two 24" monitors. Solace Desktop is smooth and quiet with gas assisted height adjustment to provide a wide 13.8" lifting range. The independent keyboard surface ensures users can easily set Solace Desktop to their ideal ergonomic position. Solace Desktop is strong enough to support most technology requirements, yet light enough for simple installation and moving from desk-to-desk.

Specifications:

- Dual worksurface includes independent keyboard surface
- 35 lb lifting capacity
- 13.8" lifting range, 20" above desktop
- Primary Worksurface:
 - 35.4"w × 15.7"d
 - Includes grommet for cable management
- Keyboard surface:

KEYBOARD TRAYS

ADJUSTABLE KEYBOARD TRAYS

Add comfort to increase productivity:

Adjustable keyboard trays are a great way to provide maximum ergonomic benefits and greater levels of comfort for any workforce. When used in conjunction with fixed height worksurfaces, or with height adjustable worksurfaces featuring limited ranges of adjustability, an adjustable keyboard tray can improve the overall usability and ergonomic functionality of the entire work center.

Workrite offers a broad selection of pre-configured keyboard tray systems as well as individual trays and arms that can be purchased separately, providing multiple solutions for virtually any application.

The right products for the work space:

Knowing where the user will work is the key to ensuring proper fit and installation. Workrite offers adjustable keyboard solutions for every typical work space configuration. The symbols below identify the most common configurations found in today's modern workplaces. Look for them throughout this section of the specification guide to ensure that you are selecting the right product for each specific application.

Mouse in comfort:

All Workrite palm supports and wrist rests feature our memory foam core, providing the comfort of gel and the durability of foam. Our memory foam core will soften in reaction to body heat and will mold itself to the user, resulting in maximum keyboarding comfort through the elimination of pressure points and fatigue.

Mouse position is also an important element in providing maximum comfort and increasing productivity. For the most versatile solution, select a tray with an integrated ambidextrous mousing surface such as those featured in our Revo and patented Banana-Board keyboard systems.

The following positions are recommended based on the type of work being performed; however, the users' personal preferences as well as their physical attributes and abilities will also need to be taken into consideration.

Handed mousing surfaces:

For the most versatile solution, select a tray with an integrated ambidextrous mousing surface. Two popular choices include the Banana-Board, with its sliding mouse surface or Revo, with its highly adjustable mouse tray.

Our reversible trays are designed to be installed for right or left hand users and can be reversed using simple tools as needed in the future. This tray type is also ideal for those who prefer a continuous tray with no moving parts and extreme rigidity for both mouse and keyboard support.

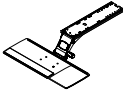

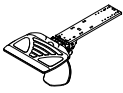

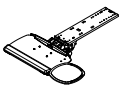

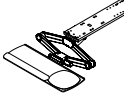

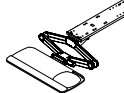

Integral left/right mousing surface
A mouse tray that converts from right to left handed mousing with no tools required

Manual left/right mousing surface
A mouse tray that converts from right to left handed mousing with the use of tools

ADJUSTABLE KEYBOARD TRAY FIT CHART

Adding Keyboard Trays to Existing Worksurfaces

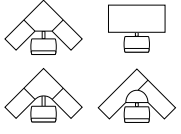

It is necessary to determine if your keyboard tray will fit on existing worksurfaces, especially in corner situations. As expected, any of the Workrite preconfigured systems will fit on Workrite height adjustable work centers. When adding to existing work centers, consult the following chart to find which tray will fit in these specific conditions. Note that in many 90° corner situations, a Corner Diagonal accessory may be required. With some "benching" situations, a Drop Down Kit or Spacers may be needed.

Corner Only (radius or diagonal of 12" or more)	Model #	Converts 90° to Diagonal	Available as a System	Mouse-Forward	Handedness

METRO6 System

Designed by Mark Müller, celebrated product designer, the METRO6 System is a single surface keyboard and mouse tray. It includes the Pinnacle EX or Pinnacle S2S arm, Metro Tray, and a 17" or 22" track. The system also features a molded wrist rest and an integrated aluminum backstop that prevents keyboard and mouse slippage.

Keyboard & mouse tray

- System includes Metro 26.75" keyboard tray
- Thin 0.25" phenolic laminate with a sweeping radius edge
- Integrated aluminum stopper keeps keyboard and mouse in position
- Black or white tray finish with a black accent edge
- Molded color-coordinated palm support
- In-line mouse design

Keyboard arm

- Lift-n-Lock height adjustment
- 17" or 22" nylon glide track
- 30° tilt range: -20° +10°

Pinnacle EX

- Adjusts from 2.38" above to 6.5" below worksurface
- Height & tilt readout panel
- 360° arm swivel at track
- Black or white powder coat finish

Pinnacle S2S

- Adjusts from 16" above to 6" below worksurface
- Tilt angle indicator
- Silver powder coat finish

S2S Compact System

The S2S Compact System offers the greatest user height adjustability range in a keyboard arms available today. Coupled with the Compact Tray, it is designed for limited depth, straight worksurfaces and shallow keyboards that are less than 6" deep. The compact design makes full storage possible on a 22" track. This system creates a sit to stand height range that allows fixed height workstations to become sit stand workstations. The removable palm support adjusts easily from side to side to accommodate both right or left mouse use. Includes our Pinnacle S2S keyboard arm with nylon glide track. Ultra-thin phenolic material backed by our lifetime warranty provides years of dependable quality and performance.

The S2S Ultrathin System offers the greatest user height adjustability range in a keyboard arms coupled with our Ultrathin Tray for a real sit to stand height range for larger keyboards. This system creates a sit to stand height range that allows fixed height workstations to become sit stand workstations. Ultra-thin phenolic material backed by our lifetime warranty provides years of dependable quality and performance. The removable palm support adjusts easily from side to side to accommodate both right or left mouse use. Includes our Optimizer document holder & cable management for both the mouse and keyboard.

Keyboard & mouse tray

- Optimizer document holder & cable management
- UltraThin™ .25" solid phenolic construction
- Removable palm support
- Available in black

Keyboard arm

- System includes Pinnacle S2S keyboard arm
- Silver powder coat finish
- Adjusts from 16" above to 6" below worksurface
- No knob/no lever Lift-n-Lock height adjustment
- 30° tilt range: -20° +10°
- Smooth nylon glide track
- Meets ANSI/BIFMA X5.5 standards
- Exceeds front of track .75" on 22" track
- Exceeds front of track 5.75" on 17" track

Desk compatibility

Note: cannot be used on curved corner worksurfaces

SOLO ARMS—STANDARD RANGE

Our collection of standard range arms are designed for use with virtually any Workrite keyboard tray. The adjustable arms allow keyboard trays to be stored under the worksurface when not in use and feature single knob or our one touch Lift-N-Lock height adjustment technology.

All standard range arms feature

- Tilt range: -15° to $+10^{\circ}$ as required by BIFMA
- Independent height and angle controls
- Height range from flush to 6" below worksurface
- 360° swivel for easy positioning and storage
- Non-intrusive low profile track provides maximum knee clearance

SOLO ARMS—EXTENDED RANGE

Our extended range arms offer the same high quality features and performance as our standard range arms with the added benefit of extended reach. Their extended range allows for a broader range of ergonomic placement and greater levels of adjustability making them a great option for almost any application.

Pinnacle 2-Extended

Pinnacle 2-Extended provides 2" additional reach and over Pinnacle 2 and extends 8.5" below worksurface. Available in 17", 22", and 28" versions.

Bench Mount Kit

Designed for mounting keyboard arms and tracks to benching systems or adjustable height work centers where support beams limit the availability of flat mounting surfaces. Attaches between the underside of the worksurface and the keyboard arm track with installation hardware provided.

- Attaches between underside of worksurface and keyboard arm
- Fits all Workrite keyboard arms
- Powder-coated steel construction

Workrite adjustable height work centers

Once you have selected the appropriate keyboard arm and track for the depth of your worksurface, simply measure the clearance required to drop the keyboard track below the supports of the work center.

- BMK-1-B should be used for all installations of tracks greater than 17" on Workrite's Essentia, Sierra HX and Sierra HXL Electric Frame Sets
- BMK-1-B should also be used for all Sierra HXL crank installations, regardless of track length
- BMK-2-B used with Cascade Frame Sets

Benching Systems

Once you have selected the appropriate keyboard arm and track for the depth of your worksurface, simply measure the clearance required to drop the keyboard track below the supports of the benching system.

- BMK-1-B can be used for all 1.12" to 1.5" clearance requirements
- BMK-2-B can be used for all 1.88" to 2.25" clearance requirements

Height	Model #	Weight	US \$ List	CAN \$ List
1.12"-1.5"	BMK-1-B	4	\$97	\$126
1.88"-2.25"	BMK-2-B	4	\$97	\$126

MONITOR ARMS

Monitor arms can be used with either fixed height or adjustable height work centers and are an excellent way to achieve the optimal level of adjustability recommended by ergonomists. When used appropriately, they can help workers avoid the development of musculoskeletal disorders (MSD), aid in the management of existing MSD, and help alleviate eye strain associated with long hours of computer use in the office.

Adjustable monitor arms enable users to maintain neutral position of their shoulders, neck and back by allowing them to position their computer screen in the perfect location and angle for their height and the type of task they are performing. This adjustability is especially beneficial to users who wear corrective multi-focal lenses.

Space saving benefits:

Using a properly designed monitor arm provides valuable space saving benefits that can increase the productivity of users, especially those individuals in smaller workspaces.

Collapsible movement is one key benefit of a properly designed monitor arm, allowing the user to easily move the monitor out of the way for storage when not in use.

Suspension space created by mounting the monitor arm to the back edge of a worksurface is another key benefit of an adjustable monitor arm, providing the user with substantially more usable worksurface than a typical desk base monitor stand.

Collaboration benefits:

A typical monitor arm will provide 180° of horizontal rotation enabling users to share their computer screen during collaboration sessions or when conducting customer meetings.

Performance benefits:

Research indicates that proper ergonomics in the office can increase worker productivity by 10-15% depending on the type of work being performed. Monitor arms are a key component to providing real ergonomic solutions that contribute to a more comfortable and productive environment.

APPLICATION CONSIDERATIONS

Number of monitors:

Today's workers often use multiple monitors to facilitate easy access of information and increase efficiency. Understanding how many monitors are to be used is the first step to selecting the right monitor mount for any application.

Monitor mount interface:

Most monitors feature a standard VESA mount with 75 mm by 75 mm and/or 100 mm by 100 mm screw hole patterns. Some manufacturers have introduced monitors that require custom brackets or adaptors and, in some cases, feature stand only mounting locations. Verification of VESA mount compatibility is required prior to selecting a monitor mount.

Monitor weight and dimensions:

It is extremely important to select a monitor mount that best matches the weight and measurement of your monitor(s). Selecting a mount that is not capable of handling the weight of heavier monitors can result in the arm failing and damaging the monitor. Most modern monitors are lightweight and selecting a mount that is too strong for their weight will make adjustment difficult and typically allow the monitor to drift during use.

Installation requirements:

The most common monitor arm installation is a C-clamp attached to the back of the worksurface; however, some unique applications may require a unique mounting solution. Grommet mounts for corner installations, wall mounts and tool bar/slatwall mounts are just a few of the other installation types that may be required by these types of applications.

Range of motion requirements:

Space constraints are a fact of life in today's office environment. The flexibility to position a monitor arm close to the back of shallow worksurfaces, or to extend its reach in spaces with deeper worksurfaces is more important than ever. It is important to pay close attention to the specifications for stowage and reach when selecting the right monitor arm for a specific application.

Frequency of use:

Not all monitor arms are created equal. For applications where the monitor is to be used in high traffic or 24/7 environments, be sure to specify a monitor arm that was designed and tested to withstand the level of use required.

Ergonomic tips:

Setting the proper viewing height and distance requires the user to position the screen at least 15.7", or approximately arms-length away, with the top of the monitor screen at or below eye level. Multi-focal lens wearers may find it necessary to position the monitor lower than other users to maintain neutral neck position.

Center the primary monitor screen so that when the user is seated or standing at their workstation, the center of the screen is directly in front of their eyes.

Adjust the monitor's tilt position as required to compensate for glare, changes in vision as eyes tire, or to provide better focus based on the content size of the work being performed. In most cases, a tilt range of 30–40° will allow users to maintain neutral posture and work comfortably throughout the day.

Conform Articulating Arm

The Conform Articulating Arm adapts to your changing needs through an easy to use pin connection system. Mount the arm to a variety of bases, add additional arms or reconfigure as hardware and office personnel needs change. The exceptionally smooth lifting gas spring, coupled with precision bushings, provides years of maintenance-free maneuverability. The Conform Articulating Arm has been engineered to support over 12,000 cycles and exceeds ANSI/BIFMA X5.5 requirements. TAA Compliant.

Benefits

- Enhance performance through ergonomic comfort
- Smooth lifting, maintenance-free gas spring (supports 5–17 lb monitors)
- Expandable, interchangeable components ensure future adaptability
- Designed for fast, easy installation
- Includes one plastic quick release adapter per arm to increase the ease of installation
- Easily route and conceal cables through the integrated wire managers
- Quickly folds down to provide users with maximum desk space

As part of the Conform family it uses the Workrite pin connection system, allowing it to be quickly mounted to a variety of bases and reconfigured with additional Conform monitor arms to adapt to your changing needs. Easily create a six monitor array by using a 28" pole mount and two Conform Triple, Static Arms. The Conform Triple, Static Arm has been engineered to support over 15,000 cycles and exceeds ANSI/BIFMA X5.5 requirements. TAA Compliant.

Benefits

- Enhance performance through ergonomic comfort
- Rigid support for monitors from 0–16 lb each
- Expandable, interchangeable components ensure future adaptability
- Designed for fast, easy installation
- Includes one plastic quick release adapter per arm to increase the ease of installation
- Easily route and conceal cables through the integrated wire managers
- Compact footprint allows users to maximize their desk space

Conform STS Articulating Arm

When mounted on a 14" heavy duty pole base, Conform Sit-to-Stand Articulating Arm can be adjusted to ergonomically support 100% of men's and women's standing heights. Increased reach makes arm ideal for deep workspaces and corner applications. Designed for easy installation, components ship pre-assembled and are simple to configure. Engineered and tested to exceed requirements of American National Standards Institute (ANSI)/Business and Institutional Furniture Manufacturers Association (BIFMA) x5.5. Trade Agreements Act (TAA) Compliant, backed by a 10 year warranty.

Benefits

- Enhance performance through ergonomic comfort
- Smooth lifting, maintenance-free gas spring (supports 5–17 lb monitors)
- Expandable, interchangeable components ensure future adaptability
- Designed for fast, easy installation
- Easily route and conceal cables through the integrated wire managers
- Quickly folds down to provide users with maximum desk space

JIBE Articulating Arm

JIBE's unique arm design allows arms to be fully pushed back in while keeping monitors seamlessly positioned side by side. A detachable VESA plate allows for quick and simple monitor installation and removal. Use an Allen wrench to fine tune the spring tension of JIBE monitor arm to perfectly counterbalance any monitor weighing between 5–20 lb. The 180 degree pivot limiter locks out the rotation of the arm preventing collisions with walls and panels. Bring power to your JIBE monitor arm base by integrating two USB 3.0 cables

Benefits

- Space saving overlap arm design
- Detachable VESA plate
- Adjustable spring gauge
- 180° pivot limiter
- Optional powered USB base

TASK LIGHTING

How is task lighting ergonomic?

Notice the position you are standing or sitting in as you read this. Did you move to get better lighting? Did you position your body in a way to help improve the visual contrast of the text, reduce glare or avoid a shadow? That very movement is the essence of ergonomics.

How can task lighting reduce operating costs?

According to the US Department of Energy, 51% of the energy used in commercial buildings is consumed by lighting systems. However, many existing systems have much higher than recommended illumination levels from overhead lighting.

In instances where too much illumination is provided through overhead lighting, companies can reduce their power usage and associated costs by simply reducing overhead light levels and applying proper lighting for specific tasks.

How does proper task lighting increase performance?

According to The American Optometric Association, excessive overhead or ambient lighting levels reduce the apparent visual contrast on computer screens due to glare.

“Contrast (which is reduced by glare) plays an important element in visibility. Low contrast objects are difficult to see, regardless of their size. Increasing task contrast is an important means of increasing overall performance.”

The Bottom Line: Proper illumination levels through the use of task lighting will help improve user ergonomics, reduce operating cost and increase worker performance.

Achieving proper light levels:

Light levels are most commonly expressed in “Foot Candles” (fc). The Illuminating Engineering Society (IES) Lighting Handbook provides detailed light level recommendations for thousands of specific applications. However, general rules of thumb are:

Visual Tasks of medium contrast or small size require 50–100 fc*

Visual Tasks of low contrast or very small size require 100–200 fc*

Users over the age of 65 should be provided with 2 times the recommended lux or foot candle light levels.*

* IES Lighting Handbook 10th Edition

What to look for in the light produced from a task light:

Supports IES foot candle recommendation for the task

Understanding the user and the task at hand will dictate how much light is required. Photometric maps illustrate the footcandle power over a specific distance and area.

High lumens per watt

The higher the lm/W the more efficient the light.

White light color

“White” light is typically perceived between 3200–4100 K. Light less than 3200 K begins to appear orange or red, while light above 4100 K begins to appear blue.

Color Rendering Index (CRI) above 80

CRI determines how “true” colors appear. CRI below 80 will begin to make objects appear noticeable different from natural sunlight.

UNDER-CABINET TASK LIGHTING

Under-cabinet task lights provide a wide distribution of light in areas that need additional illumination due to shadowing from overhead or side light sources.

What to Look For When Shopping For an *Under-cabinet Task Light Fixture*:

Mounting requirements:

Size/dimensional constraints: Typical cabinet construction reduces the usable/mountable under-cabinet area by 1–2 inches. When considering fixture lengths be sure to consider all power and jumper cable requirements.

Cabinet height: The further the distance from the worksurface, the greater the light output will be required to deliver proper foot-candle power to the surface. Recommended mounting height is 18 inches.

Construction materials: Cabinets constructed from metal will require different mounting hardware from wood cabinet construction.

Power requirements:

Outlet powered vs. hard-wired: Outlet powered units bring on/off power & dimming controls to the fixture whereas hard-wired units will typically be controlled by a wall switch. (Workrite does not offer hard-wired lighting products.)

Outlet availability: The location of your power outlet will determine if each unit may be individually powered and controlled or if “Daisy Chain” power is required.

Daisy chain installations: (if applicable)

Fixtures per chain: Identify the number of users or length of area to be illuminated. The maximum distance of a Daisy Chain is determined by the total power consumption of each fixture. Each series will specify the maximum number of fixtures per chain.

Jumper cables: Powering one light from another requires the use of a jumper cable. Determine the distance between lights including all bends and routing requirements to determine the jumper cable length required.

User controls:

Series vs. individual controls: Determine if each user/light needs independent controls or if the chain needs to be controlled by a single source.

Dimming controls: Enables users to lower light levels to help reduce glare caused by ambient light. Dimmable lights can also reduce the amount of energy consumed from the peak rating when used at less than 100% output. Dimming can be continuous or involve step controls.

Occupancy sensors: Detect the presence or absence of a user and turn the light on or off accordingly. Be sure to note the range and field of view when selecting models with this feature to ensure they are reaching the desired sensing field.

Note: All Workrite fixtures are ETL or UL/ cUL listed and meet the requirements of the U.S. electric and building codes. Local building codes may vary and permits may be required for certain applications. Check with your local building or electrical inspector, or consult us if you have any questions regarding a specific application.

Ciglio 2 LED Under-Cabinet Light

The Ciglio 2 series is available in three popular lengths with optional occupancy detection. Daisy chain any of the three models with two jumper cable lengths to create the perfect solution for virtually any design or power requirement. Daisy chained units can be controlled individually or in series for easy on/off and dimming of lights as needed. Ciglio 2 delivers more than 100 lumens per watt while consuming less power than traditional T12 florescent fixtures. Select the optional occupancy sensor to maximize energy savings. Ciglio 2 comes with a 5 year warranty on the fixture and can be relied upon to provide years of dependable, efficient lighting.

Specifications:

- Series or individual daisy chain control
- Expandable design: Link up to 80 inches of actual light fixture
- Adaptable: Two jumper cable length options: 12", 24"
- Energy saving occupancy sensor (optional)
 - Turns light off after 15 minutes of inactivity and instantly back on when activity is detected
- Quick mount installation kit
- Bright white light output—3100 K, 83 CRI
- Easy to operate touch sensitive switch
- Dimmable down to 2%
- UL certified, Energy Star
- 50,000+ hour life LEDs (L70 rating)
- 5 year warranty (fixture)
- Available in silver
- 65 W transformer:
 - 24 V, 2.7 A, Class 2 transformer: three pronged on 4' cord connects to 5.4" x 2.3" x 1.33" transformer
 - 5' 11" cord and barrel connector plug to fixture
 - Transformer rated for input ranging from 100 VAC to 240 VAC

DESKTOP TASK LIGHTING

Desktop task lights add more than just a design element to an office. Using proper illumination for tasks can prevent glare, eliminate shadows and help improve performance with work that involves great levels of detail and contrast.

What to look for when shopping for a *Desktop Task Light Fixture*:

Arm reach and joints: Ensure that the fixture can reach the desired task location without moving the base/mount. Fixture joints should set and hold their position without sagging or creeping back to a higher position.

Lamp head or luminaire: Should rotate to wash the task surface with light, whether in a vertical or horizontal orientation.

Dimming: Enables users to adjust light intensity and helps reduce glare caused by surrounding ambient light. Dimmable lights may also reduce the amount of energy consumed from the peak rating when used at less than 100% output. Dimming can be continuous or involve step controls.

Occupancy sensors: Detect the presence or absence of a user to turn the light on or off accordingly. Be sure to note the detection range and field of view when selecting models with this feature to ensure they are reaching the desired sensing field.

Stability: Ensure the light does not tip or lean when stretched to its maximum range of motion or “reach”.

Ergonomic desktop lighting tips:

- Position your desk lamp so that its light “washes” across your task area.
- Place the lamp on the opposite side from your writing hand to minimize shadows on the worksurface.
- Minimize any direct glare by angling the light shade away from users eyes.

Note: All Workrite fixtures are ETL or UL/ cUL listed and meet the requirements of the U.S. electric and building codes. Local building codes may vary and permits may be required for certain applications. Check with your local building or electrical inspector, or consult us if you have any questions regarding a specific application.

Astra 3 Double Arm Desk Light

Big reach, big performance. The Astra 3 Double Arm was designed to provide outstanding reach in a small footprint. With nearly 3 feet of extension from the base and a 270° rotating head, the Astra 3 Double Arm puts illumination exactly where it is needed. Clustered, high-output, high CRI LEDs provide a crisp white light with no shadowing effect in a smaller footprint. The Astra 3 features programmable touch button controls, allowing the user to return to the same dimming level as last used, double touch to maximum brightness and programming for auto shut-off after 5 or 10 hours of use. Astra 3 also includes an energy saving Occupancy Sensor that turns on the Astra 3 with movement and turns off after 15 minutes of inactivity.

Specifications:

- 34.9" Reach from base/mount
- Multiple base options
- Bright white light output: 3100 K, 93 CRI
- Included occupancy sensor
- Continuous dimming from 100%–5%
- Touch button on/off & dimming controls
- UL Certified, Energy Star Compliant Luminaires V1.2
- 50,000+ hour life LED's (L70 rating)
- 5 year fixture warranty
- Available in silver
- 12 W transformer included:
 - 24 V, 0.5 A, Class 2 transformer: 3" × 1.125" × 1.75"
 - Two prong plug on 6' cord, connects to 3' cord attached to fixture

LINE OF SIGHT

Line of Sight Generation 3 Education, Training and Technology Work Centers

Our Line of Sight® 3.0 work centers feature a highly styled design and create a unique way to optimize valuable space and integrate technology products in multi-use environments. Line of Sight Electric features our ultra smooth and quiet actuator system that can be controlled at the work center or from the front of the room to raise and lower monitors and other peripheral devices. This innovative feature enables fully functional training spaces and computer labs to be converted to standard desks with a clean worksurface almost instantaneously.

Applications and Space Planning

There are several factors that need to be considered when planning a Line of Sight system:

- Room Layout/Space Requirements
- Technology to be integrated
- Key product features required

Room Layout/Space Requirements

Personal user space is a key consideration when planning any layout. The general guideline to allow each user to work comfortably is to provide a minimum of 30" of uninterrupted seated width and 36" of space between rows of work centers. These are the guidelines that will be used when making recommendations for layout of Line of Sight products and providing quotes. Please consult with your facilities management team or project architect for any specific codes, guidelines or requirements that may apply in your area.

Technology Integration

The technology products to be used are a key factor in determining which Line of Sight product(s) should be used for your specific application. It is extremely important to know what size monitors and CPUs will be used in the facility prior to planning the product and room layouts for the project.

Monitors will need to have either a 75 mm or 100 mm VESA mounting pattern to attach to the actuator. Monitor dimensions should be measured as actual height, width and depth (not diagonal screen dimensions) and will require 1" clearance on each side to safely lower or raise the monitor through the worksurface. Please see the monitor size guidelines with each model to ensure that you are selecting the right size worksurface for your technology items.

Traditional CPU towers can be large and require additional space when planning overall work center widths and floor plan layouts. Thin Client and Micro CPU units can be easily integrated inside of the Line of Sight unit and do not typically affect the overall size of the work center or floor plan layout.

All-in-One computers and iMacs can be used in Line of Sight units as long as sizes are within the limits of each specific Line of Sight model. With iMacs they must be VESA mount compatible. Older iMacs can be converted using an open market available VESA mount bracket. Newer iMacs must be purchased with VESA mount capability. Contact Apple directly for VESA mount availability and compatibility.

Technology Worksheet

Copy and use the form on the following page to determine the Line of Sight products required to support your technology tools.

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

STEP 1: CHOOSE WORK CENTER TYPE

Electric Store-Away Desk

Manual Store-Away Desk

Basic Computer Desk

Recessed Computer Desk

STEP 2: CHOOSE BASE CONFIGURATION

Single User/Single Monitor

Single User/Dual Monitor

Dual User/Single Monitor

STEP 3: CHOOSE NON-LOCKING OR LOCKING ACCESS PANELS

Front & Rear Panels

- Line of Sight Hide Away Monitor Units feature removable Front and Rear Access Panels
- Single User units feature single full width removable access panels and dual user units feature right and left removable access panels. Choose non-locking or locking option when security is required.

Front Panel

Rear Panels

Non-Locking Panel

Locking Panel

STEP 4: CHOOSE BASE COLOR

- All metal finishes are VOC free powder coating

Powder coat Paint Colors

White **W**

Silver **S**

Black **B**

Note: Due to printing limitations, colors are not guaranteed to be accurately reproduced.

LINE OF SIGHT CONFIGURATION

STEP 5: CONNECTING LOS3—SIDE TO SIDE GANGING & BACK TO BACK OPTIONS

Filler Panels & Filler Plates (see below for detail)

When side by side ganging is desired we recommend using our End to End Ganging Kit LOS3-STGANGBRKT-B to connect each station to hold rows together for clean alignment.

In addition to side by side ganging, when installing Line of Sight units back-to-back we offer optional Back-to-Back Filler Panels and Back-to-Back Filler Plates. The Back-to-Back Filler Panels close the gap between two back-to-back units with a smooth painted to match steel cover plate. Used in conjunction with our color matched Back-to-Back Filler Plate you can fully close and cover the spaces between the units.

Freestanding Back-to-Back

Freestanding Back-to-Back Row

Wall End Back-to-Back

STEP 6: CHOOSE WORKSURFACE

Laminate colors are found on page 8.

Single User/Single Monitor

Single User/Dual Monitor

Dual User/Single Monitor

STEP 7: CHOOSE GROMMET COVERS, POWER USB CHARGE GROMMETS, AND/OR ZENS WIRELESS CHARGERS

All tops include grommet locations for user convenience (2 grommets per single user unit and 3 per dual user unit). Choose your grommet cover color based on the laminate you've selected. Black is usually the color choice for wood grain laminates. You can also choose our Power USB Charge grommet (extra charge) if A/C power or USB charging is required at the user worksurface level to charge phones or power up other devices.

STEP 8: CHOOSE CPU HOLDER

CPU Holders are required when using CPU's other than all-in-one PC's.

STEP 9: CHOOSE POWER SYSTEM OPTIONS

Power systems enhance the utility and flexibility of the Line of Sight system.

Wall Plug Corded Power

Hard Wire Power

Products listed on this page are available through GSA Contract GS-03F-061DA SIN 33721 except where noted.

Electric, Single User/Single & Dual Monitor

The Line of Sight Electric, Single User work center is designed to accommodate a single individual with either one or two displays. The Dual Monitor work center can easily store two monitors with a maximum width of 22" and maximum height of 15.5" as well as all of the peripheral equipment required. To customize the product to meet your needs, simply choose the base and top required to support your technology and meet your space requirements. Single User/Single & Dual Monitor Electric models include: internal holder for keyboard and mouse, removable front and rear access covers, cable management troughs, two cable grommets in front panel, two cable grommets in the rear panel, and one cable grommet in each side panel.

Line of Sight 3 Base & Base Options

- 29" high worksurface
- Certified UL962 and UL1296
- Bright polished aluminum feet
- Ultra quiet actuator system (100–240 VAC, 50–60 Hz, 1.6 A max)
- VESA Quick Release monitor mount included
- Monitor lift collision detection
- Monitor lift capacity: 40 lb
- Dual monitor option for 42", 48", 54", and 60" wide sizes sold separately
- Battery back up system to close units in power outage
- Full side panels, removable front and back panels included
- Locking front & rear panel option
- Integrated cable management
- Color matched cable grommets in front, side, and rear locations
- Internal keyboard & mouse holder included
- 26" & 30" deep worksurface options
- Silver, black, & white base finish options
- Powder-coated steel construction
- Meets ADA fixed height requirements with 30" d worksurface

Station Configuration Options

- Remote control
- Ganging brackets
- Back to back panels & filler plates
- Worksurface
- Grommet covers
- Desktop power
- CPU holders
- Power distribution systems

Electric, ADA Single User/Single Monitor

Line of Sight Electric ADA Height Adjustable, Single User/Single Monitor Training & Technology work centers are designed to easily accommodate special seating needs in virtually any learning environment. The work center can neatly and efficiently hold a single monitor with equipment and delivers a sit-stand height range from 29" to 45". Two switches independently control the electric lift systems, enabling the user to adjust the height of the worksurface or raise and lower the monitor as needed. Be sure to consult local building codes to ensure that your floor plan incorporates adequate aisle space and the appropriate number of ADA work centers. The ADA Height Adjustable Single User/Single Monitor Electric models include: internal holder for keyboard and mouse, removable front and rear access panels, cable management troughs, two cable grommets in the front and rear panels and one grommet in both the right and left side panels.

Line of Sight 3 Base & Base Options

- Electric height adjustable
- 29" to 45" ADA and sit-stand height range
- Ultra quiet actuator system
- 110 VAC, 60 Hz, 11.6 A max
- Monitor lift collision detection
- Monitor lift capacity: 40 lb
- VESA Quick Release monitor mount included
- Battery back up system to close units on power outage
- Full side panels and removable front and rear panels included
- Locking front and rear panel option
- Integrated cable management
- Color matched cable grommets in front, side, and rear locations
- Internal keyboard & mouse holder included
- 30" deep worksurface only
- Silver, black, & white base finish options
- Powder-coated steel construction
- Meets ADA adjustable height and limited sit-stand requirements
- Ships fully assembled

Station Configuration Options

- Remote control
- Worksurface
- Grommet covers
- Desktop power
- CPU holders

Electric, Lectern

The Line of Sight Single User/Single or Dual Monitor Electric Lectern is a 42", standing-height work center designed to accommodate a single monitor and equipment for the instructor. The 48" model can also accommodate dual monitors with the addition of our optional dual monitor mounting bracket. The electric lift system effortlessly raises and lowers the monitor with the push of a button so equipment can be easily secured when not in use. The Single User/Single or Dual Monitor Electric Lectern includes: internal holder for keyboard and mouse, removable front and rear access panels, cable management trough, two cable grommets in front and rear panels, and one cable grommet on each side panel.

Line of Sight 3 Base & Base Options

- 42" high worksurface
- Certified UL962 and UL1296
- Bright polished aluminum feet
- Ultra quiet actuator system (100–240 VAC, 50–60 Hz, 1.6 A max)
- Monitor lift collision detection
- Monitor lift capacity: 40 lb
- VESA Quick Release monitor mount included
- Dual monitor option sold separately
- Battery back up system to close units on power outage
- Full side panels, removable front and back panels included
- Locking front & rear panel option
- Integrated cable management
- Color matched cable grommets in front, side, and rear locations
- Internal keyboard & mouse holder included
- 26" & 30" deep worksurface options
- Silver, black, & white base finish options
- Powder-coated steel construction
- Certified UL1286 and CAN/CSA C22.2#203

Station Configuration Options

- Remote control
- Ganging brackets
- Back to back panels & filler plates
- Worksurface
- Grommet covers
- Desktop power
- CPU holders
- Power distribution systems

Electric, Dual User/Single Monitor

The Line of Sight Electric, Dual User/Single Monitor work center is our most popular Training & Technology work center. It can easily accommodate two individual displays and all of the peripheral equipment required for two students in virtually any learning environment. To customize the product to meet your needs, simply choose the base and top required to support your technology and meet your space requirements. Dual User/Single Monitor Electric models include: internal holder for keyboard and mouse, removable front and rear access panels, cable management troughs, three cable grommets in front panel, two cable grommets in the rear panel, and one cable grommet in each side panel.

Line of Sight 3 Base & Base Options

- 29" high worksurface
- Certified UL962 and UL1296
- Bright polished aluminum feet
- Ultra quiet actuator system (100–240 VAC, 50–60 Hz, 1.6 A max)
- Monitor lift collision detection
- Monitor lift capacity 40 lb
- VESA Quick Release monitor mount included
- Battery back up system to close units on power outage
- Full side panels, removable front and back panels included
- Locking front & rear panel option
- Integrated cable management
- Color matched cable grommets in front, side, and rear locations
- Internal keyboard & mouse holder included
- 26" & 30" deep worksurface options
- Silver, black, & white base finish options
- Powder-coated steel construction
- Meets ADA fixed height requirements with 30"d worksurface

Manual, Single User/Single Monitor

Line of Sight Manual Single User/Single Monitor work centers feature a counter balance monitor lift system that enables the user to raise and lower the monitor with minimal manual exertion. Manual Single User/Single Monitor models include: internal holder for keyboard and mouse, removable front and rear access panels, cable management troughs, two cable grommets in the front and rear panels and one cable grommet in each side panel.

Line of Sight 3 Base & Base Options

- 29" high worksurface
- Bright polished aluminum feet
- Counter balance manual monitor lift
- Monitor lift capacity: 14 lb
- Full side panels, removable front and back panels included
- Locking front & rear panel option
- Integrated cable management
- Color matched cable grommets in front, side, and rear locations
- Internal keyboard & mouse holder included
- 26" & 30" deep worksurface options
- Silver, black, & white base finish options
- Powder-coated steel construction
- Meets ADA fixed height requirements with 30"d worksurface

Station Configuration Options

- Ganging brackets
- Back to back panels & filler plates
- Worksurface
- Grommet covers
- Desktop power
- CPU holders
- Power distribution systems

Hard Wire Power

Power Track

4 Outlet

- ETL/CSA Certified
- Available in 4 or 8 outlets per Power Track (8 outlets recommended for dual display units)
- Available in 1, 2, or 4 circuit options
- US Specs: up to 16 receptacles per circuits 1, 2, 3, and 4 respectively; daisy chain 16 A max load per circuit
- Canadian Specs: up to 12 receptacles per circuits 1, 2, 3, and 4 respectively; daisy chain 12 A max load per circuit
- 4 circuit option meets industry standard 8 wire requirements
- Integrated flex conduit and snap connectors allow easy assembly and daisy chain configuration
- Requires 1 dedicated 120 V, 60 Hz, 20 A power source per circuit
- Includes mounting & installation hardware

Power Entry Cable

- 8 wire flex conduit Power Entry Cable
- Connect up to 4 dedicated 120 V, 20 A circuits and 80 individual 120 V receptacles
- Hard-wire connection via J-Box or power pole to building power source
- Snap locks into Power Track for easy connection
- Use one entry per run based on circuits chosen and maximum connection recommendations

LINE OF SIGHT

BASIC & RECESSED

Products listed on this page are available through GSA Contract GS-28F-0030S SIN 33721.

Basic Desk

The Line of Sight Basic work center features a flat worksurface that provides a solid support structure for technology equipment. For slightly more adjustability, consider the Line of Sight Recessed work center which allows the student to adjust equipment from 5–8" below the worksurface in 1" increments, providing the student with a clear line of sight to the instructor. Both products are perfect for environments where security is not an issue and multi-use training spaces are not required. Basic and Recessed Line of Sight models include one cable grommet in each side panel and a cable management trough in rear panel.

Line of Sight 3 Base & Base Options

- Manual Single & Dual User / Single Display**
- 29" high worksurface
 - Rear modesty panel included
 - Integrated cable management
 - Color matched side cable grommets
 - 26" & 30" deep worksurface options
 - Silver, black, & white base finish options
 - Powder-coated steel construction
 - Meets ADA fixed height requirements with 26" & 30"d worksurface

Station Configuration Options

- Side panels
- Worksurface
- Grommet covers
- Desktop power
- CPU holders
- Power distribution systems-

Worksurfaces

Basic Rectangle Worksurface

- Worksurfaces feature Wilsonart High Pressure Laminates—see page 5 for color options
- Durable 3 mm edgeband edge finish
- Recessed desk worksurfaces include the adjustable monitor shelf
- Pre-drilled for all mounting and option locations
- Balanced panel construction using high pressure laminate and phenolic backer sheets
- Right and left grommet locations included on 36" & 48" widths
- Right, center and left grommet locations included on 60" & 72" widths
- Order grommet covers in three colors—**sold separately**
- Custom laminate colors available—contact your Line of Sight sales representative for quotation

GOVERNMENT OF CANADA SUPPLY ARRANGEMENT FURNITURE FOR WORK SPACES

A Supply Arrangement is a method of contracting used by Public Services and Procurement Canada (PSPC) to procure goods and services. Supply Arrangements include a set of predetermined conditions that will apply to bid solicitations and resulting contracts. They allow client departments (any government department, agency, or Crown corporation listed in Schedule I, Schedule II, Schedule III of the Financial Administration Act) to solicit bids from a pool of prequalified suppliers for specific requirements. Supply Arrangements save time and money by prequalifying suppliers and establishing the basic terms and conditions that will apply to a specified range of goods and/or services. They also give client departments the flexibility to either solicit bids competitively or negotiate for their specific requirements to obtain the best possible value.

Workrite Ergonomics Canada is one of a select group of prequalified suppliers for Furniture for Work Spaces.

Workrite Ergonomics Canada Supply Arrangement number: **E60PQ-140003/055/PQ**

- Standard laminated worksurfaces and edge band colors, control switches, and all replacement parts, Privacy/Modesty Panels, and Tool Bars: 10 business days for quantity of 10 or less. Lead times for other colors and quantities based on inventory availability.
- Special order Worksurface shapes, sizes and laminates: 20 business days from receipt of order for quantity of 10 worksurfaces or less. All other special order laminates are subject to availability. Minimum order quantities and extended lead times may apply.
- Special order frame or base colors: Minimum order quantity of 72 legs/36 2-leg frames or bases required per order. Minimum 16 week lead time from date order is received with complete and accurate information.

Line of Sight

- Not Assembled: 4–6 weeks from receipt of "clean" order including LOS check list for all products featured in the catalog. Custom/special order products, including any change of size, shape or features to catalog products are subject to minimum order quantities and extended lead times.
- Assembled (Less than 100 units): 5–7 weeks from receipt of "clean" order including LOS check list for all products featured in the catalog. Custom/special order products, including any change of size, shape or features to catalog products are subject to minimum order quantities and extended lead times.

Assembled (100+ units shipping at the same time): 6–8 weeks from receipt of "clean" order including LOS check list for all products featured in the catalog. Custom/special order products, including any change of size, shape or features to catalog products are subject to minimum order quantities and extended lead times.

FREIGHT TERMS

Shipments within the Continental US and Canada

Shipments from Workrite unless otherwise noted may originate from our Toronto, Canada or Petaluma California facilities. Shipment within the contiguous USA will be F.O.B. Buffalo, NY or F.O.B. Petaluma, CA. Shipments to or with Canada will be F.O.B. Toronto, Ontario, Canada or F.O.B. Petaluma CA. Shipment to Canada from our Petaluma California facility will be Carrier Paid to Destination and subject to GST.

Standard Shipping rates are based on shipping to a "Commercial Address", via ground, "Dock to Dock". In the event a shipment is requested to ship to a "residential address" or has "Special Shipping Instructions or Arrangements" additional shipping surcharges shall apply.

Shipping Charges Based on Total List Price

Shipping charges by zone and product shall apply based on total list price value of customer order shipping to a single address/ single destination.

Residential Shipment Charge

Orders are requested to ship to residential address will incur a "Residential Shipment Surcharge" of \$25 per item shipped will be applied. The "Residential Shipment Surcharge" is cumulative and will be added to the combined total of standard freight charges including "Zone" shipping charges and "Special Order Shipping Charge" when applicable based on "Total Order List Price".

Special Shipping Instructions & Arrangements

All costs of "Special Shipping Instructions or Arrangements" are not included in the standard shipping charges and terms and conditions. In addition, Workrite cannot guarantee the services requested are available at the shipment destination. Requirements such as "Expedited Delivery" "Lift Gate Required", "Inside Delivery", "Specific Delivery Date and or Time", "Delivery Date Guarantee", "Call in Advance" when requested and available, will be charged to the customer order. "Special Shipping Instructions and Arrangements must be made in advance of order shipment upon submission of purchase order. Actual charges for these special services will be applied as "Pre-Paid and Added" at the actual cost to customer order invoice. All "Special Shipping Arrangements" may be quoted prior to customer order placement on request.

Shipments Outside the Continental US and Northern Canada

Shipments outside of the continental US and Canada such as Hawaii, Alaska, Puerto Rico, North West Territories, Nunavut, Yukon, Mexico, and foreign countries outside of North America will be shipped as "Prepaid and Add" actual shipping cost to the commercial order invoice. Any and all special handling fees, tariffs, taxes, or duties as a result of such shipment are the sole responsibility of the customer. All orders in this category must be pre-arranged and quoted prior to order. A freight quote may be requested prior to order placement by contacting customer service.

TERMS + CONDITIONS

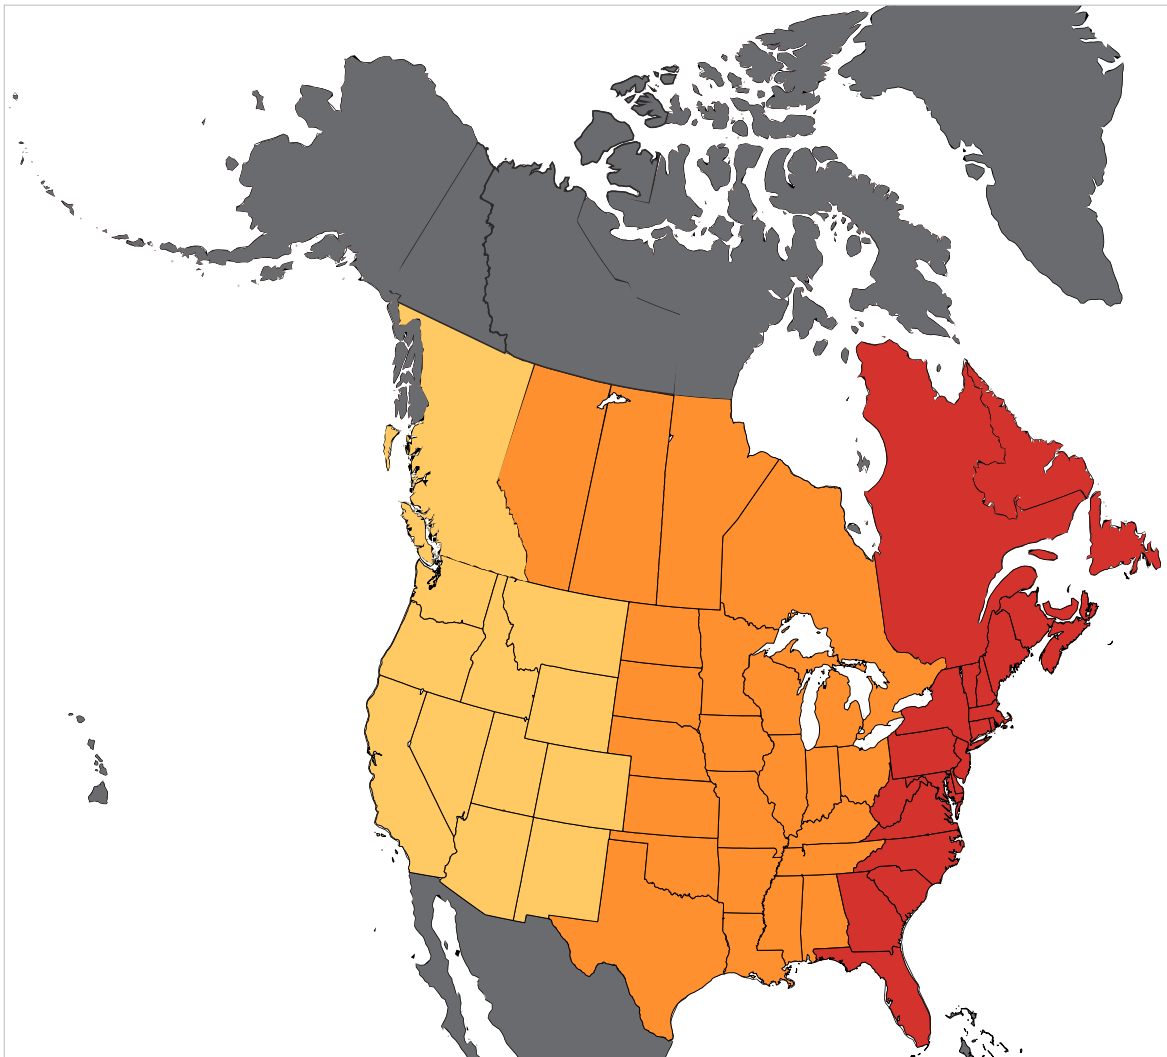

The following "Zone" shipping rates will apply for shipments in the Continental US and Canada:

All Sit-Stand Bases, Tops, Flip Top Tables and Tops, Keyboard Arms and Platforms, Monitor Arms, & Accessories

OVER \$30,001 US	\$950	\$800	\$750
OVER \$39,001 CAD	\$1,300	\$1,235	\$1,040

Zone 1 **US:** California, Oregon, Nevada, Washington, Idaho, Utah, Arizona, Montana, Wyoming, Colorado, New Mexico
Canada: British Columbia

Zone 2 **US:** North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Minnesota, Iowa, Missouri, Arkansas, Louisiana, Wisconsin, Illinois, Michigan, Ohio, Indiana, Kentucky, Tennessee, Mississippi, Alabama
Canada: Alberta, Saskatchewan, Manitoba, Ontario

Zone 3 **US:** Maine, New Hampshire, Vermont, New York, Massachusetts, Rhode Island, Connecticut, Pennsylvania, New Jersey, Washington DC, West Virginia, Maryland, Delaware, Virginia, North Carolina, Georgia, South Carolina, Florida
Canada: Quebec, New Brunswick, Newfoundland, Labrador, Nova Scotia, Prince Edward Island

Effective May 3, 2022, Workrite will be imposing a 1.7% of list price fuel surcharge (petroleum-related inflationary cost increase) on all new orders. All orders currently in-house are excluded from this surcharge.

Will-Call Pick Up Service

For the convenience of local customers, we offer will-call local order pick up at either our Petaluma California or Toronto, Ontario, Canada facilities. Not all products are available for will-call based on source of supply and manufacturing. Please confirm with customer service product availability of your order and specific products for will-call local pick up. When will-call is specified freight charges will be waived accordingly. With the exception of holidays, our shipping docks are open for will-call pick up as follows:

Petaluma, California: Monday through Friday 7:00 a.m.– 3:00 p.m.

Toronto, Ontario, Canada: Monday through Friday 8:30 a.m.–4:00 p.m.

Will-call must be specified at time of order placement. Will call cannot be used for 3rd party carrier pick up. Will call orders will be held for 5 days beyond the confirmed, scheduled pick up date, after which time they will be returned to stock and restocking fees will be applied and billed to the customer.

3rd Party Freight & Carrier of Choice

If a customer specifies a “Carrier of Choice” the freight terms must be converted to “3rd Party Freight and Billing”. Use of 3rd Party Freight is at the buying customer’s expense. Customers will be responsible for all payments of “3rd Party Freight” services including special fees etc. directly to the freight carriers contracted to ship the order.

Workrite will make all arrangements to ship 3rd Party on behalf of the customer, in order to do so, Workrite will require the following:

- Carriers Name, Contact information & Phone Number, and Account Number
- 3rd Party billing information and detail including address, contract name, and phone number
- Destination Address, Contact Name, and Phone Number
- Method of shipment/special shipping instructions
 - Ground, Overnight, Lift Gate, Guaranteed Delivery, etc.

Re-Delivery & Re-Consignment

If a scheduled delivery must be re-delivered or re-consigned due to a missed appointment or change after the order has left Workrite’s factory/dock, the customer will be charged for any and all fees as a result.

Shipment Damage Claims

All shipments must be carefully inspected by customer before acceptance, and the customer must record any damage or shortage noted at time of delivery, and provide this information to Workrite immediately along with photos of any damage. Workrite will arrange inspection by the carrier. If customer believes it has uncovered further damage after delivery they must take photos of the damage and immediately request inspection by the delivering carrier. Damaged freight must be kept at point of delivery in original packaging for inspection by carrier for a minimum of 15 days. Customer is responsible for seeking appropriate recourse against the carrier, which shall be customer’s sole recourse for goods damaged in transit

Concealed Damage

Concealed damage and concealed shortage must be notified within 10 calendar days from delivery date at the specified location to identify concealed damage not visible at time of delivery. Customer must notify carrier and Workrite within such 10-day period, and must retain the original packaging and product. If requested by either carrier or Workrite, customer must ship product back at Workrite’s expense. If Workrite determines that damage was due to Workrite’s error, Workrite’s sole obligation is to replace product in timely fashion and ship to customer at Workrite’s expense. If Workrite determines carrier is at fault, customer must seek recourse against carrier, which shall be customer’s sole recourse. Customer waives right to place claim against Workrite if filed after 10 calendar days of receipt of shipment.

Shortage Claims

Customer has 15 calendar days after delivery and receipt of order at the specified location to file a claim against Workrite for product shortages or Workrite errors not obvious at the time of delivery. If Workrite determines a shortage or error was made by Workrite, Workrite’s sole obligation is to fill the shortage or correct error and ship at Workrite’s expense. Customer waives right to place claim against Workrite if filed after 15 calendar days of receipt of shipment.

Pricing/Order Entry Errors

Claims for pricing or order entry errors must be made no later than 20 days from receipt of invoice.

RETURN AUTHORIZATION POLICY

Authorization is required for the return of any merchandise to Workrite and can only be requested by the dealer of record for the original order. The dealer of record is defined as the person or business that placed the original order with Workrite and from whom payment for the order was received by Workrite. Dealers must contact Workrite Customer Service at the number or e-mail listed below and provide the following information:

- Workrite branded products: (800) 959-9675 or customerservice@workriteergo.com
- Your name, company name, phone number, e-mail address, quantity and description of product to be returned, Workrite's invoice number (or your PO number) and reason for returning the product.

A Customer Service Representative will take your request, furnish you with an RMA number, and provide instructions for the return of the product. A credit memo will be issued upon inspection and approval of the returned product. Upon receipt and inspection, Workrite will determine credit amount and notify you of any discrepancies. Please DO NOT make any financial adjustments to your account prior to Workrite issuing a credit memo for returned goods. We will credit or refund the value of the product total and any taxes you were charged, less applicable fees (excluding delivery charges). Refunds will be given in the same form of payment. Adjustments to credit cards should appear within two billing cycles. Please allow a minimum of 30 days for us to receive and process your return. Requests for return authorization must be made within sixty (60) days of the invoice date.

Authorized returns are subject to a 20% restocking fee.

Returns are not allowed on any custom products or made to order products including the Tranquility Panel program, the 945 series Modesty Panels, or our laminated worksurface and modesty panel programs.

Once an RMA number is issued, returned product must be received at the designated Workrite facility within 30 days. Credit can only be given if the product is in new, re-saleable condition. Custom products and special configurations are non-returnable.

Unauthorized product returned on the RMA number will not be credited.

Claims for product damaged on the return shipment are the responsibility of the shipper. The customer is required to pay the return freight costs.

REPLACEMENT ORDERS

Any replacement orders will be charged to your account and a credit memo will be issued for returned products that have been approved.

ORDER CANCELLATION POLICY

Purchase orders may not be changed or canceled, in whole or part, without prior written consent of Workrite Ergonomics. If an order is canceled before production begins, Workrite will halt processing of the order at no charge. If the order is already in production, cancellation is subject to a cancellation fee of 10% of the net invoice or for reasonable cancellation charges as established by Workrite. Special Products (customs) cannot be canceled once in production and are non-refundable.

PAYMENT TERMS

Terms of payment will be established based on the credit rating and credit information provided by and for specific customers. Orders are invoiced at time of shipment. Standard payment terms are net 30 days. A 10% deposit may be required for orders totaling \$100,000 or more.

CREDIT CARD PAYMENTS

A 3% convenience fee may be added to all orders paid for by credit card.

MINIMUM ADVERTISED PRICE (MAP)

Workrite's MAP policy is designed to protect our authorized dealer partners and prohibits authorized dealers from advertising prices below 50% off of our current catalog list price. Any dealer whose advertising includes pricing that fails to display a price equal to or greater than the MAP price, or contains a price lower than the MAP, will have 2 business days from receipt of written notice of violation to bring their advertising into compliance. Failure to comply within the allotted time could result in an interruption of shipments for a period of up to 30 days. A second violation may result in a 60 day suspension and repeat violations will result in termination of the reseller agreement for a period of 1 year. To download a copy of our complete MAP, please visit our website workriteergo.com.

WARRANTY

Workrite warrants to the original purchaser that the products it manufactures are free from defects in design, material and workmanship for the length of time listed below for each product in its original installation. With prompt written notice, Workrite will repair or replace (at our discretion), free of charge, any product, part or component which fails under normal use as a result of such defect.

Limited Lifetime Warranty:

- All Accessories Not Previously Listed

1 Year Warranty:

- Mousing Surfaces
- Lighting Transformers and Fluorescent Ballasts

Requests for replacements under the terms of the applicable warranty **must be initiated by the original purchaser**. Original purchaser is defined as the person or business from whom payment for the product was received by Workrite. Workrite's obligation under this warranty is limited to first repair, or second replace any product or part that it determines to be defective **after inspection by its authorized representative, following receipt of written notice of the defect from purchaser within the warranty period**.

Workrite Ergonomics will offer products that are appropriate for use as intended until such application for the product is no longer appropriate for the marketplace. While the products may evolve through changes to fit, form or function due to technological and other advances, Workrite Ergonomics will supply products that

provide similar use and equivalent functionality as an alternative to the original product.

This warranty shall apply to **the original purchaser only, and original installation only**, is non-transferable, and is not applicable outside the United States, Canada, Puerto Rico and Mexico. This warranty is based on normal installation in a commercial office environment and use of the product during any and all shifts.

This warranty does not apply to:

- Labor charges
- Damage in shipment caused by a carrier
- Defects caused by improper installation
- Products subject to improper use and conditions
- Customer modifications to the product
- Normal wear and tear
- COM or third party materials applied to the products
- Fluorescent lamp tubes
- Any product that has been modified, altered, tampered with, or repaired by any person other than an authorized representative of Workrite.
- Damage incurred in the installation, repair, or replacement of any products are excluded

THE WARRANTY SET FORTH ABOVE IS IN LIEU OF ANY AND ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION

THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE.

IN NO EVENT SHALL WORKRITE BE RESPONSIBLE FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, HOWEVER CAUSED.

Company

- A. Workrite Ergonomics is an internationally recognized leader in the design, manufacture, and distribution of innovative ergonomic products for the workplace. Since 1991, Workrite has set the standard for ergonomic office products, including adjustable height work centers, keyboard platform systems and flat panel monitor support systems. Workrite's designers and engineers incorporate modern design techniques, the latest technologies, and the highest quality specifications in the industry. Workrite products can be easily adapted to meet the needs of virtually anyone making them the smart investment for today's businesses, universities, and colleges. Our products are designed to provide a more comfortable work and educational experience and every Workrite product is designed with the direct input of the ergonomics community, ensuring they not only perform complex functions to enhance user comfort and productivity, but are also intuitively simple to use.

As the industry has grown, so has Workrite. From supplying keyboard platforms, when the company was founded, to currently providing a full line of ergonomic desk products, which includes height adjustable desks, desktop height adjustable options, monitor mounts, adjustable keyboard platforms, task lighting, ergonomic accessories, and classroom/training desks, Workrite is able to fit every person's ergonomics needs.

Workrite currently had a GSA contract, a Canadian Federal Supply Agreement, various State contracts, including CMAS, and contracts with three University systems, including the University of California.

D&B RISK ASSESSMENT

OVERALL BUSINESS RISK

MAXIMUM CREDIT RECOMMENDATION

US\$ 315,000

The recommended limit is based on a moderately low probability of severe delinquency.

Dun & Bradstreet thinks...

- Overall assessment of this organization over the next 12 months: **STABILITY CONCERNS**
- Based on the predicted risk of business discontinuation: **MODERATELY-HIGHER-THAN-AVERAGE-RISK-OF-FINANCIAL-STRESS**
- Based on the predicted risk of severely delinquent payments: **LOW POTENTIAL FOR SEVERELY DELINQUENT PAYMENTS**

D&B VIABILITY RATING SUMMARY

The D&B Viability Rating uses D&B's proprietary analytics to compare the most predictive business risk indicators and deliver a highly reliable assessment of the probability that a company will go out of business, become dormant/inactive, or file for bankruptcy/insolvency within the next 12 months. The D&B Viability Rating is made up of 4 components:

Viability Score

Compared to All US Businesses within the D&B Database:

- Level of Risk: **Low Risk**
- Businesses ranked **4** have a probability of becoming no longer viable: **5 %**
- Percentage of businesses ranked **4**: **14 %**
- Across all US businesses, the average probability of becoming no longer viable: **14 %**

Portfolio Comparison

Compared to All US Businesses within the same MODEL SEGMENT:

- Model Segment : **Established Trade Payments**
- Level of Risk: **Moderate Risk**
- Businesses ranked **5** within this model segment have a probability of becoming no longer viable: **5 %**
- Percentage of businesses ranked **5** with this model segment: **11 %**
- Within this model segment, the average probability of becoming no longer viable: **5 %**

Data Depth Indicator

Data Depth Indicator:

- ✓ Rich Firmographics
- ✓ Extensive Commercial Trading Activity
- ✓ Basic Financial Attributes

Greater data depth can increase the precision of the D&B Viability Rating assessment.

To help improve the current data depth of this company, you can ask D&B to make a personalized request to this company on your behalf to obtain its latest financial information. To make the request, click the link below. Note, the company must be saved to a folder before the request can be made.

Total in D&B's file	28	US\$ 555,350

Accounts are sometimes placed for collection even though the existence or amount of the debt is disputed. Payment experiences reflect how bills are met in relation to the terms granted. In some instances payment beyond terms can be the result of disputes over merchandise, skipped invoices etc. Each experience shown represents a separate account reported by a supplier. Updated trade experiences replace those previously reported.

E. Workrite is proud to share we are BIFMA e3 Level 1 certified. This certification, which looks at not only Workrite, but Workrite’s suppliers, is one of the highest “green” certifications a company can receive. It includes our products (or parts/materials in the case of our suppliers), our processes, our buildings, our energy output, and our internal processes. This rigorous process took us over a year to complete and is reviewed each year by an independent party in order for Workrite to continue with its certification. Workrite uses the highest amount of recycled product in its manufacturing process without compromising our high-quality standards. We have refined our packaging to use a little as possible and have reduced the amount of non-recyclable packaging to almost 0%. The only packaging that is not recyclable is for the safety of the product during shipping. Waste from our wood and metal shops are sold or recycled to prevent landfill waste. Along with being good stewards in our manufacturing process, Workrite recycles in our office areas and breakrooms to ensure we have a holistic recycling program.

Products are identified as Green Guard Gold in our Pricing and Specification guide and on our website. LEED information is provided on our website. When requested, our green product information can be provided directly for specific products.

F. Workrite actively seeks partnerships with small businesses, veteran owned businesses, an economically, disadvantaged businesses. We ask our partners to self-certify their business status on an annual basis, so that we are able to track our small business partnerships and monitor where we can make improvements. This program extends not only to our Dealer Partners, but to their installers, and our direct installers.

By purchasing through our Dealer Partners with diversity businesses and backgrounds, Participating Agencies may be able to take advantage of working and purchasing through small businesses, veteran owned businesses, an economically, disadvantaged businesses.

If yes, list certifying agency: _____

- H. Workrite has at least three Veteran, Woman, Minority, Disabled owned and operated and HUB business that we work with in each region. Many of our Dealer Partners are SBAs as defined by the Small Business Administration. These are requirements in every federal, state, and university contract that we participate in. And, in many instances, like our GSA contract for example, we are required to track and report on our utilization of these types of businesses. These businesses are our Dealer Partners and their installers or our direct Installers. Dealer Partner's minority certifications can be provided to the customer if requested.
- I. Workrite differentiates itself from its competitors through its innovative products – Line of Sight and our new Sentinel Line, our ability to be flexible when meeting our customer's needs and having an industry leading ship time.

Our Line of Sight classroom/training desks allows colleges and universities to utilizing classrooms during the entire day and provide computer instruction at each desk in a classroom. The monitors raise out of the desk and are height adjustable, so students can work ergonomically, and lower into the desk to be stored for non-compute classroom use. Line of Sight can be controlled individually and by a remote, allowing the instructor full control of the classroom.

Workrite's new Sentinel Line uses quiet, state of the art brushless motors to raise and lower the height adjustable legs. Sentinel is expandable, allowing an office to be reconfigured without having to purchase completely new desk systems. The Sentinel Line is complemented by fixed and pin height bases, for a cohesive look.

Workrite's size allows it to be flexible as a company. We are able to provide custom solutions for customer's unique needs. From custom tops, unique office layouts, quick response time, and the ability to provide products with a 3 week ship time, Workrite is a best in class solution that stands out from its competitors.

- J. Workrite has not had a bankruptcy, reorganization, or State investigation of itself or its current officers or directors. As a result of an anonymous complaint in 2016, the US Government initiated an investigation into Workrite's GSA contract. The matter has been resolved. Workrite did not acknowledge any wrongdoing and no specific finding of wrongdoing was made.
- K. Felony Conviction Notice: Workrite is not owned or operated by anyone who has been convicted of a felony.
- L. Workrite has not been debarred or had suspension actions taken against it.

Distribution, Logistics

- A. Workrite offers height adjustable (electric and non-electric options), fixed, and pin adjustable desk bases, worksurfaces, monitor arms, keyboard trays, ergonomic accessories, cable management, power beams, desktop converters for fixed height desks, privacy screens, above and below desk power options, and storage and organization products. Workrite's Line of Sight brand offers single and dual desks with single and dual monitor options. Line of Sight meets ADA fixed height requirements. Line of Sights height adjustable version can be used for powered wheelchairs or double as a lectern.

Workrite offers quotation, drawing, rendering, and layout services through our Design Department. Our Customer Service Team provides help with questions on products and orders and fields questions for our Field Service Team, which is able to help customers with products issues directly over the phone.

Workrite's Dealer Partners are able to offer customers design, specification, quotations, placing orders, installation services, and warranty services.

- B. Workrite currently distributes products throughout the entire US, it's Territories, and Outlying areas. We are supported by our network of Dealer Partners which cover all 50 States and by a few select Dealer Partners that work worldwide. Workrite intends to be able to cover all areas under a resulting Master Agreement.
- C. Customers can verify they are receiving contract pricing by seeing the note on their quote referencing the resulting Master Agreement number. Quotes by Workrite Representatives and Dealer Partners shall reference the use of a resulting Agreement, the Master Agreement number, and the discount provided in the quote. Should customers have any questions, they may contact the contract manager, Donna Bobalek at 571-565-5077 or dbobalek@workriteergo.com.

Workrite only provides direct ordering. We do not offer our products in retail or in-store locations or through distributors.

- D. Workrite is direct to market and does not use other companies in processing, handling, or shipping to the customer.
- E. Workrite has two distribution locations – Petaluma, CA and Toronto, ON. Both are mid-size locations. Workrite ships from the location that will give the customer the best ship time. Workrite does not utilize a retail network.

Marketing and Sales

- A. Workrite commits to a quick implementation of a resulting contract. Within 5 days of contract award, the Contract Manager will introduce the new contract to the Workrite Marketing Team and review how relevant material can be created and shared with our Representatives and Dealer Partners. Within 10 days of contract award, the Contract Manager will introduce the contract to the Representatives. Contract discounts and information will be reviewed and documents with contract information will be shared. Within 3 weeks of contract award, Workrite's Marketing Team will prepare informational flyers introducing the contract to Dealer Partners and customers; providing contract information, local contact information, and contract manager information to ensure customers have the necessary information to contact the local representatives. Within 4 weeks of contract award, the Workrite Marketing Team will send out an email blast and publicize in trade publications introducing Workrite as a new contract holder. Within 5 weeks of contract award, Workrite, with the assistance of our Dealers Partners, will reach out to potential customers in each region to introduce themselves, request a meeting to introduce the new contract, Workrite products and the services Workrite can offer, and offer demonstration products.

Workrite will offer a 90-day promotion of an additional 5% off catalog list price to market the introduction of a new contract.

Executive leadership has endorsed the go-to-market strategy and agrees to sponsor the award roll out within the first 10 days.

- B. Workrite will utilize the same plan to market to Participating Public Agencies, existing Public Agency customers of Workrite, as well as Prospective Agencies nationwide. Workrite will utilize its Representatives and its Dealer Partners, co-branded press releases to trade publication and an announcement on our website. Workrite commits to attending and participating with OMNIA Partners at national and regional tradeshows, conferences and meetings throughout the term of the Master Agreement, along with attending, exhibiting, participating, and marketing at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner suppliers. Workrite has already begun marketing to NIGP members and attending NIGP conferences and regional meetings as a way of introducing itself into this market.

Workrite commits to advertising in national and regional trade publications, as well as, marketing and promoting the Master Agreement through case studies, collateral pieces, presentation, promotions and ergonomic trainings throughout the term of the Master agreement.

Workrite agrees to host a web-based home page on Workrite's website to include the OMNIA Partner's standard logo, copy of the original request for Proposal, copy of the Master Agreement and amendments between the Principal Procurement Agency and Workrite, summary of the products and pricing awarded under the Master Agreement, marketing materials, and electronic link to OMNIA's website, including the online registration page, and dedicated toll-free number and email address for OMNIA Partners.

- C. Workrite will offer existing Public Agency customers the ability to transition to the Master Agreement. Currently Workrite holds cooperative contracts with TIPS, PEPPM, and MHEC. Workrite will notify all current Public Agencies of a Master Agreement with OMNIA and will allow an Agency to move over to the Master Agreement as requested. The OMNIA Partners Master Agreement will be positioned as Workrite's go to for Public Agencies, as we see this as the most advantageous strategy for our customers.
- D. Workrite agrees to provide its logos to OMNIA Partners and agrees to provide permission for such logo in marketing communications and promotions. Workrite acknowledges that it will need permission to utilize OMNIA Partners logo.
- E. Workrite confirms it will be proactive in direct sales of its goods and services to Public Agencies nationwide and follow up on leads established by OMNIA Partners in a timely manner. Workrite Agrees all sales materials will include the OMNIA Partners logo and Workrite will communicate that the Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency, it offers the best government pricing, that there is no cost to participate and that it is non-exclusive.
- F. Workrite will train its national sales force on the Master Agreement, including key features of the Master Agreement, knowledge of the solicitation process, the range of Public Agencies that can utilize the Master Agreement, and the knowledge of benefits of the use of cooperative contracts. Workrite will also reach out to its Dealer Partners and offer training to their entire staff on how to position OMNIA Partners as the go to cooperative for its Public Agencies.

MMcIntosh@workriteergo.ca
- H. Workrite's sales team is divided between direct Representatives and Independent Representative Groups (IRG). Both sales teams are under the direction of Courtney Engberg-Hulse, 469-544-4432, CEngberg-Hulse@workriteergo.com. Our Representative sales team are

Workrite employees and our IRGs are independent businesses that represent Workrite in their targeted areas. The territories are established by Workrite and do not overlap.

- I. Workrite's sales teams, both direct and IRGs, will work with the OMNIA Partners team through in-person and virtual joint sales calls. They will follow up on leads provided by the OMNIA Partners team and will share any information about those leads back to the OMNIA team. Workrite's sales team members, along with the Workrite Contract Manager, when possible, will attend tradeshow and meetings in their area promoted by OMNIA Partners to directly promote the Master Award. The National Sales Manager and Contract Manger are an integral part of the sales team and will work directly with the OMNIA Partners sales to implement and continue growth of the Master Agreement. Having a hands-on approach with the Master Agreement, will allow them to lead the sales team to fully utilize the Master Agreement throughout the entire region and focus on regions where the most impact may be made.

Workrite's marketing team has committed to update existing and create new marketing content to support the Master Agreement. Marketing works directly with sales in order to make sure our sales team has the support needed to promote and market Workrite's products. Workrite will continue this practice in support to of a Master Agreement, including the OMNIA Partners' logo and Master Agreement information on our literature and marketing materials. Currently new customers are set up within 24 to 48 hours, Workrite will continue to maintain this set up rate for new Participating Public Agencies. Contract Administration will be conducted by the Contract Manager. Having the person most knowledgeable administer the contract will ensure the information provided is timely and accurate.

- J. Workrite's Public Agency sales for the previous fiscal year were approximately \$3,500,000, including \$966,000 in GSA sales.

Workrite's top 10 Public Agency Customer were

- GSA - \$966,000
- Santa Clara County, CA - \$533,160
- LA County, CA - \$428,000
- TIPS - \$314,100
- PEPPM - \$220,230
- University of California - \$194,600
- CMAS - \$172,490
- State of Florida - \$124,700
- State of Georgia - \$108,970
- State of North Carolina - \$106,270

The key contact for each contract would be Donna Bobalek.

- K. Orders received by Workrite, either through email or fax, are directed straight to the Order Entry team. Orders are placed in our system utilizing a tagging system so the any order that is placed under a contract can be attributed to that contract for tracking and reporting purposes. The Contract Manager reviews the previous day's contract orders each day to ensure orders have been tagged correctly. Orders are tracked through the system until they are shipped, and an

invoice has been generated. Workrite uses Syteline for this portion of order management. Order information is imported into Oracle, which is used for financial tracking. When payment is received, it is noted in Oracle and the order is marked as complete.

- L. Workrite commits to
 - \$25,000 in year one
 - \$25,000 in year two
 - \$25,000 in year three

- M. Workrite agrees to respond as stated, except where a contract is already established, and the customer is required to utilize that contract.

Exhibit F
Federal Funds Certifications

FEDERAL CERTIFICATIONS
ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302-6305:

- (a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;
- (b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.
- (c) The term does not include:
 - (1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or
 - (2) An agreement that provides only:
 - (i) Direct United States Government cash assistance to an individual;
 - (ii) A subsidy;
 - (iii) A loan;
 - (iv) A loan guarantee; or
 - (v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non-Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

- (a)(1) The Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or
- (2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.
- (b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.
- (c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).
- (d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non-Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

- (a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
- (b) Is not organized primarily for profit; and
- (c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non-Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

Pass-through entity means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is \$250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at [52.204-26](#), Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at [52.212-3](#), Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at [52.204-26](#), or in paragraph (v)(2)(ii) of the provision at [52.212-3](#).

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause [52.204-25](#), Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that—

(1) It will, will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It does, does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer.

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020).

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR [4.2104](#).

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR [4.2104](#). This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements;
or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) *Reporting requirement.*

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at <https://dibnet.dod.mil>. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at <https://dibnet.dod.mil>.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

The following certifications and provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Agency expends federal funds, the Participating Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of \$10,000)

Pursuant to Federal Rule (B) above, when a Participating Agency expends federal funds, the Participating Agency reserves the right to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when a Participating Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

Does offeror agree to abide by the above? YES _____  Initials of Authorized Representative of offeror

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Agency resulting from this procurement process.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA)

Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the Executive Office of the President Office of Management and Budget (OMB) guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals

becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Agency.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

RECORD RETENTION REQUIREMENTS FOR CONTRACTS INVOLVING FEDERAL FUNDS

When federal funds are expended by Participating Agency for any contract resulting from this procurement process, offeror certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The offeror further certifies that offeror will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

CERTIFICATION OF ACCESS TO RECORDS – 2 C.F.R. § 200.336

Offeror agrees that the Inspector General of the Agency or any of their duly authorized representatives shall have access to any documents, papers, or other records of offeror that are pertinent to offeror's discharge of its obligations under the Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to offeror's personnel for the purpose of interview and discussion relating to such documents.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

CERTIFICATION OF APPLICABILITY TO SUBCONTRACTORS

Offeror agrees that all contracts it awards pursuant to the Contract shall be bound by the foregoing terms and conditions.

Does offeror agree? YES _____  Initials of Authorized Representative of offeror

Offeror agrees to comply with all federal, state, and local laws, rules, regulations and ordinances, as applicable. It is further acknowledged that offeror certifies compliance with all provisions, laws, acts, regulations, etc. as specifically noted above.

Offeror's Name: Workrite Ergonomics LLC

Address, City, State, and Zip Code: 2277 Pine View Way, Suite 100, Petaluma, CA 94954

Printed Name and Title of Authorized Representative: Donna Bobalek, National Government Contract Manager

Email Address: dbobalek@workriteergo.com

Signature of Authorized Representative:  Date: 6/24/2022

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

“Contract” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the “Master Agreement”.

“Contractor” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as “Supplier” or “Awarded Supplier”.

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a “financial interest” to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an “apparent” conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency (“NFE”) must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE’s may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE’s written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE’s employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security’s regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws
- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

Version April 12, 2022

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. REMEDIES

- a. Standard. Contracts for more than the simplified acquisition threshold, currently set at \$250,000, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. See 2 C.F.R. Part 200, Appendix II(A).
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

2. TERMINATION FOR CAUSE AND CONVENIENCE

- a. Standard. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

- a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R.

§ 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

- i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a “federally assisted construction contract” as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.
- ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines “construction work” as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

- a. Standard.** All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.
- b. Applicability.** The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.
- c. Requirements.** If applicable, the non-federal entity must do the following:
 - i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
 - ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti-Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person

employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

- iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

- a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.
- b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.
- c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

- a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").
- b. Applicability. This requirement applies to all contracts for construction or repair work above \$2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.
- c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

- a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

- a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.
- b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of \$100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in suchworkweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation

of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

- a.** Standard. If the FEMA award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).
- b.** Applicability. This requirement applies to “*funding agreements*,” but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of “funding agreement.”
- c.** Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

- a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).
- b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of \$150,000 under a federal grant.
- c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

- a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and*

Suspension (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.
- c. Requirements.
 - i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.
 - ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.
 - iii. Specifically, a covered transaction includes the following contracts for goods or services:
 - 1. The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
 - 2. The contract requires the approval of FEMA, regardless of amount.
 - 3. The contract is for federally-required audit services.
 - 4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.
- d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2

C.F.R. § 180.935).

- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

- a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of \$100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.
- c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

- d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, Workrite Ergonomics, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Date

11. PROCUREMENT OF RECOVERED MATERIALS

- a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.
- b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.
- c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- d. Suggested Language.
 - i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—
 1. Competitively within a timeframe providing for compliance with the contract performance schedule;
 2. Meeting contract performance requirements; or
 3. At a reasonable price.
 - ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.
 - iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.”

12. ACCESS TO RECORDS

- a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or ComptrollerGeneral.

Access to Records. The following access to records requirements apply to this contract:

- i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.
- ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
- iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.
- iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

13. CHANGES

- a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.
- b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

14. DHS SEAL, LOGO, AND FLAGS

- a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1(2018).
- b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.
- c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

15. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

- a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.
- b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.
- c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

16. NO OBLIGATION BY FEDERAL GOVERNMENT

- a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.
- b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.
- c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

17. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

- a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.
- b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.
- c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

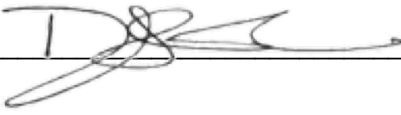

Offeror's Name: Workrite Ergonomics

Address, City, State, and Zip Code: 2277 Pine View Way, Suite 100, Petaluma, CA 94954

MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE
CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): “The term “legislative leadership committee” means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”

33 WEST STATE STREET, P.O. BOX 230 TRENTON, NEW JERSEY 08625-0230

BID SOLICITATION # AND TITLE: 22-10 Ergonomic Workplace Solutions

VENDOR NAME: Workrite Ergonomics

Pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) any person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract must certify that neither the person nor entity, nor any of its parents, subsidiaries, or affiliates, is identified on the New Jersey Department of the Treasury's Chapter 25 List as a person or entity engaged in investment activities in Iran. The Chapter 25 list is found on the Division's website at <https://www.state.nj.us/treasury/purchase/pdf/Chapter25List.pdf>. Vendors/Bidders must review this list prior to completing the below certification. If the Director of the Division of Purchase and Property finds a person or entity to be in violation of the law, s/he shall take action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

CHECK THE APPROPRIATE BOX

I certify, pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4), that neither the Vendor/Bidder listed above nor any of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List of entities determined to be engaged in prohibited activities in Iran.

OR

I am unable to certify as above because the Vendor/Bidder and/or one or more of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List. I will provide a detailed, accurate and precise description of the activities of the Vendor/Bidder, or one of its parents, subsidiaries or affiliates, has engaged in regarding investment activities in Iran by completing the information requested below.

Entity Engaged in Investment Activities
Relationship to Vendor/ Bidder
Description of Activities

Duration of Engagement
Anticipated Cessation Date

**Attach Additional Sheets If Necessary.*

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I may be subject to criminal prosecution under the law, and it will constitute a material breach of my contract(s) with the State, permitting the State to declare any contract(s) resulting from this certification void and unenforceable.

**NEW JERSEY BUSINESS REGISTRATION CERTIFICATE
(N.J.S.A. 52:32-44)**

Offerors wishing to do business in New Jersey must submit their State Division of Revenue issued Business Registration Certificate with their proposal here. Failure to do so will disqualify the Offeror from offering products or services in New Jersey through any resulting contract.

<https://www.njportal.com/DOR/BusinessRegistration/>

Taxpayer Identification# 981-318-097/001

Dear Business Representative:

Congratulations! You are now registered with the New Jersey Division of Revenue.

Use the Taxpayer Identification Number listed above on all correspondence with the Divisions of Revenue and Taxation, as well as with the Department of Labor (if the business is subject to unemployment withholdings). Your tax returns and payments will be filed under this number, and you will be able to access information about your account by referencing it.

Additionally, please note that State law requires all contractors and subcontractors with Public agencies to provide proof of their registration with the Division of Revenue. The law also amended Section 92 of the Casino Control Act, which deals with the casino service industry.

We have attached a Proof of Registration Certificate for your use. To comply with the law, if you are currently under contract or entering into a contract with a State agency, you must provide a copy of the certificate to the contracting agency.

If you have any questions or require more information, feel free to call our Registration Hotline at (609)292-9292.

I wish you continued success in your business endeavors.

Sincerely,

James J. Fruscione
Director

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: 22-10 VENDOR/BIDDER: Workrite Ergonomics

VENDOR'S/BIDDER'S REQUIREMENT
TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS
AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

The Vendor/Bidder has no business operations in Northern Ireland; or

OR

The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of my agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

Print Name and Title

Qualification and Experience

- i. Workrite Ergonomics is an internationally recognized leader in the design, manufacture, and distribution of innovative ergonomic products for the workplace. Since 1991, Workrite has set the standard for ergonomic office products including adjustable height work centers, keyboard platform systems and flat panel monitor support systems. Workrite's designers and engineers incorporate modern design techniques, the latest technologies, and the highest quality specifications in the industry. Workrite products can be easily adapted to meet the needs of virtually anyone making them the smart investment for today's businesses, universities, and colleges. Our products are designed to provide a more comfortable work and educational experience and every Workrite product is designed with the direct input of the ergonomics community, ensuring they not only perform complex functions to enhance user comfort and productivity, but are also intuitively simple to use.

As the industry has grown, so has Workrite. From supplying keyboard platforms, when the company was founded, to currently providing a full line of ergonomic desk products, including height adjustable desks, desktop height adjustable options, monitor mounts, adjustable keyboard platforms, task lighting, ergonomic accessories, and classroom/training desks, Workrite is able to fit every person's ergonomics needs.

Workrite currently had a GSA contract, a Canadian Federal Supply Agreement, various State contracts, including CMAS, and contracts with three University systems, including the University of California.

Workrite's corporate headquarters are located in Petaluma, California. We also have a location in Toronto, Ontario.

- ii. Workrite's reputation in the marketplace is stellar. Our current lead times are industry leading. Our Customer Service and Representatives/ Dealer Partners are best in class.

Workrite's Dealer Partners, whether small or large, are a vital component of our business. They are the face of the company to many customers. Our Dealers provide many services to our customers, such as designing spaces, specifying products, placing orders, installation, and warranty services. Our Dealer Partners work directly with our Representatives and National Sales Manager, and often partner when meeting with the customer, to provide best in class service. With our dealer network, we are able to service and supply all regions of the US and Canada. Workrite's Dealer Partners are trained on our ergonomic products and are able to share this knowledge with the customer, providing ergonomic advice/assessments, training to the customer on how to use their products, and best ergonomic practices whether or not they are using ergonomic furniture.

- iii. Workrite's product and service reputation in the marketplace is stellar, as well as innovative. Workrite has been engineering and producing keyboard systems since the founding our company in 1991, bringing innovation and ease of use to this section of ergonomic products.

Our Sierra Line of height adjustable desk bases is so reliable we offer a lifetime warranty. There is no other height adjustable base in the industry with such a warranty. Workrite just launched its Sentinel Line, which includes height adjustable, fixed height, and pin height adjustable bases. Sentinel height adjustable bases use a brushless motor and is the first of its kind in the industry. Our Line of Sight technology class room/training desks provide extremely reliable service to provide dual use and security in classrooms and training areas. Line of Sight is one of the top innovative products in the educational section of ergonomics.

Teaming with our Dealer Partners allows Workrite to be flexible when offering services. Customers have the ability to work with dealerships they know and trust and also have direct contact with Workrite Representatives. This combination of service allows Workrite to offer best in class service with our reliable and innovative product lines.

- iv. The key employees for a resulting contract would be our Vice President of Commercial, Jeff Schneider, our National Sales Manager, Courtney Engberg-Hulse, and our National Contract Manager, Donna Bobalek.

Jeff is an accomplished commercial leader, with experience at the startup, mid-size and Fortune sized companies. His record of smart growth is rooted in experiences, lessons learned, and a deep curiosity of customer needs and biases. As part of his relentless pursuit of growth, Jeff is “respectfully persistent”, doing what it takes to get profitable results. During Jeff’s recent roles at Acuren, BrandSafway and Honeywell, he led initiatives that connected cross functional teams with customers to achieve organic and inorganic growth. With BrandSafway, he led the successful go-to-market strategy and execution of the largest merger in the industry’s history at \$5 billion in annual revenue. While at Honeywell, he immersed with key customers to internalize the value drivers of major buyers. As a result, Jeff delivered breakthroughs in customer service, performance metrics, and demand creation that resulted in a dual path of growth: new account penetration and product bundling.

Jeff’s academic and career experience includes the following:

VP of Commercial, Workrite

Commercial Leader, Acuren (industrial services provider)

Growth Leader, BrandSafway (commercial construction and industrial services provider)

Director of Vertical Markets, Honeywell

President, Matrix Solutions (startup company)

Director of Strategy and Business Development, Owens Corning

Courtney is an Interior Designer by trade and heart. She is an experienced Sales Representative with a demonstrated history of working in the design industry. Courtney entered her career at Workrite as a Territory Manager. She was promoted to Regional Manager due to her stellar leadership style and then promoted to National Sales Manager two years ago. Courtney will be taking on the leadership roll of sole National Sales Director upon the retirement of our current Sales Director at the beginning of July 2022. Courtney is

a strong operations professional skilled in Furnishings, AutoCAD, and budgeting. She is a NCIDQ license holder and a certified ergonomics assessment specialist.

Donna has been in contracting since 1989, beginning her career with the Federal Government as a Contracting Officer's Representative. She joined ISE (now Workrite Ergonomics Canada) in 2012 and was one of a handful of employees that transitioned to Workrite when ISE was acquired and became Workrite Ergonomics Canada. Donna provides full contract negotiations/administration for Workrite and Workrite Canada. This includes 2 GSA contracts, Navy BPA, Canadian Federal Supply Agreement, 15 State contracts, various University and County contracts, and 4 cooperative contracts. Donna provides contract information and compliance training to Workrite's Representatives and Dealer Partners. She is Workrite's representative at NAEP, NIGP, and other educational and government events.

- v. Workrite has held a GSA contract since 2006 and hold contracts with the States of Alabama, Arizona, California (CMAS), Connecticut, Florida, Georgia, Kentucky, Massachusetts, New York, North Carolina, South Carolina, Utah, and Wisconsin, the Counties of Santa Clara and Los Angeles, and the Universities of California, Alabama, and Auburn. Workrite holds a contract with both New Jersey and South Carolina Department of Corrections and an award is pending for a State of Pennsylvania. Workrite is well versed in contract requirements and reporting needs. Workrite has negotiated several Blanket Purchase Agreements with smaller counties who found it would be advantageous to work with Workrite but were not able to commit to a contract.
- vi. Workrite has not had a bankruptcy, reorganization, or State investigation of itself or its current officers or directors. As a result of an anonymous complaint in 2016, the US Government initiated an investigation into Workrite's GSA contract. The matter has been resolved. Workrite did not acknowledge any wrongdoing and no specific finding of wrongdoing was made.
- vii. References - See Tab 4-a
- viii. Workrite does not anticipate Public Agencies signing a service agreement.
- ix. Many of Workrite's Dealer Partners are small businesses. Many of these small businesses are also women and/or veteran owned.

Value Add

- Installation and training videos on ergonomic instruction and product usage are available on Workrite's website.
- Product training can be provided at product installation by our Dealer Partners.
- Representatives and Dealer Partners will collaborate and host an ergonomics learning session for customers and potential customers.
- Demo products are available on a trial basis to allow customers and potential customers to evaluate products.
- Workrite will host an ergonomic lab in a Dealer Partner location or customer/potential customer location to allow customers and their employees to evaluate workstations and various types of products within a product line.
- Workrite's Design Team will provide renderings and layouts for projects. Quotes can be provided in CAP and CET for easy of order placement.
- Workrite's Field Service Team is available to troubleshoot product issues over the phone. Many issues can be solved during this time.
- The Field Service Team and Customer Service are able to provide product education over the phone for customers that are experiencing issues with using their products.

ACKNOWLEDGMENT AND ACCEPTANCE
OF REGION 4 ESC's OPEN RECORDS POLICY

OPEN RECORDS POLICY

All proposals, information and documents submitted are subject to the Public Information Act requirements governed by the State of Texas once a Contract(s) is executed. If an Offeror believes its response, or parts of its response, may be exempted from disclosure, the Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt and include detailed reasons to substantiate the exemption. Price is not confidential and will not be withheld. Any unmarked information will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

Signature below certifies complete acceptance of Region 4 ESC's Open Records Policy, except as noted below (additional pages may be attached, if necessary).

Check one of the following responses to the Acknowledgment and Acceptance of Region 4 ESC's Open Records Policy below:

- We acknowledge Region 4 ESC's Open Records Policy and declare that no information submitted with this proposal, or any part of our proposal, is exempt from disclosure under the Public Information Act.
- We declare the following information to be a trade secret or proprietary and exempt from disclosure under the Public Information Act.

(Note: Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, Offeror must include detailed reasons to substantiate the exemption(s). Price is not confidential and will not be withheld. All information believed to be a trade secret or proprietary must be listed. It is further understood that failure to identify such information, in strict accordance with the instructions, will result in that information being considered public information and released, if requested under the Public Information Act.)

6 UNSWORN DECLARATION

My name is Donna Bobalek, and my date of birth is 12/23/1967.

My address is 1405 DeSale St SW, Vienna, VA, 22180, US.
(street) (city) (state) (zip code) (country)

I declare under penalty of perjury that the foregoing is true and correct.

Executed in Fairfax County, State of Virginia, on the 25th day of June, 2022.
(month) (year)

Signature of authorized agent of contracting business entity
(Declarant)

Texas Government Code 2270 Verification Form

House Bill 89 (85R Legislative Session), which adds Chapter 2270 to the Texas Government Code, provides that a governmental entity may not enter into a contract with a company without verification that the contracting vendor does not and will not boycott Israel during the term of the contract.

Furthermore, Senate Bill 252 (85R Legislative Session), which amends Chapter 2252 of the Texas Government Code to add Subchapter F, prohibits contracting with a company engaged in business with Iran, Sudan or a foreign terrorist organization identified on a list prepared by the Texas Comptroller.

I, Donna Bobalek, as an authorized representative of

Workrite Ergonomics, a contractor engaged by

Insert Name of Company

Region 4 Education Service Center, 7145 West Tidwell Road, Houston, TX 77092, verify by this writing that the above-named company affirms that it (1) does not boycott Israel; and (2) will not boycott Israel during the term of this contract, or any contract with the above-named Texas governmental entity in the future.

Also, our company is not listed on and we do not do business with companies that are on the Texas Comptroller of Public Accounts list of Designated Foreign Terrorists Organizations found at <https://comptroller.texas.gov/purchasing/docs/foreign-terrorist.pdf>.

I further affirm that if our company's position on this issue is reversed and this affirmation is no longer valid, that the above-named Texas governmental entity will be notified in writing within one (1) business day and we understand that our company's failure to affirm and comply with the requirements of Texas Government Code 2270 et seq. shall be grounds for immediate contract termination without penalty to the above-named Texas governmental entity.

I swear and affirm that the above is true and correct.
